

# Vanilla

## By Holly Gooch

A big screen tele  
In a media room  
A chandelier  
In the foyer  
Shiny surfaces  
Tall glass walls  
Your beige colour scheme  
Just makes me want to scream -

*I don't need to upsize*  
*I don't want your insights*  
*I'm happy with my shaggy life*  
*Don't wanna be vanilla*

Faux rustic, faux country, faux urban chic  
Billing by the minute sixty hours a week  
An addiction to kitchen appliances  
A spreadsheet for your finances  
A gym membership  
An overseas trip  
The lifestyle that you're leading is so aspirational  
But there ain't nothing there to be inspirational

*I don't need to upsize*  
*I don't want your insights*  
*I'm happy with my shaggy life*  
*Don't wanna be vanilla*

I'm gonna keep that minute and I'm gonna keep that dollar  
I'm gonna keep that minute and I'm gonna keep that dollar  
Don't wanna be vanilla  
Don't wanna be vanilla
