

Raphael Hu's Publication List

1. Shaoning Pang, Ilkka Havukkala, Yingjie Hu, and Nikola Kasabov "Bootstrapping Consistency Method for Optimal Gene Selection from Microarray Gene Expression Data for Classification Problems " a chapter in: *Machine Learning in Bioinformatics*, Y. Zhang and J. Rajapakse, (Eds.), John Wiley & Sons, 2007, in print.
2. Yingjie. Hu, Shaoning Pang, and I. Havukkala, "A Novel Microarray Gene Selection Method based on Consistency," Proc. of the 6th International Conference on Hybrid Intelligent Systems (HIS'06) and 4th Conference on Neuro-Computing and Evolving Intelligence (NCEI'06), Auckland, 2006, IEEE Computer Society Press, pp. 56-61
3. Yingjie Hu, Shaoning Pang, and I. Havukkala, "Gene selection in terms of performance based on consistency," Proceeding of the 1st Korean-New Zealand Workshop on Advance Computational Intelligence Methods and Applications, KEDRI-Auckland University of Technology, New Zealand, 2006.
