

PART B SPECIFIC PROGRAMME ADMISSION

Admission to Bachelor's Degrees

Notwithstanding the requirements stated above, the University will consider applicants who present combinations of results from NCEA, CIE and IB for admission into open and restricted entry programmes. This includes combinations meeting literacy and numeracy requirements.

In addition to meeting the common University Entrance Standard, applicants for entry into some bachelor's degree programmes will be required to meet additional entry requirements¹ (other evidence such as a portfolio, an interview, a curriculum vitae, audition, references or a police clearance may also be required). This evidence will be used to determine the applicant's suitability for the programme. Preferred subject requirements may also be specified. Applicants may be interviewed in order to establish their potential to pursue the programme to a successful conclusion and/or, where applicable, to determine whether they have the attributes necessary for professional practice in the area.

Because of restrictions on funded student places and in some cases specialised work spaces or clinical placements, there will be a limitation on the number of students who can be enrolled in undergraduate programmes. The following overarching criteria will apply:

- Applicants must apply for a place before closing dates which can be found in individual programme study guides and on the University website.
- Applications received after the specified closing dates will be given reduced priority in consideration for a place in a programme and/or paper.
- Where the number of applicants for a place in a programme or course exceeds the approved number of available places, selection will normally be based on academic merit and in accordance with criteria that have been approved by the boards of studies.
- In those cases where the scholastic record is insufficient, e.g. for some applicants applying under Discretionary Entrance or Special Admission, other criteria such as evidence of accomplishments in the relevant field, employment history, academic preparedness (including English language or literacy) will be taken into account. Account will also be taken of the University's equity objectives.

The following table indicates where there are additional programme entry and selection requirements. Further details on specific selection criteria or processes for limited entry programmes or papers will be available from the faculty or department concerned.

¹ Note: Additional subjects and preferred subjects refer to NCEA subject titles. Applicants without NCEA subjects may be required to provide evidence of equivalence.

The General Academic Regulations

Bachelor's degrees with additional entry requirements and/or selection criteria

In the following table, unless otherwise specified, reference to any subject represents:

- **NCEA:** at least 14 credits in [the subject] at level 3 (or level 2 where stipulated);
- **CIE:** a D grade or better in [the subject] at AS or A level;
- **IB:** a grade of 4 or better in [the subject].

Lists A, B and C refer to the following groups of subjects:

List A: Classical Studies, Drama, English, Geography, Health Education, History, History of Art, Media Studies, Social Studies, Te Reo Māori or Te Reo Rangatira

List B: Biology, Chemistry, Earth and Space Science, Physics, Science

List C: Calculus, Mathematics, Statistics

Rank Score (also known as Academic Score) may be used by some programmes to determine academic achievement for selection purposes. The score is calculated by multiplying a student's best 80 NCEA credits at level 3 by weightings given to the level of achievement (achieved, merit or excellence) for those credits. Different calculations and scores apply for CIE and IB results. See <http://www.aut.ac.nz/study-at-aut/entry-requirements/admission-to-bachelors-degrees/additional-requirements-and-selection-criteria> for details.
