POSTGRADUATE PROGRAMME ADMINISTRATOR (D-75)  
SCHOOL OF COMPUTING & MATHEMATICAL SCIENCES  
AUT UNIVERSITY. Private Bag 92006, AUCKLAND 1142

Papers	Expected Prior Knowledge / Experience	Paper coordinators / Lecturers	Tick
408203 Net Centric Computing		Dr Nurul Sarkar	
408206 Collaborative Computing	Preferably completed 408220	Dr Tony Clear	
408207 Ubiquitous Computing		Dr Dave Parry	
408208 IT Strategy & Policy		Dr Robert Wellington	
408215 Bioinformatics		Prof Nikola Kasabov	
408220 Research Methods 1		Dr Phil Carter	
408221 Research Methods 2	Formal pre -requisite 408220	Dr Russel Pears Dr Robert Wellington	
409217 Data Warehousing	SQL knowledge	Shoba Tegginmath	
409220 Software Requirements Engineering		Dr Andy Connor	
409225 Nature Inspired Computing	Programming experience	Prof Ajit Narayanan	
409227 Multimedia Signal Processing		Prof Alvis Fong	
409231 AutoIdentification & RFID		Dr Dave Parry	
MCIS Thesis 120 points or 90 points	Completed 120 (or 150) points of course work papers including 408221. A PG1 submitted. Subject to approval by PL/HoS.		
BCIS (Hons) Dissertation 45 points	Completed 75 points of course work papers including 408220. A PG1 submitted. Subject to approval by PL/HoS.		

NOTES: 1. Each paper is 15 points. Please remember that your enrolment in a paper may not be approved until you have met the enrolment requirements as stated in the table above. 2. Timetabling and availability of classes are subject to change, please refer to Arion for the latest timetable. 3. Change of enrolment prior to the start of the semester. Students are not usually permitted to change their enrolment once a paper has commenced. However, in exceptional circumstances, and if there is space, students may request a change and should contact the Postgraduate programme administrator. Such changes may incur the fee as outlined in AUT's Enrolment Guide for Students.
