Shaoning Pang’s Publications

Journal Paper Publications

Seiichi Ozawa, Soon Toh, Shigeo Abe, Shaoning Pang and Nikola Kasabov (2005), Incremental Learning for Online Face Recognition, Neural Network, August 2005.

Shaoning Pang, D. Kim, S. Y. Bang (2005), Face Membership Authentication Using SVM Classification Tree Generated by Membership-based LLE Data Partition, IEEE Trans. on Neural Network, 16(2) 436-446.

Shaoning Pang, Jiegu Li, Jie Yang (2001), The research on procedure of knowledge presentation using image stripe feature in pattern discovery, ACTA AUTOMATICA SINICA, Vol. 27, No. 1. pp. 31-38.

Lecture Notes Publications

Conference Publications

N. Kasabov and Shaoning Pang (2003), Transductive Support Vector Machines and Applications in Bioinformatics for Promoter Recognition, International Conference on Neural Network & Signal Processing, Nangjing, China. (IEEE ICNNSP Best Paper Award)

Shaoning Pang, Jiegu Li (2000), The research of noise robust multi-resolution object template matching, IEEE Asia Control Conference (ASCC).

Shaoning Pang, Jiegu Li (1999), The Design of Object-oriented Multimedia Videotext Platform, Digital Communication..
