## b. Usage by Item

Note: It's not clear what "Unique Pageviews" exactly is, but given the context it most likely means number of views from different addresses. Thus it would eliminate the issue of a Library staff member or an author repeatedly viewing one item.

Note: Pageviews is **not** the same as downloads of the associated pdf. For that we need the DSpace internal statistics. However Pageviews is a valid measure of an item's popularity.
