

BE (Hons) Architectural Engineering (AK3751)

Study Plan 2025

This (old structure) Study Plan applies only to students who began the BE Hons programme prior to 2024. Please refer to the new (refreshed) Study Plan if you are a student who started 2024 onwards.

Notes:

- Once you have made your selections, go to MyAUT to complete your enrolment.
- S1 = Semester 1, S2 = Semester 2, SS = Summer School.
- Pre-requisite papers are shown in brackets after each paper. **Please ensure you have completed all necessary pre-requisite courses before you enrol for a course.**
- For enrolment queries or issues, please email your Academic Administrator (e: engineer@aut.ac.nz).
- Course level** is the first digit of the numeric part of the alphanumeric code (E.g., ENGE500 is a level 5 course).

YEAR 1 (for students who commenced BE Hons studies prior to 2024)		
ENGE500	Introduction to Sustainable Engineering Design	S1
ENGE501	Engineering Mathematics I	S1
ENME502	Engineering Materials I	S2
ENSE504	Introduction to Computing	<i>Discontinued</i> Enrol in COMP500 Programming Concepts and Techniques (S1, S2, SS) instead if repeat is required
ENEL515	Electrical Principles A	<i>Discontinued</i> - If failed ENEL515 or ENEL516, take ENGE504 Electrical Engineering Fundamentals (S1 or S2) - If failed both ENEL515 and ENEL516, take ENGE504 (S1) and ENEL500 Analogue Devices and Systems (S2)
ENEL516	Electrical Principles B	
ENME510	Mechanical Principles A	<i>Discontinued</i> - If failed ENME510 or ENME511, take ENGE503 Engineering Mechanics (S1) - If failed both ENME510 and ENME511, take ENGE503 (S1) and ENME500 Introduction to Thermofluids and Energy (S2)
ENME511	Mechanical Principles B	

YEAR 2		
ENGE601	Engineering Mathematics II (ENGE501)	S1
ENBU600	Construction Materials (ENME502)	S1
ENBU603	Introduction to Building Construction	S1
ENME609	Solid Mechanics I	<i>Discontinued</i> Enrol in ENBU613 Mechanics of Construction Materials (S1) if repeat is required (ENGE501, ENME502, ENME510 or ENGE503)
ENBU601	Introduction to Structural Engineering (ENME609 or ENBU613, ENBU600)	S2
ENBU602	Quantity Surveying	S2
ENBU604	Construction Engineering Management I	<i>Discontinued</i> Enrol in ENGE600 Engineering Management I (S2) if repeat is required
ENME602	Engineering Design Methodology	S2

YEAR 3 (students must have completed all Year 1 papers)

ENBU700	Architectural Design and Sustainability (ENBU600, ENBU603)	S1	ENEL615 <i>To be replaced in 2026 with</i> ENBU720	Illumination Engineering Illumination and Acoustic Engineering	S2
ENBU701	Geotechnical Engineering (ENBU603)	S1	ENBU704	Heating, Ventilation and Air-conditioning Systems (HVAC)	S2
ENBU702	Structural Analysis (ENBU601, ENGE601)	S1	ENBU708	Construction Engineering Management II (ENGE600 or ENBU604)	S2
ENBU703	Architecture and Design Development I (ENBU600, ENBU603)	S1	ENGE702	Engineering Mathematics III (ENGE601)	S2

YEAR 4 (students must have completed all Year 1 and Year 2 papers)

ENBU891	Industrial Project Part A (ENBU700, ENBU701, ENBU702, ENBU703)	S1 or S2	ENBU892	Industrial Project Part B (ENBU700, ENBU701, ENBU702, ENBU703)	S1 or S2
ENBU800	Structural Engineering Design (ENBU702)	S1	ENBU804	Building Construction II (ENBU603)	S2
ENBU803	Architecture and Design Development II (ENBU700, ENBU703 and ENBU708)	S1	ENBU801	Structural Dynamics (ENBU702)	S2
ENBU802	Architectural Systems (ENBU700, ENBU703 and ENBU708)	S1	General Elective*	any level 5 or above paper offered within the university	S1 or S2

Plus: completion of **ENGE888 Engineering Work Experience** (enrol in either S1 or S2)

- No fees or credits are attached to this course
- Must be completed in order to graduate
- Send the **approval form** to the Work Experience Coordinator (dat.doan@aut.ac.nz) for your work to be considered/approved prior to commencement of work
- Complete 800 hours of work
- Submit a 4500 - 5000 word report through Canvas (email engineer@aut.ac.nz when you are ready to submit the report so you can be enrolled or if you have any questions)

* A **General Elective** is any Level 5 paper or above within the university. Students can choose a **General Elective** from this link and get approval from the respective school the course belongs to, before informing us to be enrolled.
