The Symbol – Te Tohu

The Auckland University of Technology symbol shape is reminiscent of a Māori taiaha, which is symbolic of forging new ways.

The upper part represents European heritage. It contains a stylised 'A' which stands for 'Auckland and educational excellence'. The 'A' is made up of two stylised hands which represents the hands-on vocational history of the University.

The interlocking of the upper and lower shapes is representative of electronics and the future.

The lower part represents Māori heritage with stylised designs representing the three baskets of knowledge.

Glossary

Course of Study Sequence of courses taken by a student within one or more qualifications. (See also Programme)

Coursework Postgraduate courses other than a thesis or dissertation.

Diploma A qualification at the undergraduate, or non-degree level, with a total value of not less than 120 points (1 EFTS).

Doctoral Degree An advanced postgraduate qualification, typically of 360 points, that requires an original contribution to knowledge.

The results from the four parts then produce an Overall Band Score. All parts of the test and the Overall Band Score can be reported in whole and half bands. Applicants must normally have taken the IELTS test within two years of their application to a programme.

The University offers the AUT Academic English Course (AUT AE) which is recognised for English language proficiency.

The University also recognises other English language tests as stated on the University [website](#). The English language requirements for all of the programmes offered by the University are specified in terms of the grading scale used for the IELTS test.

Note: IELTS must be used to demonstrate English language proficiency for entry to those programmes where professional bodies require IELTS to be used as the only measure of English language proficiency (e.g. clinical health sciences programmes).

Part B Specific Programme Admission

Admission to Bachelor's Degrees

Notwithstanding the requirements stated above, the University will consider applicants who present combinations of results from NCEA, CIE and IB for admission into open and restricted entry programmes. This includes combinations meeting literacy and numeracy requirements.

In addition to meeting the common University Entrance Standard, applicants for entry into some bachelor's degree programmes will be required to meet additional entry requirements¹ (other evidence such as a portfolio, an interview, a curriculum vitae, audition, references or a police clearance may also be required). This evidence will be used to determine the applicant's suitability for the programme. Preferred subject requirements may also be specified. Applicants may be interviewed in order to establish their potential to pursue the programme to a successful conclusion and/or, where applicable, to determine whether they have the attributes necessary for professional practice in the area.

Because of restrictions on funded student places and in some cases specialised work spaces or clinical placements, there will be a limitation on the number of students who can be enrolled in undergraduate programmes. The following overarching criteria will apply:

- Applicants must apply for a place before closing dates which can be found in individual programme study guides and on the University website.
- Applications received after the specified closing dates will be given reduced priority in consideration for a place in a programme and/or course.
- Where the number of applicants for a place in a programme or course exceeds the approved number of available places, selection will normally be based on academic merit and in accordance with criteria that have been approved by the boards of studies.
- In those cases where the scholastic record is insufficient, e.g. for some applicants applying under Discretionary Entrance or Special Admission, other criteria such as evidence of accomplishments in the relevant field, employment history, academic preparedness (including English language or literacy) will be taken into account. Account will also be taken of the University's equity objectives.

The following table indicates where there are additional programme entry and selection requirements. Further details on specific selection criteria or processes for limited entry programmes or courses will be available from the faculty or department concerned.

Note: Additional subjects and preferred subjects refer to NCEA subject titles. Applicants without NCEA subjects may be required to provide evidence of equivalence.

BACHELOR'S DEGREES WITH ADDITIONAL ENTRY REQUIREMENTS AND/OR SELECTION CRITERIA

In the following table, unless otherwise specified, reference to any subject represents:

- NCEA: at least 14 credits in [the subject] at level 3 (or level 2 where stipulated);
- CIE: a D grade or better in [the subject] at AS or A level;
- IB: a grade of 4 or better in [the subject].

Lists A, B and C refer to the following groups of subjects:

List B: Biology, Chemistry, Earth and Space Science, Physics, Science

List C: Calculus, Mathematics, Statistics

Rank Score (also known as Academic Score) may be used by some programmes to determine academic achievement for selection purposes. The score is calculated by multiplying a student's best 80 NCEA credits at level 3 by weightings given to the level of achievement (achieved, merit or excellence) for those credits. Different calculations and scores apply for CIE and IB results. See [website](#) for details.

10 Mediation

10.1 Mediator Selection

- (a) All parties involved in the complaint will be asked to agree on a mediator. If the parties cannot agree, the Vice-Chancellor will nominate an appropriate Mediator from the list of Early Resolution Mediators.
- (b) Parties will be informed if the Vice-Chancellor decides that an external mediator be engaged to mediate a complaint, and the reasons for that decision. As soon as an external mediator is appointed, parties will be informed of that person's name and background.

10.2 Setting Up Mediation

- (a) Once a mediator has been appointed, he or she will contact the parties to introduce him or herself, explain their role and arrange the mediation date, time and venue.

- (b) Initially, the mediator will talk separately with all parties to find out their individual view of the complaint and discuss their commitment to the mediation process. This will enable the mediator to assess whether pre-mediation meetings are required with the parties separately or whether a mediation session can be arranged straight away.
- (c) On occasion, the mediator may decide that shuttle mediation will take place. Shuttle mediation is where the parties talk to each other through the mediator but do not meet face-to-face. The mediator will decide whether shuttle or “round-table” mediation is the most appropriate form of mediation for the particular conflict.
- (d) The mediator will arrange a date, time and venue for pre-mediation interviews and/or the mediation session.
- (e) The Vice-Chancellor and the University and the mediator will provide all the assistance they can so that the mediation session can be arranged promptly and efficiently.
- (f) All parties to the mediation will be expected to Co-operate fully with the mediator so that a mediation session can be arranged as soon as possible
- (g) All parties to the mediation must keep confidential any statement, admission, information or documentation (“information”) disclosed in the course of the mediation and they shall not use such information for any other purposes including any future Discipline Committee hearing.

10.3 Parties’ Conduct in Mediation

In order to successfully participate in a mediation session parties should approach the mediation with an open mind, being prepared to listen to what the other party/parties has to say. Parties must be willing to accept the role of the mediator as director of proceedings.

10.4 Mediation Report

- (a) At the conclusion of a mediation the mediator will complete a mediation report.
- (b) A mediation report will include the following information:
 - (i) The names of the parties
 - (ii) The date the mediation took place
 - (iii) The name of the mediator
 - (iv) The mediation venue
 - (v) In broad terms, the nature of the complaint and the issues in dispute
 - (vi) Details of any agreement reached between the parties
 - (vii) Details of any issues remaining unresolved at the conclusion of the mediation
- (c) All parties and the mediator must sign the mediation report.

10.5 A copy of the report shall be given to the parties and the Vice-Chancellor. A copy of

the report is given to the Vice-Chancellor so that he or she can monitor the effectiveness of mediations generally, organise any support required for parties to make an agreement work, monitor that agreements are successful, and organise for assistance to be provided, where appropriate, to resolve any outstanding issues.

- 10.6 Where the parties agree, other related persons involved will be given a copy of the mediation report by the Vice-Chancellor. The purpose of the Vice-Chancellor providing a copy of the report to the other person/s is so that these people can provide practical support to parties to help them implement their settlement agreement or resolve outstanding issues.
 - 10.7 All these persons must keep the contents of this report confidential, unless the parties agree otherwise. Any agreement to provide a copy of the report to other persons is to be recorded by the mediator.
- 11 Discipline Committee – the people
- 11.1 A Discipline Committee shall be composed of three persons as follows:
 - (a) a nominee of AUTSA;
 - (b) a legal advisor nominated by the Vice-Chancellor;
 - (c) a nominee of the Academic Board
 - 11.2 The Vice-Chancellor shall appoint the Chair of the Committee from amongst its members.
 - 11.3 The Administrative Secretary may receive and formulate any complaints referred to the Discipline Committee by the Vice-Chancellor.
 - 11.4 The Vice-Chancellor shall provide the details of the complaint to the Administrative Secretary. Such details shall include outcome/s of any investigation, documents referred to and all other relevant material.
 - 11.5 The role of the Discipline Committee is to assist in maintaining the good order and discipline of the University through hearing and determining all complaints and imposing appropriate penalties where there has been a breach of discipline.
- 12 The Discipline Committee – the initial process
- 12.1 Where the Vice-Chancellor has referred a complaint to the Discipline Committee the process set out in Sections 12–14 below shall apply.
 - 12.2 The Administrative Secretary shall:
 - (a) ascertain the identity of the nominees, i.e. the identity of the AUTSA, Vice-Chancellor and Academic Board's nominees.
 - (b) set a date for the committee hearing – such date to be within 7 working days of the receipt of the complaint by the Discipline Committee.

- (c) prepare a notice to the student, the complainant and the committee members containing the following:
 - (i) a statement of the complaint against the student, setting out the nature of the complaint, the facts upon which the complaint is based, reference to the particular provisions of the statute that have allegedly been breached, and the potential penalties that could be imposed;
 - (ii) date, time and place of the hearing;
 - (iii) the people who will be present at the hearing;
 - (iv) the consequences of not appearing at the hearing;
 - (v) any documents or evidence relevant to the complaint including statements from witnesses and documents referred to or relied on unless it would compromise the safety of the Complainant or be against the public interest;
 - (vi) an explanation of the process that will be followed;
 - (vii) the right to representation for both parties;
 - (viii) a request that any documentary or other information to be submitted by the student be given to the Administrative Secretary at least two (2) days prior to the hearing so that it can be distributed and considered.
 - (ix) The statement in (c) (i) above should specify the matters set out so as to fully, fairly and clearly inform the student and the committee of the nature and detail of the complaint, the grounds on which it is made and the potential penalties.
 - (d) Send a copy of such notice to:
 - (i) the student
 - (ii) the committee members
 - (iii) the complainant.
 - (e) Any notice shall be deemed to have been received by the student where it has been sent to the student by registered post at their last address notified to the Academic Registry.
 - (f) In the event that further documentation is put forward, ensure that all parties (refer (d) above) have a copy as soon as possible prior to the hearing.
 - 12.3 Once the matter is referred to the Discipline Committee, if there is any member whose participation in the hearing would be inappropriate for various reasons including that of conflict of interest, that member should withdraw from participation in the hearing and a new person be appointed in their place.
 - 12.4 The student shall be informed, in the event that the complainant withdraws his or her complaint, whether the Discipline Committee will proceed with the hearing or not.
 - 12.5 The Discipline Committee may adjourn the hearing to an alternative date:

- (a) at the request of either the student or the complainant where such request is reasonable and to continue would result in an injustice to the student or the complainant;
- (b) to consider further or new evidence or to await the collection of further or new evidence.

12.6 Where the hearing is adjourned, a new date must be set at the earliest opportunity.

13 Discipline Committee – the procedure of the hearing

- 13.1 The Discipline Committee shall have the right to regulate its own process, provided that it does not act in a manner contrary to the principles of natural justice, or in breach of or contrary to the provisions of this statute.
- 13.2 The Discipline Committee shall not be bound by the rules of evidence and may hear any evidence presented as is just and equitable in the circumstances. All evidence considered shall be given the appropriate weight and relevance.
- 13.3 A guideline to the appropriate procedure is set out in Schedule A. This is a guide only and shall not be read so strictly or narrowly as to inhibit the ability of the Disciplinary Committee to regulate its own proceedings.
- 13.4 At the conclusion of the Hearing, the Committee shall reach a decision as to whether on the balance of probabilities there has been a breach of discipline.
- 13.5 If it is decided that a breach has not been proved then the complaint shall be dismissed.
- 13.6 If it is decided that a breach/s has been proved then the Committee shall make a decision as to:
 - (a) the nature of the breach;
 - (b) the penalty to be imposed.
- 13.7 In reaching a decision it is preferable that the Committee be unanimous. If, however, that is not possible then the decision of the majority will be the decision of the Committee.
- 13.8 A decision may be delivered initially orally (at the discretion of the Committee) but shall also be notified in writing.
- 13.9 The written decision of the Discipline Committee shall set out the details of the decision itself and the reason/s for that decision.
- 13.10 A copy of the written decision shall be provided to the student, the complainant, the Vice-Chancellor, and to any other person or persons that the committee considers appropriate. Further, the Discipline Committee may, if it considers it appropriate, resolve that all or part of its decision remain confidential to the student, the complainant and the Vice-Chancellor.
- 13.11 The student and the complainant shall have the right to appeal the decision reached by the Discipline Committee in accordance with the appeal provisions set out at Section 15. They shall be notified of such right at the time the decision is sent to them.

14 Discipline Committee powers

14.1 The Discipline Committee shall have the power:
