**Zoom Webinar | University of Otago  
Tues 15 September 2020 | 12:30-13:30**

INTERact is a real-time, interprofessional education (IPE) offering for students in clinical settings.

This webinar will explore and discuss challenges and potential solutions for creating a positive learning environment - insightful, communicative, collaborative - where health professional students interact to provide high-quality patient care.

The webinar is open to all and is of particular relevance for those facilitating student learning in clinical placement settings.
