INTERNATIONAL STUDENT FEES 2027

AUCKLAND UNIVERSITY OF TECHNOLOGY

KNOWLEDGE THAT WORKS

At most universities, experience comes after the degree. At AUT, it's part of it. Based in Auckland – New Zealand's economic capital and one of the world's most international cities – workplace experience with real employers is built into most of our programmes. You don't just graduate with a qualification. You graduate ready to use it. With 200,000+ alumni building careers worldwide and a five-star QS rating across teaching, facilities and employability, the results speak for themselves.

This flyer gives you an indication of the fees you need to pay as an international student at AUT. It provides an estimate for the range of costs associated with full-time study as an international student. This is based on estimates from the course selection of previous student enrolments within each qualification. This is an estimation assuming full-time study (120 points), unless otherwise indicated.

- All fees are in NZ dollars and include GST.
- Fees are subject to change year to year.
- If you're taking courses as part of your qualification in the following academic year, you may be subject to a price increase for those courses.
- AUT reserves the right to change these published fees before enrolment to reflect any changes in government or university policy.

The information related to programme offerings and fees was correct at time of publication, November 2026.

Scholarships for international students

Before you finalise the numbers, check what's available to reduce them. AUT offers scholarships for international students across specific regions and programmes, and partners with the New Zealand government on Manaaki New Zealand Scholarships, as well as with agencies and government departments in many countries. You might qualify for more support than you expect.
