Health and Rehabilitation Research Institute (HRRI) <a href="https://hrri.aut.ac.nz/">https://hrri.aut.ac.nz/</a>	13
National Institute for Stroke and Applied Neurosciences   <a href="https://nisan.aut.ac.nz/">https://nisan.aut.ac.nz/</a>	18
Occupational Therapy	20
Physiotherapy	22
Podiatry	31
<b>School of Nursing</b>	34
<b>School of Community and Public Health</b>	45
Disaster Risk Management and Development	46
Public Health & Mental Health Research Institute   <a href="https://phmhri.aut.ac.nz/">https://phmhri.aut.ac.nz/</a>	47
Health Law and Healthcare Ethics	49
Health Sciences	50
Interprofessional Health Management	52
Biosciences	54
Psychotherapy and Counselling	55
Public Health	59
AUT Pacific Health Research Centre   <a href="https://phrc.aut.ac.nz/our-people">https://phrc.aut.ac.nz/our-people</a>	62
Taupua Waiora Research Centre   <a href="https://twmrc.aut.ac.nz/">https://twmrc.aut.ac.nz/</a>	63
<b>School of Science</b>	66
Biomedicine and Medical Diagnostics	66
Chemistry	70
Environmental Science	73
Food Science and Microbiology	79
Psychology and Neuroscience (incl. Addictions)	82
<b>School of Sport, Exercise and Health</b>	89
Coaching & Youth Development	89
Health, Physical Education & Outdoors	90
Physical Activity & Nutrition	91
Sport Leadership and Management	93

Sport and Exercise Science.....	96
---------------------------------	----

All international PhD candidates will be treated as if they are residents and pay only domestic fees if they are:

1. Enrolled in a PhD programme at a New Zealand university.
2. Resident in New Zealand for the duration of their study

More details about fees can be found on the [AUT website](#).

Full Academic profiles of supervisors are available at <https://academics.aut.ac.nz/>

## Dean/Tumuaki

Professor Brett Cowan is the Dean/Tumuaki of the Faculty of Health and Environmental Sciences (HES) and joined the AUT whānau at the beginning of 2024.

Brett joined AUT from the Crown Research Institute, Environmental Science and Research (ESR), where he has served as Chief Scientist and General Manager Research, Head of Commercialisation and Māori Economy.

Prior to this, Brett's career has included various roles as an academic, as a research and administrative leader at the University of Auckland and as an emergency medicine clinician.

Brett has a remarkable career in health, science, leadership, and public service, including:

- In health, training as a doctor and an academic career in health sciences at the University of Auckland, including setting up the internationally recognised Centre for Advanced MRI (CAMRI).

### **Professor Brett Cowan**

Dean/Tumuaki

Faculty of Health & Environmental Sciences

- The successful delivery of Te Tiriti partnerships with iwi, which delivered academic, research and commercial outcomes, and built strong and enduring relationships and collaborations.
- Scientific leadership across diverse roles, including most recently as Chief Scientist and GM Research at ESR (400 scientists and \$130 million revenue), and in New Zealand's scientific response to the COVID-19 pandemic.
- A clinical career as an Emergency Department doctor.
- Leadership in research, science, commercialisation, and impact, which drew together his engineering, medical and business experience, and credentials.

Brett describes himself as having a passion for health and science leadership and innovation and developing high-performing teams to deliver aspirational strategic futures.

## Associate Deans

<b>Professor Hannah Buckley</b>	<p>Associate Dean - Transformation Professor   Ecology Ph (09) 921 999 ext. 5041   Email: <a href="mailto:hannah.buckley@aut.ac.nz">hannah.buckley@aut.ac.nz</a></p>
	<p><b>Research Areas</b></p> <ul style="list-style-type: none"> <li>Community ecology and ecological biogeography:</li> <li>Spatial and temporal patterns in species interactions (food webs), species richness, composition, functional traits, and phylogenetic diversity</li> <li>Predicting ecological dynamics using spatial patterns in biological populations and communities</li> <li>Lichens, ferns, vascular plants, invertebrates, microorganisms</li> <li>Ecology of New Zealand sand dune ecosystems:</li> <li>Ecology and population genetics of pīngao (<i>Ficinia spiralis</i>, Cyperaceae)</li> <li>The use of drone imagery in sand dune ecology and conservation</li> <li>Enhancing native biodiversity in agroecological landscapes</li> </ul> <p><i>Masters and Doctoral supervision availability</i> <a href="https://academics.aut.ac.nz/hannah.buckley">https://academics.aut.ac.nz/hannah.buckley</a></p>
<b>Dr Radilaite Cammock</b>	<p>Deputy Associate Dean – Pacific Advancement Senior Lecturer - Public Health Member of <a href="#">AUT Pacific Health Research Centre</a> Ph (09) 921 9999 ext. 77007   Email: <a href="mailto:radilaite.cammock@aut.ac.nz">radilaite.cammock@aut.ac.nz</a></p>
