Supervisors' Research Areas

Faculty of Health & Environmental Sciences

November 2026

Contents

Dean/Tumuaki 3
Associate Deans 4
School of Acute and Primary Health 6
Midwifery 7
Oral Health 9
Paramedicine 11
School of Allied Health 13
AUT Person Centred Rehabilitation Research Centre 13
AUT National Institute for Stroke and Applied Neurosciences | https://nisan.aut.ac.nz/ 18
Occupational Therapy 19
Physiotherapy 21
Podiatry 31
School of Nursing 33
School of Community and Public Health 44
AUT Pacific Health Research Centre | https://phrc.aut.ac.nz/our-people 44
Biosciences 46
Disaster Risk Management and Development 46
Health Law and Healthcare Ethics 47
Health Sciences 48
Interprofessional Health Management 50
Psychotherapy and Counselling 51
Public Health 54
Public Health & Mental Health Research Institute | https://phmhri.aut.ac.nz/ 57
Taupua Waiora Research Centre | https://twmrc.aut.ac.nz/ 59
School of Science 62
AUT Brain Health Research Institute 63
Biomedicine and Medical Diagnostics 63
Chemistry 68
Earth and Life Sciences 70
Food Science and Microbiology 77
Psychology and Neuroscience (incl. Addictions) 80
School of Sport, Exercise and Health 87
AUT Sport Research Institute New Zealand 87
Coaching & Youth Development 88
Health, Physical Education & Outdoors 88

Physical Activity & Nutrition 91
Sport Leadership and Management..... 94
Sport and Exercise Science..... 97

All international PhD candidates will be treated as if they are residents and pay only domestic fees if they are:

1. Enrolled in a PhD programme at a New Zealand university.
2. Resident in New Zealand for the duration of their study

More details about fees can be found on the AUT website.

Full Academic profiles of supervisors are available at https://academics.aut.ac.nz/

Dean/Tumuaki

Professor Brett Cowan
Dean/Tumuaki
Faculty of Health & Environmental Sciences

Professor Brett Cowan is the Dean/Tumuaki of the Faculty of Health and Environmental Sciences (HES) and joined the AUT whānau at the beginning of 2024.

Brett joined AUT from the Crown Research Institute, Environmental Science and Research (ESR), where he has served as Chief Scientist and General Manager Research, Head of Commercialisation and Māori Economy.

Prior to this, Brett's career has included various roles as an academic, as a research and administrative leader at the University of Auckland and as an emergency medicine clinician.

Brett has a remarkable career in health, science, leadership, and public service, including:

- In health, training as a doctor and an academic career in health sciences at the University of Auckland, including setting up the internationally recognised Centre for Advanced MRI (CAMRI).
- The successful delivery of Te Tiriti partnerships with iwi, which delivered academic, research and commercial outcomes, and built strong and enduring relationships and collaborations.
- Scientific leadership across diverse roles, including most recently as Chief Scientist and GM Research at ESR (400 scientists and $130 million revenue), and in New Zealand's scientific response to the COVID-19 pandemic.
- A clinical career as an Emergency Department doctor.
- Leadership in research, science, commercialisation, and impact, which drew together his engineering, medical and business experience, and credentials.

Brett describes himself as having a passion for health and science leadership and innovation and developing high-performing teams to deliver aspirational strategic futures.

Associate Deans

Dr Radilaite Cammock	Deputy Associate Dean – Pacific Advancement Senior Lecturer - Public Health Member of AUT Pacific Health Research Centre Ph (09) 921 9999 ext. 77007 | Email: radilaite.cammock@aut.ac.nz
	**Methodology** • Pacific Research Design • Talanoa • Mixed methods – Quantitative and Qualitative • Action research (participatory) **Research Areas** • Pacific health • Pacific research paradigms and methodology • Pacific sexual and reproductive health • Non-communicable diseases • Socio-cultural influences in health • Pacific youth empowerment in health • iTaukei (Indigenous Fijian) women's health and wellbeing *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/radilaite.cammock*

Professor Juan Canales	Associate Dean – Academic Ph (09) 921 9999 ext. 33792 | Email: juan.canales@aut.ac.nz
	*Juan J. Canales | Mōku | About | Auckland University of Technology*

Professor Nicola Kayes	Associate Dean - Research Professor | Rehabilitation Co-Director | AUT Person Centred Rehabilitation Research Centre Executive | Health and Rehabilitation Research Institute Ph (09) 921 9999 ext. 7309 | Email: nkayes@aut.ac.nz
	**Methodology** • Mixed methods • Applied qualitative methodologies including Qualitative Descriptive and Interpretive Descriptive • Measurement development • Implementation science methodologies **Research Areas** • The intersection of health psychology and rehabilitation • Exploration of factors influencing adjustment to chronic and long-term conditions and engagement in rehabilitation • Development of interventions targeting such factors • Critical examination and conceptual clarification of core rehabilitation processes – e.g. goal setting, therapeutic connection, engagement • Psychologically informed approaches to enhance rehabilitation outcome

	• Exploration of the role that allied health professionals have in influencing engagement and strategies to augment practice • Outcome measurement in rehabilitation • Physical activity engagement for people with neurological conditions • Integrating new ways of working into practice *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nicola.kayes*

Dr Ed Maunder	Acting Associate Dean Postgraduate (Research) Senior Lecturer | Exercise Physiology Ph (09) 921 9999 ext. 6227 | Email: ed.maunder@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Muscle metabolism • Mitochondrial adaptations to exercise training. • Physiological durability in endurance sport *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/ed.maunder*

Professor El-Shadan (Dan)Tautolo	Associate Dean - Pacific Advancement Director - Pacific Health Research Centre Ph (09) 921 9999 ext. 7527 | Email: dtautolo@aut.ac.nz
	**Methodology** • Mixed methods – quantitative and qualitative **Research Areas** • Public health and epidemiology with specific focus on Pacific health related issues • Men's health • Fatherhood and fathering behaviours *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/dan.tautolo*

Professor Denise Wilson	Associate Dean - Māori Advancement Professor | Māori Health https://twmrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7392 | Email: dlwilson@aut.ac.nz
	**Methodology** • Qualitative (primarily) and quantitative • Māori-centred Kaupapa Māori • Grounded theory • Case study **Research Areas** • Māori/indigenous health • Cultural issues • Family violence • Health workforce development *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.wilson*

School of Acute and Primary Health

Professor **Judith McAra-Couper**	Acting Head of School – Acute and Primary Health Acting Head of School – Community and Public Health Co-Director Centre for Midwifery and Women's Health Research Ph (09) 921 9999 ext. 7193 | Email: Judith.mcara@aut.ac.nz
	**Methodology** • Critical theory and qualitative research **Research Areas** • Midwifery • Midwifery practice • Midwifery education • Place of birth • Maternal mental health • Research methodology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/judith.mcara*

Deborah Hay	Lecturer | Health Sciences Ph (09) 921 9999 ext. 7067 | Email: deborah.hay@aut.ac.nz
	**Methodology** • Qualitative **Research Areas** • Student engagement • Learning and teaching • Public art *Honours and Masters supervision availability* *https://academics.aut.ac.nz/deborah.hay*

Dr Nicola Power	Senior Lecturer Ph (90) 921 9999 ext. 7319 | Email: Nicola.power@aut.ac.nz
	**Methodology** • Qualitative research methods including: • Hermeneutic Phenomenology • Discourse analysis • Qualitative descriptive **Research areas** • Human touch • Childbirth and women's health • Psychosocial wellbeing • Physical activity in the elderly *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nicola.power*

Dr Wendy Wrapson	Senior Lecturer Ph (09) 921 9999 ext. 6136 | Email: wwrapson@aut.ac.nz
	**Methodology** • Qualitative (grounded theory, content analysis, thematic analysis) • Quantitative • Mixed methods **Research Areas** • Health and wellbeing of older people • Digital technology use by older people • Informal and formal caregiving of older people • Wellbeing in the workplace *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/wendy.wrapson*

Midwifery

Dr Jennifer Barrowclough	Senior Lecturer | Midwifery Email: jennifer.barrowclough@aut.ac.nz
	**Methodology** • Mixed methods (Quantitative and Qualitative studies) • Triangulation • Clinical trials • Cochrane systematic reviews **Research Areas** • Fetal malposition in labour • Midwifery practice • Maternal posture in labour • Compliance with trial protocol • Maternal satisfaction • Labour and birth outcomes *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jennifer.barrowclough*

Professor Susan Crowther	Professor | Midwifery Ph (09) 921 9999 ext. 7912 | Email: susan.crowther@aut.ac.nz
	**Methodology** • Hermeneutic Phenomenology • Qualitative descriptive • Co-operative inquiry (action research) • Grounded theory • Qualitative meta-synthesis (form of systematic reviews) **Research Areas** • Midwifery and childbirth • Psychosocial and cultural aspects of birth • Spirituality and childbirth • Rural and remote maternity/midwifery • Sustainable midwifery continuity of care practice *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/susan.crowther*

Dr Anna Fielder	Senior Lecturer | Midwifery Email: anna.fielder@aut.ac.nz
	**Methodology** • Critical Theory • Social Reproduction Theory. Marxism. **Research Areas** • Pregnancy • Childbirth • Midwifery *Honours and Masters supervision availability* https://academics.aut.ac.nz/anna.fielder

Dr Tania Fleming	Senior Lecturer | Midwifery PGR Lead – Acute & Primary Health Ph (09) 921 9999 ext. 7602 | Email: tania.fleming@aut.ac.nz
	**Methodology** • Mixed methods • Reframed Standpoint Theory **Research Areas** • Cultural safety for midwifery academics, applying Kawa whakaruruhau & cultural safety to Learning and Teaching • Equitable access to maternity services *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/tania.fleming*

Professor Judith McAra-Couper	Acting Head of School | Acute and Primary Health Acting Head of School | Community and Public Health Head of Department - Midwifery Co-Director, Centre for Midwifery and Women's Health Research Ph (09) 921 9999 ext. 7193 | Email: Judith.mcara@aut.ac.nz
	**Methodology** • Critical theory and qualitative research **Research Areas** • Midwifery • Midwifery practice • Midwifery education • Place of birth • Maternal mental health • Research methodology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/judith.mcara*

Dr Nimisha Waller	Senior Lecturer | Midwifery Ph (09) 921 9999 ext. 7210 | Email: Nwaller@aut.ac.nz

	**Methodology**
	• Qualitative research
	Research Areas
	• Midwifery
	• Maternity care
	  • Students' understanding of normal birth.
	  • How midwives keep birth normal
	  • Postnatal distress and particularly PTSD following childbirth, reflective conversations between women and midwives and impact on them.
	
	Honours, Masters and Doctoral supervision availability
	https://academics.aut.ac.nz/nimisha.waller

Oral Health

Tanya Cleland	Senior Lecturer | Oral Health Ph 021 964 980 | Email: tanya.cleland@aut.ac.nz
	**Methodology** • Qualitative – case study **Research Areas** • Oral health • Maternal oral health • Adolescent oral health • Barriers to access to oral health care *Honours and Masters supervision availability* *https://academics.aut.ac.nz/tanya.cleland*

Dr Catherine Crofts	Senior Lecturer | Pharmacology Ph (09) 921 9999 ext. 6030 | Email: catherine.crofts@aut.ac.nz
	**Methodology** • Quantitative, experimental **Research Areas** • Early diagnosis of metabolic disease • Hyperinsulinemia: diagnosis and management • Lifestyle management of diabetes and other non-communicable diseases • Reducing pharmaceutical burden *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/catherine.crofts*

Daniel Fernandez	Lecturer | Oral Health Member AUT Child and Youth Health Research Centre Ph (09) 921 9999 ext. 6157 | Email: daniel.fernandez@aut.ac.nz
	**Methodology** • Participatory action research **Research Areas** • Oral health • Dental caries • Restorative materials • Oral health promotion *Honours and Masters supervision availability* *Daniel Fernandez Profile | Auckland University of Technology (aut.ac.nz)*

Dr Karen Lansdown	Deputy Head of School (Academic) – Acute & Primary Health Senior Lecturer Ph 021 964 980 | Email: karen.lansdown@aut.ac.nz
	**Methodology** • Mixed Methods **Research Areas** • Oral health • Cerebral Palsy and Oral Health • Higher Education *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/karen.lansdown*

Dr Heuiwon (Chris) Han	Senior Lecturer | Oral Health Ph 09 921 9999 ext. 5040 | Email: heuiwon.han@aut.ac.nz
	**Methodology** • Mixed Methods **Research Areas** • Oral Health • Child Protection • Higher Education *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/heuiwon.han*

Dr Amira Salem	Senior Lecturer | Oral Health Ph (09) 921 9001 ext. 33108 | Email: amira.salem@aut.ac.nz
	**Methodology** • Quantitative including experimental designs and clinical trials • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Biotechnology • Microbiology • Translational research • Technology and innovation in oral health *Honours,Masters and Doctoral supervision availability* *Amira Salem | Mōku | About | Auckland University of Technology*

Paramedicine

Associate Professor Bridget Dicker	Associate Professor | Paramedicine Head of Department | Paramedicine Ph (09) 921 9999 | Email: bridget.dicker@aut.ac.nz
	**Methodology** • Quantitative • Supportive of mixed methods and qualitative studies **Research Areas** • Paramedicine • Resuscitation • Disparities in prehospital healthcare access • Pre-hospital emergency care • Out-of-hospital Trauma • Out-of-hospital Stroke • Acute coronary syndromes • Aotearoa New Zealand Paramedic Care Collection (ANZPaCC) *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/bridget.dicker

Dr Graham Howie	Senior Lecturer | Paramedicine Ph (09) 921 9999 ext. 7679 | Email: graham.howie@aut.ac.nz
	**Methodology** • Quantitative research methods **Research Areas** • Front-line paramedicine • Resuscitation • Pre-hospital emergency care • Cardiovascular disease and management (in the paramedic setting) *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/graham.howie* ***Unavailable for supervision in 2026***

Dr Sarah Maessen	Research Fellow | Paramedicine Ph 027 209 7197 | Email: sarah.maessen@aut.ac.nz
	**Methodology** • Quantitative • Supportive of qualitative (particularly reflexive thematic analysis) and mixed-methods research **Research Areas** • Paramedicine • Pre-hospital care • Experiences of ambulance personnel • Aotearoa New Zealand Paramedic Care Collection (ANZPaCC) *Available for Honours, Masters supervision and Doctoral co-supervision* *https://academics.aut.ac.nz/sarah.maessen*

Associate Professor Verity Todd	Associate Professor | Paramedicine Deputy Head of School (Research) – Acute & Primary Health Email: verity.todd@aut.ac.nz
	**Methodology** • Quantitative • Supportive of Mixed methods and qualitative studies **Research Areas** • Paramedicine • Pre-hospital care • Trauma (emergency and low acuity) • Community care and low acuity conditions • Aotearoa New Zealand Paramedic Care Collection (ANZPaCC) *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/11539-verity-todd*

School of Allied Health

Professor Matthew Carroll	Head of School | Allied Health Professor – Podiatry Ph (09) 921 9999 ext. 7305 | Email: matthew.carroll@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Neural foot conditions and foot orthoses • Ultrasound • Functional and mechanical ankle instability *Masters and Doctoral* *https://academics.aut.ac.nz/matthew.carroll*

AUT Person Centred Rehabilitation Research Centre

Associate Professor Debbie Bean	Associate Professor| Rehabilitation Member | AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7157 | Email: debbie.bean@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Chronic pain • Pain management • Pain assessment • Health psychology • Virtual reality *Can supervise Honours, Masters and Doctoral* *https://academics.aut.ac.nz/debbie.bean*

Associate Professor Felicity Bright	Programme Leader | Doctor of Health Science Associate Professor | Rehabilitation PGR Lead – Allied Health AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7097 | Email: Felicity.bright@aut.ac.nz
	**Methodology** • Qualitative research, qualitative descriptive, interpretive description and Voice centred relational approach • Conceptual review **Research Areas** • Acquired neurological conditions • Psychosocial wellbeing including hope • Patient engagement • Healthcare communication including patient-practitioner interaction. • Professional practice in rehabilitation • Communication disability • Clinical education

	Masters and Doctoral supervision availability *https://academics.aut.ac.nz/felicity.bright*

Christine Cummins	Senior Research Officer | AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7211 | Email: christine.cummins@aut.ac.nz
	**Methodology** • Qualitative • Post-qualitative methods including post structural & post humanism • Reflexive thematic analysis **Research Areas** • Therapeutic relationship • Neurorehabilitation • Rethinking rehabilitation *Honours and Masters supervision availability* https://academics.aut.ac.nz/christine.cummins

Associate Professor Joanna Fadyl	Co-Director | AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7675 | Email: jfadyl@aut.ac.nz
	**Methodology** • Foucauldian discourse analysis • Qualitative inquiry and analysis applying social constructionism, postmodern, post-structural or similar sociological theories **Research Areas** • Intersections between rehabilitation and sociology • Vocational rehabilitation and work ability • Recovery and adaption after disabling injury, illness, experiences • Productive citizenship and disability *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/joanna.fadyl*

Professor Nicola Kayes	Associate Dean | Research Co-Director | AUT Person Centred Rehabilitation Research Centre Professor - Rehabilitation Ph (09) 921 9999 ext. 7309 | Email: nkayes@aut.ac.nz
	**Methodology** • Mixed methods • Applied qualitative methodologies including Qualitative Descriptive and Interpretive Descriptive • Measurement development • Implementation science methodologies **Research Areas** • The intersection of health psychology and rehabilitation • Exploration of factors influencing adjustment to chronic and long-term conditions and engagement in rehabilitation • Development of interventions targeting such factors • Critical examination and conceptual clarification of core rehabilitation processes – e.g. goal setting, therapeutic connection, engagement • Psychologically informed approaches to enhance rehabilitation outcome • Exploration of the role that allied health professionals have in influencing engagement and strategies to augment practice • Outcome measurement in rehabilitation

	• Physical activity engagement for people with neurological conditions • Integrating new ways of working into practice *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nicola.kayes*

Associate Professor Gwyn Lewis	Deputy Head of School (Research) | Allied Health Associate Professor | Physiotherapy Ph (09) 921 9999 ext. 7621 | Email: glewis@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Neurophysiology • Motor control • Movement disorders • Rehabilitation • Pain • Rehabilitation technology • Virtual reality *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/gwyn.lewis*

Dr Nico Magni	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 6581 | Email: nico.magni@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Hand Osteoarthritis • Hand and elbow treatment *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nico.magni*

Dr Alana McCambridge	Senior Lecturer | Rehabilitation Member | AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 31855 | Email: alana.mccambridge@aut.ac.nz
	**Methodology** • Mixed methods (qualitative and quantitative methods) • Systematic reviews • Experimental **Research Areas** • Health inequity • Neurological rehabilitation • Meta-research • Physical activity • Exercise rehabilitation. • Determinants of health *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/alana.mccambridge/about*

Professor Peter McNair	Professor | Physiotherapy Health and Rehabilitation Research Institute (HRRI) Ph (09) 921 9999 ext. 7143 | Email: pmcnair@aut.ac.nz
	**Methodology** • Quantitative • Experimental • Clinical biomechanics **Research Areas** • Exercise prescription for rehabilitation • Viscoelasticity and stretching • Electromyography • Proprioception • Clinical gait analysis • Pain • Lower limb musculoskeletal disorders, particularly arthritic disorders *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/peter.mcnair*

Professor David Rice	Associate Professor | Physiotherapy | Senior Research Officer (HRRI) Ph (09) 921 9999 ext. 7032 | Email: david.rice@aut.ac.nz
	**Methodology** • Quantitative • Experimental • Prospective cohort/risk factor studies • Clinical trials **Research Areas** • Neurophysiology • Pain mechanisms • Chronic pain management • Postsurgical pain/outcomes • Exercise rehabilitation • Joint injury • Arthritis • Orthopaedics • Non-invasive brain stimulation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/david.rice*

Professor Nada Signal	Professor | Rehabilitation Ph (09) 921 9999 ext. 7062 | Email: nada.signal@aut.ac.nz
	**Methodology** • Mixed methods (combining quantitative and qualitative methods) • Experimental and clinical trials • Implementation science • Qualitative descriptive • Delphi studies • Systematic and Scoping Reviews **Research Areas** • Neurorehabilitation / Stroke Rehabilitation (intervention development and evaluation) • Telerehabilitation, digital health interventions and rehabilitation technology development • Motor control and learning

	• Neuroscience • Neuromodulation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nada.signal*

Professor Denise Taylor	Professor | Neurological Rehabilitation Research Team Ph (09) 921 9999 ext. 9680 | Email: detaylor@aut.ac.nz
	**Methodology** • Experimental designs – controlled studies, single case study designs, clinical trials **Research Areas** • Motor control • Biomechanics • Neurological physiotherapy – evaluation of intervention • Upper limb rehabilitation • Balance rehabilitation • Falls prevention intervention *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.taylor*

Kate Waterworth	Senior Lecturer Member | https://cyhrc.aut.ac.nz/ Member | AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 5326 | Email: kate.waterworth@aut.ac.nz
	**Methodology** • Post qualitative • Philosophy as method • Critical theory **Research Areas** • Critical Disability studies • Critical rehabilitation studies • Health Professional Education. *Honours and master's supervision availability* *https://academics.aut.ac.nz/kate.waterworth*

AUT National Institute for Stroke and Applied Neurosciences | https://nisan.aut.ac.nz/

Professor Valery Feigin	Director | AUT National Institute for Stroke and Applied Neurosciences (NISAN) Ph (09) 921 9999 ext. 9166 | Email: vfeigin@aut.ac.nz
	**Methodology** • Quantitative methods applied to clinical trials and non-experimental epidemiological studies (cross-sectional, case-control, cohort, incidence, prevalence studies), systematic reviews / evidence-based medicine **Research Areas** • Neuroepidemiology and neurorehabilitation • Cerebrovascular disease (stroke, transient ischaemic attack) risk factors, prevention, prognosis and prognostic factors, outcomes, treatment, rehabilitation and health care organisation • Traumatic brain injury • Dementia *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/valery.feigin*

Dr Shabnam Jalili Moghaddam	Research Fellow (NZ Registered Nutritionist) Member | AUT National Institute for Stroke and Applied Neurosciences (NISAN) Member | Migrant and Refugee Health Research Centre Member | https://cyhrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7528 | Email: shabnam.jalili@aut.ac.nz
	**Methodology** • Quantitative- cross-sectional, longitudinal, and clinical trial research designs **Research Areas** • Dietary patterns and eating behaviours Community nutrition • Nutrition and health outcomes in migrant, refugee, and multi-ethnic populations · Public health and health promotion • Prevention of non-communicable diseases *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/shabnam.jalili *Shabnam is unable to take on any further supervisions currently.*

Associate Professor Kelly Jones	AUT National Institute for Stroke and Applied Neurosciences (NISAN) Ph (07) 838 4257 | Email: kelly.jones@aut.ac.nz
	**Methodology** • Quantitative • Neuropsychological assessment • Questionnaires in cross-sectional and longitudinal studies **Research Areas** • Child neurodevelopmental outcomes • Traumatic brain injury • Paediatric neuropsychological assessment • Illness perceptions • Child and adolescent development • Parent mental health *Masters and Doctoral supervision availability* https://academics.aut.ac.nz/kelly.jones

Occupational Therapy

Dr Jo Appleby	Lecturer | Mental Health and Addictions Ph (09) 921 9999 ext. 26888 | Email: jo.appleby@aut.ac.nz
	**Methodology** • Qualitative **Research Areas** • Mental health and recovery • Social work (critical clinical social work, professional identity, contribution to mental health care and recovery) • Interagency collaboration • Trauma-informed care • Underserved populations and equity in healthcare *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/jo.appleby *Jo is unable to take on any further supervisions currently.*

Kate Boardsworth	Lecturer | Occupational Therapy Ph (09) 921 9999 ext. 27007 | Email: kate.boardsworth@aut.ac.nz
	**Methodology** • Mixed methods • Qualitative • Systematic literature review • Māori-centred approach • User-centred design. **Research Areas** • Occupational Therapy • Stroke rehabilitation • Rehabilitation technology and innovation • Assistive technology • Culturally responsive rehabilitation • User-centred design Honours, Masters and Doctoral supervision availability https://academics.aut.ac.nz/kate.boardsworth

Dr Brenda Flood	Senior Lecturer | Interprofessional Practice Developer Clinical Manager, AUT Integrated Health Ph (09) 921 9999 ext. 9008 | Email: Brenda.flood@aut.ac.nz
	**Methodology** • Qualitative • Hermeneutic phenomenology **Research Areas** • Interprofessional education • Interprofessional collaborative practice • Health professional experiences of working across disciplines • Health education *Masters and Doctoral supervision availability* https://academics.aut.ac.nz/brenda.flood

Professor Clare Hocking	Professor | Occupational Therapy Ph (09) 921 9999 ext. 9162 | Email: clare.hocking@aut.ac.nz
	**Methodology** • Qualitative descriptive • Systematic review **Research Areas** • Occupational justice • Occupational science • Occupational therapy practice *Honours, Masters and Doctoral supervision availability* Clare Hocking | Mōku | About | Auckland University of Technology

Dr Margaret Jones	Senior Lecturer | Occupational Therapy Member | https://cyhrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7781 | Email: margaret.jones@aut.ac.nz
	**Methodology** • Qualitative, mixed methods, case study, systematic review **Research Areas** • Paediatric rehabilitation • Rehabilitation for people with cognitive impairments • Participation and inclusion • Children and young people's occupations • Evidence-based practice *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/margaret.jones

Dr Ellen Nicholson	Ph (09) 921 9999 ext. 7742 | Email: ellen.nicholson@aut.ac.nz
	**Methodology** • Critical participatory action research • Qualitative descriptive **Research Areas** • Child and adolescent health • Mental health *Masters and Doctoral supervision availability* https://academics.aut.ac.nz/ellen.nicholson

Dr Heleen Reid	Head of Department | Occupational Science and Therapy Ph (09) 921 9999 ext. 7782 | Email: hreid@aut.ac.nz
	**Methodology** • Phenomenology • Qualitative descriptive • Semiotics • History of ideas **Research Areas** • Occupational science and therapy • Occupation based models + theory. • Environment for occupation • Neurological/physical health *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/heleen.reid

Associate Professor Daniel Sutton	Associate Professor | Occupational Therapy Programme Leader - Mental Health and Addictions AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7732 | Email: dsutton@aut.ac.nz
	**Methodology** • Interpretive, phenomenology, qualitative - descriptive **Research Areas** • Mental health rehabilitation • Recovery from mental illness • Occupation and mental wellbeing • Sensory modulation • Qualitative methodologies, including Hermeneutic phenomenology, appreciative inquiry *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/dsutton*

Physiotherapy

Dr Tom Adams	Lecturer | Physiotherapy Ph (09) 921 9999 ext. 5240 | Email: tom.adams@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research areas** • Injury prevention • Shoulder rehabilitation • Proprioception and Musculoskeletal injury *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/tom.adams*

Professor Mark Boocock	Professor of Physiotherapy/Ergonomics Director | Health & Rehabilitation Research Institute Ph (09) 921 9999 ext. 7167 | Email: mboocock@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Ergonomics • Occupational biomechanics • Musculoskeletal disorders • Biomechanical modelling • Health and safety working practices and guidelines • Injury prevention *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/mark.boocock*

Dr Jill Caldwell	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7321 | Email: jill.caldwell@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Physiotherapy • Musculoskeletal biomechanics • Manipulative physiotherapy *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jill.caldwell*

Dr Shikha Chaudhary	Senior Lecturer, Programme Leader BHSc (Hons) Standard pathway Ph (09) 921 9999 ext. 7030 | Email: shikha.chaudhary@aut.ac.nz
	**Methodology** • Quantitative • Experimental • Mixed methods **Research Areas** • Postural control • Vestibular Rehabilitation • Vision-vestibular interaction • Eye tracking technology *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/shikha.chaudhary

Professor Richard Ellis	Professor - Physiotherapy | Programme Leader BHSc (Hons) Physiotherapy AUT Active Living and Rehabilitation Research Centre Ph (09) 921 9999 ext. 7612 | Email: rellis@aut.ac.nz
	**Methodology** • Quantitative methodology including clinical, experimental, cross-sectional • Systematic review and critical literature review **Research Areas** • Musculoskeletal and sports physiotherapy • Manual and manipulative therapy – clinical application and efficacy • Ultrasound imaging – musculoskeletal and rehabilitative • Neurodynamic and neural mobilization • Peripheral nervous system biomechanics, assessment, and treatment *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/richard.ellis* *Richard is unable to take on any further supervisions currently.*

Dr Emeline (Emma) Gomes	Lecturer | Physiotherapy Ph (09) 921 9999 ext. 27597 | Email: emma.gomes@aut.ac.nz
	**Methodology** • Qualitative, including conceptual and interpretive designs • Mixed methods, including descriptive quantitative and qualitative designs **Research Areas** • Neurorehabilitation • Person-centred care • Therapeutic relationships *Honours, Masters, and Doctoral supervision availability* *https://academics.aut.ac.nz/emma.gomes*

Dr Julia Hill	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7641 | Email: julia.hill@aut.ac.nz
	**Methodology** • Quantitative, experimental **Research Areas** • Low back pain (LBP) in children and adults • Adherence to exercise • Injury prevention in the office environment *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/julia.hill*

Diana Horner	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7083 | Email: diana.horner@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Outcome measures • Physiotherapy • Cardiac rehabilitation *Honours and Masters supervision availability* *https://academics.aut.ac.nz/diana.horner*

Nicola Jepsen	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7951 | Email: nicola.jepsen@aut.ac.nz
	**Methodology** • Qualitative descriptive • Quantitative **Research Areas** • Public health • Social determinants of health • Access to health care • Health inequities • Cultural responsiveness • Chronic respiratory disease • Pulmonary rehabilitation *Honours and Masters supervision availability* *https://academics.aut.ac.nz/nicola.jepsen*

Associate Professor Gwyn Lewis	Deputy Head of School (Research) | Allied Health Associate Professor | Physiotherapy Ph (09) 921 9999 ext. 7621 | Email: glewis@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Neurophysiology • Motor control • Movement disorders • Rehabilitation • Pain • Rehabilitation technology • Virtual reality *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/gwyn.lewis*

Dr Nico Magni	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 6581 | Email: nico.magni@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Hand Osteoarthritis • Hand and elbow treatment *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nico.magni*

Dr Grant Mawston	Senior Lecturer | Physiotherapy Executive | Health & Rehabilitation Research Institute (HRRI) Ph (09) 921 9999 ext. 7180 | Email: gmawston@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Biomechanics of the lumbar spine • Electromyography • Muscle fatigue • Exercise testing and prescription *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/grant.mawston*

Dr Jody McGowan	Lecturer | Physiotherapy Ph (09) 921 9999 ext. 30227 | Email: jody.c.mcgowan@aut.ac.nz
	**Methodology** • Quantitative • Observational study design • Systematic review **Research Areas** • Youth sport specialisation • Youth injury management • Musculoskeletal and sport injury management • Post-surgical rehabilitation *Honours and Masters supervision availability* *https://academics.aut.ac.nz/jody.c.mcgowan*

Professor Peter McNair	Director of Health and Rehabilitation Research Institute (HRRI) Ph (09) 921 9999 ext. 7143 | Email: pmcnair@aut.ac.nz
	**Methodology** • Quantitative • Experimental • Clinical biomechanics **Research Areas** • Exercise prescription for rehabilitation • Viscoelasticity and stretching • Electromyography • Proprioception

	• Clinical gait analysis • Pain • Lower limb musculoskeletal disorders, particularly arthritic disorders *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/peter.mcnair*

Dr Sarah Mooney	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 6208 | Email: samooney@aut.ac.nz
	**Methodology** • Qualitative • Critical **Research Areas** • Clinical education in physiotherapy including power interplay, relationships and social hierarchies • Patient perspectives and management of people with cardiac and/or respiratory conditions such as non-cystic fibrosis bronchiectasis, breathing pattern disorders, heart failure, and obesity and aqua exercise *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sarah.mooney*

Professor David Nicholls	Professor | Physiotherapy Ph (09) 921 9999 ext. 7064 | Email: dnicholl@aut.ac.nz
	**Methodology**: • Post qualitative, postmodern, and post structural philosophy, histories of the present • Foucauldian discourse analysis • Object oriented ontology and new materialism **Research Areas** • Social and political history of physiotherapy • Professionalisation • Post disciplinary studies. • Objects, OOO and matter • Curriculum reform • Critical histories of rehabilitation • Postmodern and post structural theory and philosophy. • Education philosophy and theory • Embodiment and movement • Foucault (particularly governmentality and discipline) • Bleeding edge practice • Discipline *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/david.nicholls*

Associate Professor Daniel O'Brien	Associate Professor | Physiotherapy AUT Active Living and Rehabilitation Research Centre Ph (09) 921 9999 ext. 8707 | Email: dobrien@aut.ac.nz
	**Methodology** • Mixed-methods research • Qualitative descriptive • Survey-based studies **Research Area** • Osteoarthritis management • Health, illness and treatment beliefs • Interprofessional education and practice • Balance assessment in type II diabetics *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/daniel.obrien*

Dr Sharon Olsen	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 8611 | Email: sharon.olsen@aut.ac.nz
	**Methodology** • Quantitative • Mixed methods **Research Areas** • Neuromodulation • Neurophysiology • Neuromuscular control • Neurological rehabilitation • Rehabilitation technology • Stroke *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sharon.olsen*

Dr Julie Reeve	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7085 | Email: **jreeve@aut.ac.nz**
	**Methodology** • Quantitative, experimental, survey design, clinical trials **Research Areas** • Cardiorespiratory physiotherapy • Acute and critical care • Cancer rehabilitation • Physiotherapy following major surgery • On-call and emergency physiotherapy • Rehabilitation following acute and critical illness • Competency in cardiorespiratory physiotherapy • The use of simulation in cardiorespiratory physiotherapy • ICU *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/julie.reeve*

Professor Duncan Reid	Professor Physiotherapy | Programme Lead for Sport and Exercise Physiotherapy AUT Active Living and Rehabilitation Research Centre Ph (09) 921 9999 ext. 7806 | Email: dreid@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Viscoelasticity (stretching) • Biomechanics • Osteoarthritis • Movement screening • Sports injuries • Injury prevention *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/duncan.reid*

Professor David Rice	Associate Professor | Physiotherapy | Senior Research Officer (HRRI) Ph (09) 921 9999 ext. 7032 | Email: david.rice@aut.ac.nz
	**Methodology** • Quantitative • Experimental • Prospective cohort/risk factor studies • Clinical trials **Research Areas** • Neurophysiology • Pain mechanisms • Chronic pain management • Postsurgical pain/outcomes • Exercise rehabilitation • Joint injury • Arthritis • Orthopaedics • Non-invasive brain stimulation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/david.rice*

Associate Professor Nicola Saywell	Associate Professor – Physiotherapy AUT Active Living and Rehabilitation Research Centre Ph (09) 921 9999 ext. 9502 | Email: nsaywell@aut.ac.nz
	**Methodology** • Quantitative and qualitative descriptive **Research Areas** • Neurological rehabilitation • Motor control *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nicola.saywell*

Professor Nada Signal	Professor | Rehabilitation Ph (09) 921 9999 ext. 7062 | Email: nada.signal@aut.ac.nz
	**Methodology** • Mixed methods (combining quantitative and qualitative methods) • Experimental and clinical trials • Implementation science • Qualitative descriptive • Delphi studies • Systematic and Scoping Reviews **Research Areas** • Neurorehabilitation / Stroke Rehabilitation (intervention development and evaluation) • Telerehabilitation, digital health interventions and rehabilitation technology development • Motor control and learning • Neuroscience • Neuromodulation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nada.signal*

Professor Paul Sowman	Head of School | Science Head of Physiotherapy Ph (09) 921 9999 ext. 31830 | Email: paul.sowman@aut.ac.nz
	**Methodology** • Neuroimaging • Neurophysiology • Non-invasive brain stimulation • Electroencephalography • Magnetoencephalography • Transcranial Magnetic Stimulation • Electromyography • MRI/fMRI • Machine learning **Research Areas** • Cognitive development • Cognitive neuroscience • Autism • Pain • Sensation/perception • Hearing • Language • Motor control *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/paul.sowman*

Dr Verna Stavric	Senior Lecturer | Physiotherapy | Programme Lead for Master of Physio Practice AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7060 | Email: verna.stavric@aut.ac.nz
	**Methodology** • Qualitative • Mixed methods **Research Areas** • Spinal cord injury rehabilitation • Digital health interventions *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/verna.stavric*

Professor Denise Taylor	Professor | Neurological Rehabilitation Research Team Health and Rehabilitation Research Institute (HRRI) Ph (09) 921 9999 ext. 9680 | Email: detaylor@aut.ac.nz
	**Methodology** • Experimental designs – controlled studies, single case study designs, clinical trials **Research Areas** • Motor control • Biomechanics • Neurological physiotherapy – evaluation of intervention • Upper limb rehabilitation • Balance rehabilitation • Falls prevention intervention *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.taylor*

Dr David Toomey	Lecturer | Physiotherapy Ph (09) 921 9999 ext 26344 | Email: david.toomey@aut.ac.nz
	**Methodology** • Quantitative including experimental designs and clinical trials **Research Areas** • Exercise rehabilitation • Musculoskeletal disorders • Neuroscience • Persistent pain conditions *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/david.toomey

Nicola Towersey	Senior Lecturer | Physiotherapy Ph (09) 921 9999 ext. 7641 | Email: ntowersey@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Motor control • Neurological rehabilitation • Sensory rehabilitation • Neurophysiology *Honours and Master supervision availability* *https://academics.aut.ac.nz/nicola.towersey*

Podiatry

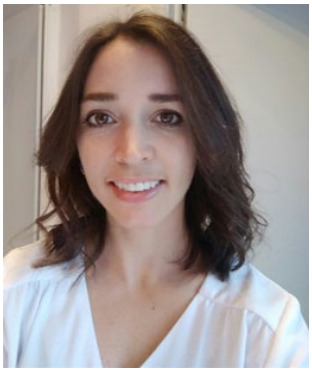

Professor Matthew Carroll	Acting Head of School | Allied Health Professor | Podiatry AUT Active Living and Rehabilitation Research Centre Ph (09) 921 9999 ext. 7305 | Email: matthew.carroll@aut.ac.nz
	**Methodology** • Quantitative • Experimental **Research Areas** • Neural foot conditions and foot orthoses • Ultrasound • Functional and mechanical ankle instability *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/matthew.carroll*

Dr Mike Frecklington	Faculty Lead – Academic Quality Deputy Head of School (Academic) | Allied Health Head of Department | Podiatry Ph (09) 921 9999 ext. 7832 | Email: mike.frecklington@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Gout and footwear • Rheumatology *Honours and Masters supervision availability* *https://academics.aut.ac.nz/mike.frecklington*

Dr Belinda Ihaka	Senior Lecturer Podiatry Ph (09) 921 9015 | Email: bihaka@aut.ac.nz
	**Methodology** • Kaupapa Māori Research **Research Areas** • Diabetes • Inflammatory conditions • Musculoskeletal ultrasound of the lower limb *Honours and Masters supervision availability* *https://academics.aut.ac.nz/belinda.ihaka*

Dr Aaron Jackson	Senior Lecturer | Podiatry Ph (09) 921 9999 Ext. 9004 | Email: aaron.jackson@aut.ac.nz
	**Research Areas** • Biomechanics *Honours, Masters supervision and docotral co-supervision availability* *https://academics.aut.ac.nz/aaron.jackson*

Dr Prue Molyneux	Senior Lecturer | Podiatry Ph (09) 921 9999 Ext. 7972 | Email: prue.molyneux@aut.ac.nz
	**Research Areas** • Podiatry • Rheumatology and arthritis • Foot osteoarthritis • Musculoskeletal ultrasound imaging *Honours and Masters supervision availability* *https://academics.aut.ac.nz/prue.molyneux*

Associate Professor Sarah Stewart	Associate Professor | Podiatry | Programme Leader Podiatry Ph (09) 921 9999 ext. 5451 | Email: sarah.stewart@aut.ac.nz
	**Methodology** • Quantitative • Systematic reviews, meta-analysis, network meta-analysis, content analysis • Rasch analysis • Qualitative (survey research, thematic analysis, meta-synthesis) **Research Areas** • Rheumatology/arthritis • Musculoskeletal imaging (specifically ultrasound) • Outcome measure/questionnaire development • Patient experience/perspectives • Lower limb biomechanics and gait analysis *Honours, Masters and Doctoral supervision* *https://academics.aut.ac.nz/sarah.stewart*

School of Nursing

Professor Nicola Carey	Head of School | Nursing Ph (09) 921 9999 ext. 34924 | Email: nicola.carey@aut.ac.nz
	**Methodology** • Mixed methods • Survey design • Evaluation • Systematic reviews **Research Areas** • Implementation and evaluation of prescribing • Long term conditions • Workforce development • Digital health • Advanced clinical practice *Masters and Doctoral supervision availability*

Dr Julie Blamires	Senior Lecturer | Nursing Deputy Head of School (Research) | Nursing Programme Leader – Child Health Member | https://cyhrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7979 | Email: julie.blamires@aut.ac.nz
	**Methodology** • Qualitative • Interpretive Description • Case Study **Research Areas** • Child and youth health • Impacts of chronic illness on children and young people • Clinical specialty areas include respiratory and pediatric rheumatology. *Masters and Doctoral supervision availability* *Julie Blamires Profile | Auckland University of Technology (aut.ac.nz)*

Associate Professor Tula Brannelly	Associate Professor | Nursing Member | Migrant and Refugee Health Research Centre Ph (09) 921 9999 ext. 8390 | Email: tula.brannelly@aut.ac.nz
	**Methodology** • Critical methodologies • Qualitative research, participatory approaches • Narrative approaches • Evaluation of services • Mixed methods **Research Areas** • Ethics of care • Marginalized groups • People with dementia • Family participation in care • Dementia • Mental health and wellbeing *Honours and Masters and Doctoral supervision availability*

	https://academics.aut.ac.nz/tula.brannelly

Dr Sally Britnell	Senior Lecturer | Nursing Member | https://cyhrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7539 | Email: sally.britnell@aut.ac.nz

	**Methodology**
	• Quantitative
	• Mixed Methods
	• Design Science
	Research Areas
	• Pediatrics and Child Health
	  ○ Resuscitation
	• Education
	  ○ Innovation
	  ○ Blended Learning
	• Application Design, Development and Testing
	  ○ Computer Vision
	  ○ Mobile Technologies
	  ○ Weight Estimation using AR.
	• Health / Nursing Informatics
	  ○ Curriculum Mapping
	  ○ Education and Standards
	  ○ Innovation
	
	Masters and Doctoral supervision availability

Dr Alvina Pauuvale	Lecturer Email: alvina.pauuvale@aut.ac.nz
	**Methodology** • Quantitative methods • Qualitative methods • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Pacific health • Adolescent health • Noncommunicable diseases among Pacific people • Determinants of health among Pacific people • Pacific health literacy • Indigenous Pacific knowledge *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/alvina.pauuvale

Dr Patricia (Trish)Tupou	Lecturer Ph (09) 921 9999 ext. 31201 | Email: trish.tupou@aut.ac.nz
	**Methodology** • Pacific research methodologies • Qualitative methods • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Tongan history • Climate justice • Tongan queer history • Indigenous politics *Honours and Masters supervision availability* *Trish Tupou | Mōku | About | Auckland University of Technology*

Biosciences

Dr Charon Lessing	Senior Lecturer **|** Pharmacology & Health Economics Ph (09) 921 9999 ext. 7870 | Email: charon.lessing@aut.ac.nz
	**Methodology** • Quantitative, Mixed **Research Areas** • Health policy (pharmaceuticals). • Pharmacoeconomics • HIV • Working with health datasets. *Honours and Masters supervision availability* *https://academics.aut.ac.nz/charon.lessing*

Disaster Risk Management and Development

Dr Kat Hore	Lecturer | Disaster Risk Management and Development Ph (09) 921 9999 ext. 31310 | Email: kat.hore@aut.ac.nz
	**Methodology** • Participatory research • Participatory methods • Mixed methods **Research Areas** • Disaster risk reduction and resilience building • Climate change adaptation • Participatory approaches to disaster risk management and development • Participation theory • Children's participation in development • Wellbeing *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kat.hore*

Associate Professor Loic Le De	Associate Professor Centre for Interdisciplinary Trauma Research Affiliate Member of the AUT Pacific Health Research Centre Ph (09) 921 9999 ext. 7499 | Email: loic.le.de@aut.ac.nz
	**Methodology** • Mixed methods (qualitative and quantitative) • Community-based participatory research • Policy research **Research Areas** • Disaster risk reduction and disaster management • Community-based disaster risk reduction • Migration and remittances • Participatory tools for disaster risk reduction • Post-disaster recovery • Disaster risk reduction and climate change adaption policies • Marginalized and disaster • Pacific Region

	Masters and Doctoral supervision availability *https://academics.aut.ac.nz/loic.le.de*

Dr Aditi Sharan	Lecturer | Disaster Risk Management and Development Ph (09) 921 9999 ext 33135 | Email: aditi.sharan@aut.ac.nz
	**Methodology** • Qualitative research • Participatory research • Mixed methods (qualitative and quantitative) **Research Areas** • Disaster risk reduction (DRR) and management • Gender; gender beyond binaries • Post-colonialism • Social inclusion in DRR and climate change adaptation • Disaster risk governance • Risk informed development planning • Participatory tools in DRR and development planning *Masters and Doctoral supervision availability* *Aditi Sharan | Mōku | About | Auckland University of Technology*

Health Law and Healthcare Ethics

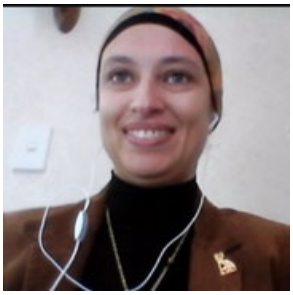

Professor Kate Diesfeld	Professor | Health Law Ph (09) 921 9999 ext. 7837 | Email: kate.diesfeld@aut.ac.nz
	**Methodology** • Critical legal analysis • Qualitative methodologies **Research Areas** • Medical law • Mental health law • Disability and intellectual disability law • Legal and ethical aspects of medical decision-making • International comparative medical law • Human rights • Professional regulation and discipline • Tribunal processes and decision-making • Interdisciplinary health, disability and law *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kate.diesfeld*

Olivia Kelly	Senior Lecturer Ph (09) 921 9999 ext. 7757 | Email: olivia.kelly@aut.ac.nz
	**Methodology** • Thematic Analysis • Case reviews (legal) **Research Areas** • Professional practice • Professional discipline • Medico-legal • Disability law • Digital harm • Capacity to consent *Honours and Masters supervision availability* https://academics.aut.ac.nz/olivia.kelly

Dr Amanda B. Lees	Senior Lecturer Programme Leader - Healthcare Ethics Ph (09) 921 9999 ext. 7647 | Email: amandab.lees@aut.ac.nz
	**Methodology** • Qualitative • Case Study **Research Areas** • Ethics education • Values-based decision-making • Ethical analysis of professional practice • Scholarship of Technology Enhanced Learning (SoTEL) *Honours and Masters supervision availability* *https://academics.aut.ac.nz/amandab.lees*

Health Sciences

Dr Kay Hammond	Senior Lecturer | Health Sciences Ph (09) 921 9999 ext. 7845 | Email: kay.hammond@aut.ac.nz
	**Methodology** • Prefer mixed method or qualitative if numbers do not permit meaningful statistics. • Thematic analysis, content analysis, grounded theory, critical discourse analysis, various sorts of qualitative data coding. • Questionnaires and interviews. **Research Areas** • People's experiences of health or educational settings • Teaching and learning in higher education • Student perceptions of their university experience • Reflective practice *Masters' supervision availability* *https://academics.aut.ac.nz/kay.hammond*

Dr Ayah Elsayed	Senior Lecturer Member | AUT Institute of Biomedical Technologies Ph (09) 921 9999 ext. 6796 | Email: ayah.elsayed@aut.ac.nz
	**Research Areas** • Cardiorespiratory medicine and haematology • Medical and Health sciences • Medical physiology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/ayah.elsayed*

Dr Kath Hoare	Senior Lecturer **|** Health Sciences Ph (09) 921 9999 ext. 7117 | Email: kath.hoare@aut.ac.nz
	**Methodology** • Quantitative – descriptive design • Mixed Methods - (combination of Qualitative and Quantitative methods) • Qualitative Methods – various theories and approaches **Research Areas** • Health Education and Interprofessional Education • Tertiary Education – scholarship of learning and teaching and student support • Primary Health Care and Health Promotion – including public health. • Nursing – education, integrative approaches to health and well-being *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kath.hoare*

Dr Kelvin Lau	Senior Lecturer **|** Health Sciences Ph (09) 921 9999 ext. 8062 | Email: kelvin.lau@aut.ac.nz
	**Methodology** • Mixed methods, experimental • Molecular biology • Quantitative including bioinformatics and statistical analysis of large datasets. • Questionnaires and interviews **Research Areas** • Microbial Ecology and biotechnology • Human-microbe's interactions and technology • Wellbeing in learning and teaching • Community health • Use of microbial communities as indicators of environmental and human health *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kelvin.lau*

Interprofessional Health Management

Associate Professor Nick Garrett	Associate Professor | Interprofessional Health Management Senior Biostatistician | Department of Biostatistics and Epidemiology Member | AUT Gambling & Addictions Research Centre Ph (09) 921 9999 ext. 7773 | Email: ngarrett@aut.ac.nz
	**Methodology** • Biostatistics • GIS • Environmental epidemiology • Social epidemiology **Research Areas** • Physical activity and the urban environment • Māori health • Environmental health effects • Social and cultural determinants of health • Health inequalities • Spatial modelling • Problem gambling • Tobacco control *Masters research and Doctoral supervision availability* *https://academics.aut.ac.nz/nick.garrett*

Dr Meenal Rai	Deputy Head of School (Academic) | Community and Public Health Senior Lecturer Member | Migrant and Refugee Health Research Centre Ph (90) 921 9999 ext. 7563 | Email: meenal.rai@aut.ac.nz
	**Methodology** • Qualitative inquiry and analysis applying social constructionism, interpretive description, phenomenology • Qualitative methodology including auto-ethnography, action research, projective techniques, online focus groups **Research areas** • Diet, health, and social sciences • Migrant health • Sustainable consumption • Behavioural and socio-cultural aspects of diet and health • Education practices and contemporary transitions *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/meenal.rai*

Dr Caroline Stretton	Senior Lecturer Member |AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7658 | Email: caroline.stretton@aut.ac.nz
	**Methodology** • Mixed methods • Interpretive descriptive • Realist research methods • Intervention development **Research Areas** • Rehabilitation • Neurological physiotherapy • Physical activity • Real-world walking • Health coaching • Behaviour change *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/caroline.stretton*

Psychotherapy and Counselling

Victoria Clarke	Lecturer | Programme Leader Child & Adolescent Psychotherapy Ph (09) 921 9999 ext. 27074 | Email: victoria.clarke@aut.ac.nz
	**Methodology** • Qualitative • Interpretive Description • Hermeneutic literature review • Modified systematic literature review **Research Areas** • Child and Adolescent Psychotherapy • Teletherapy • Parent-infant work • Identity of parents and psychotherapists *Honours and Masters supervision availability*

Dr Paula Collens	Head of Department – Mental Health and Wellbeing Senior Lecturer Email: paula.collens@aut.ac.nz

	**Methodology**
	• Qualitative (specifically IPA, thematic analysis)
	Research Areas
	• Practice-based and conceptual questions that emerge in the areas of:
	  ○ Counsellor and psychotherapy education
	  ○ Clinical supervision
	  ○ Talking, creative and arts-based therapies and counselling
	  ○ psychology
	  ○ Race, culture and sexualities, LGBTQ identities
	• Questions that emerge at the intersection of psychology, psychotherapy, education, music and/or the arts

	• Relational dimensions of teaching and learning *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/paula.collens*

Associate Professor Elizabeth Day	Associate Professor | Psychotherapy and Counselling Ph (09) 921 9999 ext. 7026 | email Elizabeth.day@aut.ac.nz
	**Methodology** • Qualitative (including post structural hermeneutics, IPA, grounded theory, Foucauldian discourse analysis, thematic analysis) **Research Areas** • Critical discourse (postcolonial, post structural, intersectional, queer theory) • The theory and practice of: • Relational psychotherapy • Humanistic psychotherapy • Existential philosophy and psychotherapy • Yoga therapy • Mindfulness • Climate crisis and psychotherapy • Millennium Development Goals *Honours, Masters and Doctoral supervisions* ***Dr Day is not accepting any new supervisions until February 2027*** *https://academics.aut.ac.nz/elizabeth.day*

Dr Chiara Gasteiger	Lecturer | Psychotherapy and Counselling Email: chiara.gasteiger@aut.ac.nz
	**Methodology** • Quantitative (experimental designs and clinical trials) • Qualitative descriptive • Mixed methods **Research Areas** • Health psychology • Patient-practitioner communication • Placebo effects • Health mindsets • Social context in health • Medication brand changes *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/chiara.gasteiger*

Dr Maria Haenga-Collins	Lecturer | Psychotherapy and Counselling Ph (09) 921 9999 ext. 7048 | maria.haenga-collins@aut.ac.nz
	**Research Areas** • colonisation, Indigenous research methods, Māori-centred research, 'race' and contemporary modes of racism, adoption, narrative, testimony, and poetic transcription. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/maria.haenga.collins*

Alan D. Jones	Lecturer | Psychotherapy and Counselling Email: alan.jones@aut.ac.nz
	**Methodology** • empirical / practice / experimental **Research Areas** • psychotherapy/schizoanlaysis/psychoanalysis • continental philosophy • sound / theatre/ performance. *Masters and Doctoral supervision availability*

Dr Kerry Thomas-Anttila	Head of Department | Psychotherapy and Counselling Senior Lecturer Ph (09) 921 9999 ext. 7211 | Email: kthomasa@aut.ac.nz
	**Methodology** • Qualitative, including hermeneutic phenomenology **Research Areas** • Psychotherapy • Psychotherapy and education/learning • Learning and the unconscious • Relational psychoanalysis • Practice-based evidence • Trauma • The intersection of hermeneutic phenomenology and psychotherapy • Case study research, including ethics *Masters and Doctoral supervision* *https://academics.aut.ac.nz/kerry.thomasanttila*

Professor Keith Tudor	Professor Ph (09) 921 9999 ext. 7221 | Email: ktudor@aut.ac.nz
	**Methodology** • Qualitative, specifically heuristic; hermeneutic; empirical-deductive **Research Areas** • Psychotherapy and politics • Psychotherapy and culture • Humanistic psychotherapy • Transactional analysis • Constructivism and co-creativity • Person-centred therapy • Group therapy • Education/training and supervision of psychotherapists • Time and time-limited therapy • Positive mental health and mental health promotion • Masculinity and violence *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/keith.tudor*

Francie van Hout	Lecturer | Psychotherapy and Counselling Ph (09) 921 9999 ext. 7408 | email francie.vanhout@aut.ac.nz
	**Research Areas** Qualitative Research - A Phenomenological Study of Learning in Psychotherapeutic Supervision: The Perspective of the Experienced Practitioner as Supervisee. *Honours and Masters supervision availability* *https://academics.aut.ac.nz/francie.vanhout*

Public Health

Associate Professor Sari Andajani	Associate Professor | Public Health Ph (09) 921 9999 ext. 7738 | Email: sari.andajani@aut.ac.nz
	**Methodology** • Mixed methods • Quantitative • Qualitative • Participatory action research **Research Areas** • Gender based violence • Youth sexuality and reproductive health • Health and human rights • Maternal and child health • International development • Indonesia *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sari.andajani* ***Sari is unavailable for any further supervisions until further notice***

Associate Professor Radilaite Cammock	Deputy Associate Dean | Pacific Advancement Associate Professor | Public Health Member of AUT Pacific Health Research Centre Ph (09) 921 9999 ext. 77007 | Email: radilaite.cammock@aut.ac.nz
	**Methodology** • Pacific Research Design • Talanoa • Mixed methods – Quantitative and Qualitative • Action research (participatory) **Research Areas** • Pacific health • Pacific research paradigms and methodology • Pacific sexual and reproductive health • Non-communicable diseases • Socio-cultural influences in health • Pacific youth empowerment in health • iTaukei (Indigenous Fijian) women's health and wellbeing *Masters and Doctoral supervision availability*

	https://academics.aut.ac.nz/radilaite.cammock

Associate Professor Nadia Charania	Associate Professor | Public Health Co-Director | Migrant and Refugee Health Research Centre Deputy Director – New Zealand Policy Research Institute Member | AUT Child and Youth Health Research Centre Ph (09) 921 9999 ext. 5430 | Email: nadia.charania@aut.ac.nz
	**Methodology** • Community-based participatory research • Qualitative • Mixed methods **Research Areas** • Migrant and refugee health • Maternal and child health • Vaccine-preventable diseases • Immunisations • Public health • Global health • Public health emergency preparedness • Infectious disease prevention and control • Health service, policy and practice • Health inequities • Community participation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nadia.charania*

Dr Cath Conn	Deputy Head of School (Research) | Community and Public Health Co-Director | AUT Child and Youth Health Research Centre Member | Migrant and Refugee Health Research Centre Ph (09) 921 9999 ext. 7404 | Email: cath.conn@aut.ac.nz
	**Methodology** • Qualitative • Participatory • Applied and action research • Policy research • Narrative **Research Areas** • Public health policy & management • HIV / AIDS prevention • Youth sexual health • Gender empowerment • International development • NGOs *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/cath.conn* ***Cath is unavailable for any further supervisions until the end of 2026***

Associate Professor Ailsa Holloway	Associate Professor | Postgraduate Programme Leader Public Health, Interdisciplinary, DRM Ph (09) 921 9999 ext. 6796 | Email: ailsa.holloway@aut.ac.nz
	**Research Areas** • Urban risk • hydro-meteorological risks • humanitarian emergencies • transboundary risks • post-disaster studies • cross-disciplinary (transdisciplinary) disaster risk research. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/ailsa.holloway*

Professor Rita Krishnamurthi	Head of Department – Public Health Deputy Director AUT National Institute for Stroke and Applied Neurosciences (NISAN) Ph (09) 921 9999 ext. 7809 | Email: rkrishna@aut.ac.nz
	**Methodology** • Quantitative • Cross-sectional and cohort studies • Randomised controlled trials • Digital technologies **Research Areas** • Cerebrovascular disease (stroke, transient ischaemic attack) risk factors, prevention, prognosis and prognostic factors, outcomes, treatment, biomarkers • Dementia epidemiology • Clinical epidemiology • Neurodegenerative disorders (Parkinson's disease) *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/rita.krishnamurthi*

Dr Bible Sung Kyong LEE	Lecturer Ph (09) 921 9999 ext. 6796 | Email: bible.lee@aut.ac.nz
	Methodology • Quantitative (Directed Acyclic Graphs (DAGs), Linear regression using STATA) • Qualitative (In-depth interviews, Focus groups, Case studies, Ethnography, Thematic analysis) • Mixed methods • Longitudinal studies Research Areas • Social epidemiology, epidemiology • Asian health • Migrant health • Public health models (Conceptual & Explanatory Frameworks, Participatory & Indigenous-Informed Models) • Health equity *Honours and Masters and Doctoral supervision availability* *Bible Lee | Mōku | About | Auckland University of Technology*

Professor Lester Levy	Professor of Digital Health Leadership Email: lester.levy@aut.ac.nz
	**Methodology** • Qualitative methods • Mixed methods • Case study **Research areas** • Health leadership and governance • Digital health disruption • Perceptions of digital health • The extent to which digital health is transformation or technology led • The extent to which digital health liberates or limits patients • Digital health as a facilitator of equity in health service delivery • Governing digital health transformation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/lester.levy*

Dr Anja Vorster	Lecturer and Data Analyst/Manager Member | AUT Gambling & Addictions Research Centre Email: anja.vorster@aut.ac.nz
	**Methodology** • Observational and experimental research designs • Quantitative data and statistics **Research Areas** • Theories used in social psychology • Social identify approach • Intergroup relations and intergroup emotions. *Masters supervisor and Doctoral co-supervisor* *https://academics.aut.ac.nz/anja.vorster*

Public Health & Mental Health Research Institute | https://phmhri.aut.ac.nz/

Associate Professor Maria Bellringer	Director – AUT Gambling & Addictions Research Centre Acting Director AUT Public Health and Mental Health Research Institute PGR Lead – Community and Public Health Ph (09) 921 9999 ext. 7232 | Email: maria.bellringer@aut.ac.nz
	**Methodology** • Quantitative • Qualitative – descriptive and thematic analyses • Longitudinal studies • Clinical trials • Evaluations **Research Areas** • Gambling and addictions *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/maria.bellringer*

Dr Tugce Bakir-Demir	Research Fellow | AUT Pacific Health Research Centre Ph (09) 921 9001 ext. 33098 | Email: tugce.bakir-demir@aut.ac.nz
	**Methodology** • Quantitative and qualitative methods • Longitudinal • Randomised controlled trial **Research Areas** • Developmental psychology across the lifespan • Autobiographical and vicarious memory • Language development • Greenspace exposure and child development outcomes *Honours, Masters, and Doctoral supervision availability* *https://academics.aut.ac.nz/tugce.bakir.demir*

Professor El-Shadan (Dan)Tautolo	Director | AUT Pacific Health Research Centre Associate Dean - Pacific Ph (09) 921 9999 ext. 7527 | Email: elshadan.tautolo@aut.ac.nz
	**Methodology** • Mixed methods – quantitative and qualitative **Research Areas** • Public health and epidemiology with specific focus on Pacific health related issues • Men's health • Fatherhood and fathering behaviours *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/dan.tautolo*

Associate Professor Isaac Warbrick	Director | Taupua Waiora Research Centre Ph (09) 921 9999 ext. 7591 | Email: isaac.warbrick@aut.ac.nz
	**Research Areas** • Exercise physiology • Exercise and health. • Māori men's health • Exercise and epigenetics. • Traditional health models • Augmented reality and • Cultural reconnection *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/isaac.warbrick* ***Currently unavailable for any further supervisions***

Professor Denise Wilson	Associate Dean Māori Advancement (Postgraduate) Professor Hauora Māori Taupua Waiora Research Centre Ph (09) 921 9999 ext. 7392 | Email: denise.wilson@aut.ac.nz
	**Methodology** • Qualitative (primarily) and quantitative • Māori-centred Kaupapa Māori • Grounded theory • Case study **Research Areas** • Māori/indigenous health • Cultural issues • Family violence • Health workforce development *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.wilson*

Taupua Waiora Research Centre | https://twmrc.aut.ac.nz/

Associate Professor Isaac Warbrick	Director | Taupua Waiora Research Centre Ph (09) 921 9999 ext. 7591 | Email: isaac.warbrick@aut.ac.nz
	**Research Areas** • Exercise physiology • Exercise and health. • Māori men's health • Exercise and epigenetics. • Traditional health models • Augmented reality and • Cultural reconnection *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/isaac.warbrick*

Dr Te Wai Barbarich-Unasa	Lecturer | Te Ara Hauora Taupua Waiora Research Centre Ph (09) 921 9999 ext. 26376 | Email: tewai.barbarich-unasa@aut.ac.nz
	**Methodology** • Kaupapa Māori • Māori centred • Qualitative **Research Areas** • Rangatahi (Young people) • Hauora Māori • Health service engagement • Violence prevention *Honours and Masters and Doctoral supervision availability* https://academics.aut.ac.nz/tewai.barbarich.unasa

Kirsten Gabel	Senior Lecturer | Te Ara Hauora Ph (09) 921 9999 ext. 32553 | Email: kirsten.gabel@aut.ac.nz
	Methodology • Kaupapa Māori • Māori centred • Qualitative *Honours and Masters supervision availability*

Associate Professor Alayne Hall	Head of Department – Māori, Pacific, Indigenous Health Programme Leader | Violence and Trauma Studies Research Fellow/Lecturer – Taupua Waiora Research Centre Ph (09) 921 9999 ext. 7115 | Email: alayne.hall@aut.ac.nz
	**Methodology** • Qualitative • Kaupapa Māori – Māori Centred • Purakau/Narrative • Case Study **Research Areas** • Māori/Indigenous health • Indigenous children • Violence in families • Historical trauma/Trauma-informed health care • Psychotherapy and counselling *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/alayne.hall*

Associate Professor Dianne Wepa	Associate Professor Te Ara Hauora Taupua Waiora Research Centre Email: Dianne.wepa@aut.ac.nz
	**Research Areas** • Nursing • Pediatrics and reproductive medicine • Public health and health services • Māori health • Mental health • Psychology • Cultural studies *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/dianne.wepa* ***Dianne is unable to take on any further supervision currently.***

Dr Margaret Hinepo Williams	Senior Lecturer Taupua Waiora Research Centre Ph (09) 921 9999 ext. 6837 | Email: margaret.williams@aut.ac.nz
	**Methodology** • Mixed methods inquiry • Kaupapa Māori Health Methodologies • Randomised Trials **Research Areas** • Oranga (health and well-being) • Equity • Indigenous peoples • Māori • Type-2 diabetes mellitus • Neurogenetic disorders • Lifestyle interventions *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/margaret.williams*

Professor Denise Wilson	Associate Dean Māori | Advancement (Postgraduate) Professor Hauora Māori https://twmrc.aut.ac.nz/ Ph (09) 921 9999 ext. 7392 | Email: denise.wilson@aut.ac.nz
	**Methodology** • Qualitative (primarily) and quantitative • Māori-centred Kaupapa Māori • Grounded theory • Case study **Research Areas** • Māori/indigenous health • Cultural issues • Family violence • Health workforce development *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.wilson*

School of Science

Professor Paul Sowman	Head of School | Science Ph (09) 921 9999 ext. 31830 | Email: paul.sowman@aut.ac.nz
	**Methodology** • Neuroimaging • Neurophysiology • Non-invasive brain stimulation • Electroencephalography • Magnetoencephalography • Transcranial Magnetic Stimulation • Electromyography • MRI/fMRI • Machine learning **Research Areas** • Cognitive development • Cognitive neuroscience • Autism • Pain • Sensation/perception • Hearing • Language • Motor control *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/paul.sowman*

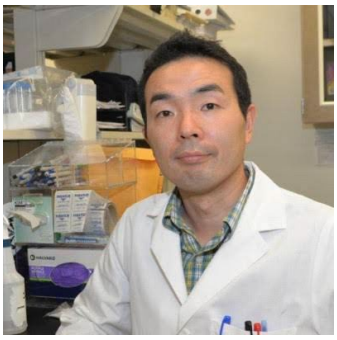

Associate Professor Julie Trafford	Interprofessional Health Management Ph (09) 921 9999 ext. 8952 | Email: julie.trafford@aut.ac.nz
	**Methodology** • Qualitative • Mixed methods • Quantitative **Research Areas** • Higher education (science education, health education) • Transdisciplinary studies • Agency & capacity-capability building • Healthy, sustainable futures • Geography • Environmental Science *Honours, Masters and Doctoral Supervision* *https://academics.aut.ac.nz/julie.trafford*

AUT Brain Health Research Institute

Professor Alice Theadom	Director | Brain Health Research Institute Professor of Psychology and Brain Health Ph (09) 921 9999 ext. 7805 | Email: atheadom@aut.ac.nz
	**Methodology** • Quantitative and qualitative methods **Research Areas** • Traumatic brain injury • Concussion • Factors predicting recovery from injury • Psychological interventions in rehabilitation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/alice.theadom*

Biomedicine and Medical Diagnostics

Wee Leon (Joe) Chang	Senior Lecturer Deputy Head of School (Academic) | Science Programme Leader | Renal Science Ph (09) 921 9999 ext. 8095| Email: wchang@aut.ac.nz
	**Methodology** • Molecular Genetics • LCMS/GCMS/HPLC • Immunochemistry/Chemistry • Electrophoresis • ELISA/RIA • Health informatics SQL/HL7 coding • Bioinformatics **Research Areas** **Scientific** • Molecular Diagnosis in Metabolic Disease • Protein markers for cancer management • Pharmacogenetics • Fundamental research in evolution and clinical aspects of microorganisms • Application of LCMS/HPLC in drug/unknown substances • Detection, evaluation, and prevention of the toxic effects of substances **Health management** • Organisation culture in public health sector • Risk management and strategy in public health sector • Quality assurance and compliance in public health sector **Health Information technology** • Laboratory workflow analytics using IT • Standard analysis in intra-operability for health information technology • SQL/Linux coding for laboratory IT *Honours and Masters supervision availability* *https://academics.aut.ac.nz/wee.leon.chang* *Joe is unable to take on any further supervision currently.*

Dr Yoichi Furuya	Senior Lecturer Ph (09) 921 9999 ext. 33117 | Email: yoichi.furuya@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Vaccine development and evaluation • Immune pathways for enhancing vaccine efficacy • Mucosal immunity against respiratory pathogens • Development and validation of diagnostic immunoassays • Pathogen-host interactions • Development and evaluation of immunotherapeutics *Honours, Masters and Doctoral supervision availability*

Dr Amira Hassouna	Senior Lecturer **|** Health Studies Ph (09) 921 9999 ext. 7314 | Email: amira.hassouna@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Use of novel lines of treatment like nutraceuticals and regenerative medicine, for treatment of diseases. • Investigation of effects of different lines of treatment on signaling pathways of diseases. • Medical Biochemistry and Molecular Biology research • Stem cell research. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/amira.hassouna*

Professor Colleen Higgins	Programme Leader | Biological Science/Biodiversity Conservation Ph (09) 921 9999 ext. 8066 | Email: colleen.higgins@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Molecular genetics • Genomics & transcriptomics • Bioinformatics • Plant/virus molecular interactions. • Transgenic virus resistance • Genetic variability and molecular evolution • Plant virus genetic variability and molecular evolution. • Plant virus ecology. • Application of molecular tools to interesting biological questions *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/colleen.higgins*

Dr Jemila Caplan Kester	Senior Lecturer | Biomedicine and Medical Diagnostics Ph (09) 921 9999 ext. 27370 | Email: jemila.kester@aut.ac.nz
	**Methodology** • Culture of microorganisms and human tissue • Cellular and molecular biology techniques • Systems-level analysis (e.g., 'omics) • Device design for oxygen control **Research Areas** • Microbiome and prebiotics • Host-pathogen interactions. • Immunity and infectious diseases • Biomedical engineering • Systems biology *Honours, Masters, and Doctoral supervision availability* *https://academics.aut.ac.nz/jemila.kester*

Associate Professor Yan Li	Associate Professor **|** Pharmacology | Programme Leader – Biomedical Science Ph (09) 921 9999 ext. 7109 | Email: yan.li@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Drug transporter as therapeutic targets (anti-cancer, cardiovascular and anti-diabetic drugs) • Nanomedicine • Novel drug delivery system to overcome multidrug resistance to chemotherapy. • Novel drug delivery system to improve drug bioavailability. • Develop novel anti-cancer compounds from nature products. • Drug metabolism and pharmacokinetics *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/yan.li*

Dr Philip Lopez	Senior Lecturer | Medical Laboratory Science Ph (09) 921 9999 ext. 30437 | Email: philip.lopez@aut.ac.nz
	**Methodology** • Quantitative • Qualitative • Mixed methods (combining quantitative and qualitative methods) • Case Studies **Research Areas** • Surgical Pathology • Clinical Pathology • Medical Laboratory Science (Haematology, Clinical Chemistry, Clinical Immunology and Serology, Medical Parasitology, Body fluid analysis, Histo- and cytotechniques) • Health leadership • Learning and Teaching • International student lived experiences *Masters and doctoral supervision availability* *https://academics.aut.ac.nz/philip.lopez*

Sharita Meharry	Senior Lecturer | Programme Leader – Medical Laboratory Science Ph (09) 921 9999 ext. 7185 | Email: sharita.meharry@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** Breast cancer • Audit of grade 3 breast cancer in New Zealand women (in collaboration with New Zealand Breast Cancer Register) • Breast cancer-related studies Health management • Organisation culture in public health sector • Risk management and strategy in public health sector • Quality assurance and compliance in public health sector *Honours and Masters supervision availability* *https://academics.aut.ac.nz/sharita.meharry*

Jill Meyer	MD(Spec) Senior Lecturer Ph (09) 921 9999 ext. 8213 | Email: jill.meyer@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Haematology/pathology • Medical • Functional medicine diagnostics • Clinical nutrition *Masters supervision availability* *https://academics.aut.ac.nz/jill.meyer*

Dr Chris Puli'uvea	Senior Lecturer | Immunology Ph (09) 921 9999 ext. 29776 | chris.puliuvea@aut.ac.nz
	**Methodology** • Experimental (Animal & cell-based models) • Clinical (Human participants) • Analytical **Research Areas** • Immunology • Immuno-genetics • Inflammation • Neuroinflammation • Metabolic disease • Māori and Pacific Health *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/chris.puliuvea*

Professor Ali Seyfoddin	Professor | Biomedicine Ph (09) 921 9999 ext. 6033 | Email: ali.seyfoddin@aut.ac.nz
	**Research Areas** • Novel drug delivery devices and formulation • Medicinal cannabis cultivation, extraction, processing and formulation • Natural products design and formulation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/ali.seyfoddin*

Dr Rachael Sumner	Senior Lecturer | Biomedicine Ph (09) 921 9999 ext. 34299 | Email: rachael.sumner@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Neuropharmacology (human studies) • Clinical studies (observational, interventional, and clinical trials) • Women's neurological and psychiatric health • Electroencephalography and computational modelling *Honours,Masters and Doctoral supervision availability* Profile https://academics.aut.ac.nz/rachael.sumner

Dr Gardette Raquel Valmonte-Cortes	Senior Lecturer | Biomedicine Ph (09) 921 9999 ext. 6498 | Email: gardette.valmonte@aut.ac.nz
	**Research Areas** • Molecular mechanisms of immunity in plants, • animals and humans • Molecular plant-microbe interactions • Plant stress responses • Plant virus detection • Calcium-dependent protein kinases and calcium signalling • Allergic immune responses *Masters and Doctoral supervision* *https://academics.aut.ac.nz/gardette.valmonte*

Chemistry

Professor Nicola Brasch	Professor | Chemistry Associate Programme Leader - Chemistry Ph (09) 921 9999 ext. 9373 | Email: nbrasch@aut.ac.nz
	**Research Areas** • Chemistry and biochemistry of vitamin B_{12} • Reaction kinetics and mechanism • Developing photoactive HNO donors • Reactive oxygen and nitrogen species *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nicola.brasch*

Professor Allan Blackman	Professor | Chemistry Ph (09) 921 9999 ext.9642 | Email: allan.blackman@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Inorganic chemistry *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/allan.blackman*

Associate Professor Jack Chen	Associate Professor | Chemistry Ph (09) 921 9999 ext. 8398 | Email: jack.chen@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Medicinal chemistry and drug delivery • Green Catalysis and Sustainable Chemistry • Organic Synthesis and Methodology Development • Understanding reaction mechanisms and kinetics *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jack.chen*

Dr Emma Davison	Lecturer| Chemistry Email: emma.davison@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Medicinal chemistry • RNA/DNA drug discovery, development, and delivery • Organic synthesis and methodology • Bioactive molecules • Research commercialization *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/emma.davison

Mark Duxbury	Lecturer | Chemistry Ph (09) 921 9999 ext. 8742 | Email: mduxbury@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Biochemistry and molecular biology • Pathogenesis related proteins in plants • Enzymology of chitinases and lysozymes • Phytophthora disease of Kauri *Honours and Masters* *https://academics.aut.ac.nz/mark.duxbury*

Associate Professor Marcus Jones	Associate Professor | Chemistry Head of Department and Programme Leader - Chemistry Ph (09) 921 9999 ext. 5436 | Email: marcus.jones@aut.ac.nz
	**Research Areas** Photophysical processes that enable new functionality in hybrid-nanoscale materials, including: • Multi-excitons in colloidal quantum dots. • Exciton-plasmon coupling in semiconductor/metal hybrid nanosystems. • Interfacial processes in quantum dot exciton relaxation dynamics. • Interaction of nanoparticles with biologically important molecules for theranostic applications. • Ensemble and single-particle time-resolved fluorescence spectroscopy. • Synthesis and characterization of novel core/shell quantum dots and nanocrystals. • Computational modelling of photo-induced dynamics in nanoscale systems. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/marcus.jones*

Associate Professor Jon Kitchen	Associate Professor | Chemistry Ph (09) 921 9999 ext. 32314 | Email: jonathan.kitchen@aut.ac.nz
	**Research Areas** • Supramolecular materials chemistry • Design and synthesis of lanthanide-based materials, with applications spanning photonics, sensing technologies, and catalysis. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jon.kitchen*

Dr Taniela Lolohea	Lecturer | Chemistry Ph (09) 921 9999 ext. 5007 | Email: taniela.lolohea@aut.ac.nz
	**Research Interests** • Atmospheric plasma jet deposition of novel and functional surface coatings • Encapsulation and delivery systems • Advanced surface coatings and nanotechnology • Pacific indigenous science towards revolutionary materials *Masters and Doctoral supervision availability* Taniela Lolohea Profile | Auckland University of Technology (aut.ac.nz)

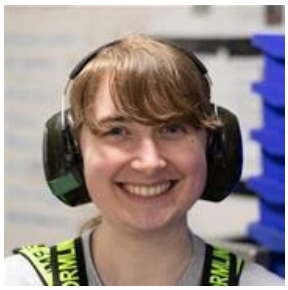

Adrian Owens	Senior Technician Ph (09) 921 9999 ext. 6067 | Email: adrian.owens@aut.ac.nz
	**Research Areas** • Physical Chemistry • Organic Chemistry *Honours and Masters supervision availability*

Earth and Life Sciences

Dr Ansh Anshuka	Lecturer |Environmental Science Ph (09) 921 9999 Ext. 33157 | Email: ansh.anshuka@aut.ac.nz
	**Methodology** • Machine learning • Agent-based modelling • Mixed method (Likert scale, Interviews) **Research Areas** • Hydrology (Predictive modelling) • Disaster risk studies • Extreme weather systems research • Cyclone and Climate dynamics *Honours and Masters Supervision availability* *https://academics.aut.ac.nz/ansh.anshuka/about*

Dr Craig Bishop	Lecturer | Environmental Science Programme Leader - Environmental/Marine Science Ph (09) 921 9999 ext. 5084 | Email: craig.bishop@aut.ac.nz
	**Methodology** • Quantitative measurement of forest, wetland & duneland ecosystems • Semi-quantitative vegetation measurement • Vegetation condition and assessment frameworks • Vegetation classification and mapping • Vegetation sampling and experimental design **Research Areas** • Long-term, landscape-scale monitoring of terrestrial ecosystems • Urban ecosystems and ecology • Measuring restoration success • Impact of plant & animal pests on indigenous ecosystems • Provision of ecosystem services from restored wetland ecosystems *Can supervise Honours and Masters* https://academics.aut.ac.nz/craig.bishop

Professor Kathrin Bolstad	Professor | Environmental Science Ph (09) 921 9999 ext. 6590 | Email: kat.bolstad@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Invertebrate taxonomy • Cephalopods • Crustaceans • Spiders • Marine invertebrate zoology (primarily cephalopods) *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kathrin.bolstad* *Kathrin is unable to take on any further supervisions currently.*

Dr Heather Braid	Senior Lecturer | Environmental Science Ph (09) 921 9999 ext. 28567 | Email: heather.braid@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Invertebrate systematics • Genetics • Ecology • Cephalopods *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/heather.braid*

Dr Dan Breen	Senior lecturer | Programme Leader – Environmental Science and Marine Biology Ph (09) 921 9999 ext. 5731 | Email: dan.breen@aut.ac.nz
	**Research Areas** • Conservation and ecology • Geographic Information Systems • Marine ecology • Marine protected areas • Marine spatial planning • Spatial and statistical modeling *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/daniel.breen*

Professor Hannah Buckley	Associate Dean - Transformation Professor | Environmental Science Ph (09) 921 999 ext. 5041 | Email: hannah.buckley@aut.ac.nz
	**Research Areas** • Community ecology and ecological biogeography: • Spatial and temporal patterns in species interactions (food webs), species richness, composition, functional traits, and phylogenetic diversity • Predicting ecological dynamics using spatial patterns in biological populations and communities • Lichens, ferns, vascular plants, invertebrates, microorganisms • Ecology of New Zealand sand dune ecosystems: • Ecology and population genetics of pīngao (*Ficinia spiralis, Cyperaceae*) • The use of drone imagery in sand dune ecology and conservation • Enhancing native biodiversity in agroecological landscapes *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/hannah.buckley* *Hannah is unable to take on any further supervisions currently.*

Professor Bradley Case	Professor | Environmental Science Programme Leader – Geospatial Science Ph (09) 921 9999 ext. 5231 | Email: bradley.case@aut.ac.nz
	**Research Areas** • Geographical Information Systems (GIS) • Remote Sensing • Python Programming for GIS • Plant Ecology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/bradley.case*

Graham Hinchliffe	Senior Research Officer | Environmental Science Ph (09) 921 9999 ext. 8771 | Email: graham.hinchliffe@aut.ac.nz
	**Research Areas** • UAV Remote Sensing • Visualisation and analysis of multispectral point clouds • Exploring overlaps between GIS, Photogrammetry and Virtual Reality • Gamification of GIS data for community engagement (e.g., Disaster Risk Reduction) *Honours and Masters supervision availability* *https://academics.aut.ac.nz/graham.hinchliffe* *Graham is unable to take on any further supervisions currently.*

Professor Sebastian Leuzinger	Professor | Environmental Science Ph (09) 921 9999 ext. 6944 | Email: sleuzing@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Plant water and carbon relations across various scales. • Plant growth and phenology. • The effect of global environmental change on plants • Meta-analyses of global change experiments • General terrestrial and marine ecology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sebastian.leuzinger*

Dr Luke McClean	Lecturer & Data Analyst | Environmental Science Email: luke.mcclean@aut.ac.nz
	**Methodology** • Observational and experimental design • Quantitative statistics • GIS • Ornithology fieldwork **Research areas** • Evolutionary Biology • Behavioural ecology • Brood parasitism • Avian conservation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/luke.mcclean*

Dr Arola Moreras Marti	Lecturer | Earth Science Ph (09) 921 9999 ext. 32697 |Email: arola.moreras.marti@aut.ac.nz
	**Methodology** • Stable isotope analysis of carbon and sulfur • Organic biomarker studies • Microbial community analysis **Research Areas** • Biogeochemical cycling of sulfur and carbon: focusing on the cycling processes of sulfur and carbon particularly in extreme environments such as geothermal sites, and deep-sea methane seeps by mixing microbiology and geochemistry studies. • Planetary habitability: exploring the conditions for planetary habitability through the study of geobiochemical cycles in extreme environments. • Astrobiology: researching the potential for life on other planets through the study of sulfur isotopes and their ability to distinguish between biotic and abiotic processes *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/arola.moreras.marti*

Associate Professor John Perrott	Associate Professor | Conservation Ecology and Mātauranga Māori Programme Leader - Applied Conservation Ph (09) 921 9999 ext. 8654 | Email: jperrott@aut.ac.nz
	**Methodology** • Quantitative and Qualitative **Research Areas** • Mātauranga Māori (Kaitiakitanga) • Adaptive management of taonga species • Parasite ecology • Avian and reptile ecology • Disease screening of kiwi nocturnal houses for fungal pathogens *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/john.perrott*

Dr Marta Ribo Gene	Head of Department | Earth and Life Science Senior Lecturer | Geoscience, Marine Geoscience and Environmental Science Ph (09) 921 9999 ext. 27968 | Email: marta.ribo.gene@aut.ac.nz
	**Methodology** • Marine sediment samples • Geophysical data (bathymetry, seismic profiles) • Hydrographic data (temp, salinity profiles) • Hydrodynamic data (ocean current measurements) • Geographical information systems (GIS) **Research Areas** • Marine geology • Seafloor geomorphology (depositional and erosional features) • Marine sedimentary records and structure evolution • Sediment transport and distribution from coast to deep ocean • Oceanography and sediment dynamics • Human activity impacts on the seafloor and marine environment *Honours, Masters and Doctoral supervision availability* *Marta Ribo Gene | Mōku | About | Auckland University of Technology*

Dr Rebecca Rogers	Lecturer | Environmental Science and GIS Ph (09) 921 9999 ext. 32504 | Email: rebecca.rogers@aut.ac.nz
	**Research Areas** • Spatial and movement ecology • Techno ecology • UAV Remote Sensing *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/rebecca.rogers*

Dr Cate Ryan	Lecturer | Environmental Science Ph 021 0824 9187| Email: cate.ryan@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Dune ecosystem condition and risks • Dune restoration • Biodiversity and ecosystem monitoring • Forest, wetland and duneland habitat classification, mapping and condition assessments • Applied remote sensing *Masters and Doctoral supervision availability* • *https://academics.aut.ac.nz/cate.ryan*

Dr Amandine Sabadel	Senior Lecturer | Science of the Environment and Ecosystem Dynamics (SEED) lab Ph 021311796| Email: amandine.sabadel@aut.ac.nz
	**Methodology** • Stable isotopes • eDNA • Analytical chemistry **Research Areas** – across any marine, freshwater and terrestrial systems • Biogeochemistry • Parasitology • Animal diet and movements • Taonga and invasive species management • Food webs *Honours and Masters and Doctoral supervision availability* https://academics.aut.ac.nz/amandine.sabadel *Amandine is unable to take on any further supervisions currently.*

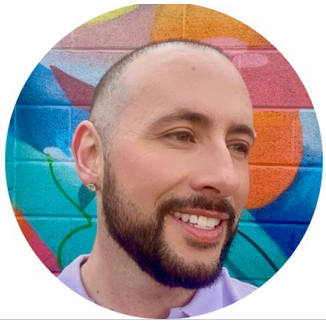

Associate Professor Armagan Sabetian	Associate Professor **|** Marine Science Programme Leader for BSc (standard) Ph (09) 921 9999 ext. 8004 | Email: armagan.sabetian@aut.ac.nz
	**Methodology** • Quantitative and qualitative **Research Areas** • Pacific Islands/tropical fisheries • Fish population dynamics. • Fish otolith chemistry. • Fish reproduction • Aquaculture • Ecosystems functions and habitual utilization • Conservation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/armagan.sabetian* *Armagan is unable to take on any further supervisions currently.*

Dr Antony Vavia	Lecturer | Marine and Environmental Science Ph (09) 921 9999 ext. 28370 | Email: antony.vavia@aut.ac.nz
	**Methodology** • Quantitative • Qualitative • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Pacific Islands/tropical fisheries • Fish reproduction • Fish population dynamics • Pacific conservation/resource management *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/antony.vavia*

Associate Professor Kay C. Vopel	Associate Professor | Environmental Science Ph (09) 921 9999 ext. 6461 | Email: kay.vopel@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Aquatic ecology and biogeochemistry • Animal-sediment interactions • Sediment-water solute exchange processes • Underwater experimentation with electrochemical microsensors • Seafloor and water column monitoring *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kay.vopel*

Professor Lindsey White	Professor | Phycology and Fisheries Ph (09) 921 9999 ext. 8065 | Email: lindsey.white@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Seaweed utilisation by humans and marine herbivores • Human seaweed utilisation, e.g., seaweed farming • Plant / herbivore interactions relating to diet choice and digestive physiology, particularly of marine herbivorous fishes. • Bioactive compounds in seaweed and their impact in human health • Variation in the chemical composition of seaweed and impacts on human and herbivore diet choices and health *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/lindsey.white*

Food Science and Microbiology

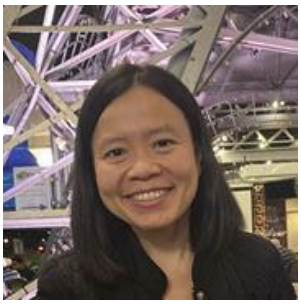

Professor Daniel Granato	Professor | Food Science Deputy Head of School (Research) | Science Email: daniel.granato@aut.ac.nz
	**Methodology** • Quantitative, including experimental design, optimisation, and simulations • Qualitative – descriptive analysis in sensory evaluation • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Development of Functional Foods • Testing functional properties in human cells and plasma • New analytical methods applied in food science and nutrition • Antioxidant and Anti-inflammatory properties • Encapsulation of ingredients *Honours, Masters and Doctoral supervision* Daniel Granato | Mōku | About | Auckland University of Technology

Professor Nazimah Hamid	Professor | Food Science Ph (09) 921 9999 ext. 6453 | Email: nhamid@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Sensory science • Consumer testing of foods • Food product development *Masters and Doctoral supervision* *https://academics.aut.ac.nz/nazimah.hamid* *Nazimah is unable to take on any further supervisions currently.*

Dr Syrie Hermans	Senior Lecturer Ph (09) 921 9999 ext. 29034 | Email: syrie.hermans@aut.ac.nz
	**Methodology** • Molecular microbiology ('omics techniques) **Research Areas** • Microbial ecology • Soil microbiology • Biological indicators of ecosystem health • eDNA based characterizations of macro-communities. *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/syrie.hermans *Syrie is unable to take on any further supervisions currently.*

Associate Professor Rothman Kam	Associate Professor | Food Technology Head of Undergraduate - Students Ph (09) 921 9999 ext. 7620 | Email: rothman.kam@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Food chemistry • Food processing • Food waste valorisation • Food engineering *Masters and Doctoral supervision* *https://academics.aut.ac.nz/rothman.kam* *Rothman is unable to take on any further supervisions currently.*

Professor Donnabella C. Lacap-Bugler	Professor Programme Leader - Microbiology PGR Lead - Science Ph (09) 921 9999 ext. 8089 | Email: dlacapbu@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Soil microbiology • Astrobiology • Aerobiology • Oral Microbiology • Ecological and evolutionary dynamics of micro-organisms • Metagenomics • Microbial stress responses *Masters and Doctoral supervision* *https://academics.aut.ac.nz/donnabella.lacapbugler*

Associate Professor Thao Le	Associate Professor | Food Science and Microbiology Ph (09) 921 9999 ext. 8741 | Email: thao.le@aut.ac.nz
	**Research Interests** • Chemical reactions in food • Proteomics • Bioactive peptides • Application of LC-HRMS in peptide and protein analyses *Masters and Doctoral supervision availability* *Thao Le Profile | Auckland University of Technology (aut.ac.nz)* *Thao is unable to take on any further supervisions currently.*

Dr Kevin Lee	Senior Lecturer | Bioinformatics and Environmental Microbiology Ph (09) 921 9999 ext. 8659 | Email: Kevin.Lee@aut.ac.nz
	**Methodology** • Quantitative • Bioinformatics **Research Areas** Microbial Ecology • Investigation of microbial communities in habitats such as desert soil, the atmosphere, and host-associated environments. • Genomic and metagenomic studies of prokaryotes *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kevin.lee*

Associate Professor Brent Seale	Associate Professor | Programme Leader – Health Protection Ph (09) 921 9999 ext. 8717 | Email: bseale@aut.ac.nz
	**Research Areas** • Food microbiology with a particular reference to dairy processing • Adhesion of bacteria to surfaces and biofilm formation • Molecular identification of bacteria • Extremophilic bacteria *Masters and Doctoral supervision* *https://academics.aut.ac.nz/brent.seale*

Professor Michelle Yoo	Professor | Food Sciences Ph (09) 921 9999 ext. 6456 | Email: myoo@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Value-added food product development • Digestibility profile of foods • Nutritional and physiochemical assessments of foods • Application of bio actives for food product development • Gluten free bread • Insects as foods *Masters and Doctoral supervision* *https://academics.aut.ac.nz/michelle.yoo* *Michelle is unable to take on any further supervisions currently.*

Psychology and Neuroscience (incl. Addictions)

Dr Charmaine Bright	Senior Lecturer | Psychology and Neuroscience Ph (09) 921 9999 ext. 7613 | Email: cbright@aut.ac.nz
	**Methodology** • Qualitative research • Appreciative inquiry • Narrative methodology **Research Areas** • Positive psychology, coaching psychology, developmental psychology • Resilience and motivation • School guidance counselling, adolescent psychology and life skills education • Life transitions and change • Immigration identity issues • Personality *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/charmaine.bright*

Associate Professor Liesje Donkin	Associate Professor | Psychology and Neuroscience Ph (09) 921 9999 ext. 8164 | Email: liesje.donkin@aut.ac.nz
	**Methodology** • Mixed methods **Research Areas** • Challenges of therapy implantation • Body image and eating disorders • Lived experience of inpatient admission • Attitudes to clinical supervision • Systemic issues that impact equity *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/liesje.donkin*

Associate Professor Elizabeth du Preez	Associate Professor| Psychology and Neuroscience Ph (09) 921 9999 ext. 7692 | Email: edupreez@aut.ac.nz
	**Methodology** • Qualitative research – narrative • Discourse and thematic analysis **Research Areas** • Gender and sexual identity studies • LGBTIQ student wellbeing • Family therapy • Trauma • Counselling Psychology • Ethical decision-making models *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/elizabeth.dupreez*

Associate Professor Sonja Goedeke	Associate Professor | Psychology Ph (09) 921 9999 ext. 7186 | Email: sgoedeke@aut.ac.nz
	**Methodology** • Qualitative • Thematic and discourse analysis **Research Areas** • Fertility, infertility • Assisted reproductive technologies and their psychosocial implications • Donor conception • Women's health issues • Parenting *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sonja.goedeke*

Dr Stef Gomes-Ng	Senior Lecturer | Psychology* Email: stef.gomes-ng@aut.ac.nz
	**Methodology** • Quantitative • Lab-based behavioural experiments **Research Areas** • Experimental analyses of behaviour (human and animal) • Multiple cue use in decision making • Behavioural approaches to attention and memory • Mechanisms of choice and self-control *Honours and Masters supervision availability* *https://academics.aut.ac.nz/stef.gomes.ng* ** Stef's primary appointment is with the School* of *Social Sciences & Humanities in the Faculty of Culture and Society*

Dr Sam Guy	Lecturer | Psychology and Neuroscience Ph (09) 921 9999 ext 27065 | Email: sam.guy@aut.ac.nz
	**Methodology** • Quantitative • Qualitative **Research Areas** • Traumatic Brain Injury • Cognitive Testing • Healthcare Accessibility • Forensic Psychology • Rainbow Communities *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/sam.guy*

Dr Dion Henare	Senior Lecturer | Psychology Ph (09) 921 9999 ext. 30256 | Email: dion.henare@aut.ac.nz
	**Methodology** • Quantitative • Lab-based experiments • EEG **Research Areas** • Attention and distraction. • Working/short-term memory • Neural measures of cognition *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/dion.henare*

Dr Amy Kercher	Senior Lecturer Ph (09) 921 9999 extn 5186| Email: amy.kercher@aut.ac.nz
	**Methodology** • Quantitative • Longitudinal • Treatment outcomes **Research Areas** • Clinical psychology • Developmental psychopathology • Early childhood and parenting • Parental anxiety • Anxiety disorders • Cognitive Behavioural Therapy *Can supervise Honours and Masters* *https://academics.aut.ac.nz/amy.kercher*

Professor Chris Krägeloh	Professor | Psychology and Neuroscience AUT Person Centred Rehabilitation Research Centre Ph (09) 921 9999 ext. 7103 | Email: chris.krageloh@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Outcomes research • Psychometrics • Robo-psychology • Mindfulness: Applications and theory *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/chris.krageloh* ***Currently unavailable for any further supervisions***

Professor Jason Landon	Professor | Psychology and Neuroscience Member | AUT Gambling & Addictions Research Centre Ph (09) 921 9999 ext. 7894 | Email: jlandon@aut.ac.nz
	**Methodology** • Quantitative • Single-subject designs • Evaluation • Qualitative **Research Areas** • Gambling and problem gambling • Experimental analyses of behaviour • Health psychology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jason.landon*

Dr Erik Landhuis	Senior Lecturer* Ph (09) 921 9999 ext. 6645| Email: erik.landhuis@aut.ac.nz
	**Methodology** • Quantitative • Longitudinal **Research Areas** • Children and media • Experimental psychology • Cognitive psychology • Cognitive biases and irrational beliefs *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/erik.landhuis* ** Erik's primary appointment is with the School of Social Sciences & Humanities in the Faculty of Culture and Society* ***Currently unavailable for any further doctoral supervisions (2026)***

Dr Jessica McCormack	Lecturer| Psychology and Neuroscience Ph (09) 921 9999 ext 35034 | Email: jessica.mccormack@aut.ac.nz
	**Methodology** • Observational • Experimental • Mixed methods **Research Areas** • Chemosensory perception and sleep health • Predictors of sensory perception and dietary preference • Links between smell and cognition *Honours and Masters and Doctoral supervision availability* https://academics.aut.ac.nz/jessica.mccormack

Dr Mia McLean	Senior Lecturer| Psychology and Neuroscience Ph (09) 921 9999 | Email: mia.mclean@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Developmental Neuroscience • Physiological stress • Child Anxiety • Preterm birth • Prenatal stress • Parenting *Honours, Masters and Doctoral supervision availability* *Mia Mclean Profile | Auckland University of Technology (aut.ac.nz)*

Associate Professor Mangor Pedersen	Associate Professor | Psychology and Neuroscience Head of Department | Psychology and Neuroscience Ph (09) 921 9999 | Email: mangor.pedersen@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Applied Statistics • Artificial Intelligence and Image Processing • Artificial Intelligence and Image Processing Not Elsewhere Classified • Neurology and Neuromuscular Diseases • Neurocognitive Patterns and Neural Networks *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/mangor.pedersen*

Dr Hilda Port	Senior Lecturer | Psychology and Neuroscience Email: hilda.port@aut.ac.nz
	**Methodology** • Quantitative • Qualitative – descriptive **Research Areas** • Kava: A longitudinal study into kava consumption and emerging patterns of kava usage with subsequent effects on Pacific families living in South Auckland • Kava Survey Questionnaire: An exploratory study into the practices surrounding the use of kava, and identification of problematic behaviours as defined by the Diagnostic and Statistical Manual of Mental Disorders 5th Edition (DSM 5) • How Do Evolving Kava Related Practices Impact the Role of Tongan Women Living in Aotearoa? *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/hilda.port*

Associate Professor Simone Rodda	Associate Professor| Psychology and Neuroscience Email: simone.rodda@aut.ac.nz
	**Methodology** • Qualitative analysis including content analysis and reflexive thematic analysis using interview or secondary data (e.g., social media) • Quantitative analysis including experimental designs and clinical trials · Technology based data collection and intervention **Research Areas** • Methods to improve engagement and adherence to internet delivered and brief interventions • Behavioural addictions including gambling, gaming, and pornography • Brief interventions for problematic coffee or sugar consumption • The lived experience of reaching out for help and self-help *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/simone.rodda

Dr Rhoda Scherman	Senior Lecturer | Psychology and Neuroscience Ph (09) 921 9999 ext. 7228 | Email: rscherma@aut.ac.nz
	**Methodology** • Mixed methods (qualitative and quantitative) • Visual Methods (photo-elicitation and PhotoVoice) **Research Areas** • Issues and debates around commercial global surrogacy • Same-sex adoptive parenting • Experiences of growing up with same-sex parents • Indigenous child placement practices • Repatriation distress of international students returning home after studying abroad • Abuse and maltreatment in adoption and foster care • Adjustment of adult adoptees • Openness in adoption practices • Development outcomes for adopted persons • Ethnic and bicultural identity development in adoption • Student attitudes toward collaborative assessments • Sports outcomes and violence against women *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/rhoda.scherman*

Associate Professor Daniel Shepherd	Associate Professor| Psychology and Neuroscience Ph (09) 921 9999 ext. 7238 | Email: dashephe@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Psychometric measurement • Psychophysics • Cognitive neuroscience *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/daniel.shepherd*

Professor Alice Theadom	Director | AUT Brain Health Research Institute Professor of Psychology and Brain Health Ph (09) 921 9999 ext. 7805 | Email: atheadom@aut.ac.nz
	**Methodology** • Quantitative and qualitative methods **Research Areas** • Traumatic brain injury • Concussion • Factors predicting recovery from injury • Psychological interventions in rehabilitation *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/alice.theadom*

Associate Professor Kirsten van Kessel	Associate Professor | Programme Leader Psychology Ph (09) 921 9999 ext. 7691 | Email: kirsten.vankessel@aut.ac.nz
	**Methodology** • Quantitative • Qualitative **Research Areas** • Psychological interventions for fatigue • Cognitive Behaviour Therapy • Technology-based interventions/eHealth/eTherapy *Masters and Doctoral supervision* *https://academics.aut.ac.nz/kirsten.vankessel*

Dr Ying Wang	Senior Lecturer* Ph (09) 921 9999 ext. 5012 | Email: y.wang@aut.ac.nz
	**Research Areas** • Social cognition • Developmental Psychology • Prosocial behaviour • Paret Child interactions • Social robotics *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/y.wang* *Ying's primary appointment is with the School* of *Social Sciences & Humanities in the Faculty of Culture and Society*

Dr Jay Wood	Senior Lecturer* Ph (09) 921 9999 ext. 8506 | Email: jay.wood@aut.ac.nz
	**Research Areas** • Social psychology • Social and personality psychology • Cognition • Psychology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/jay.wood* **Jay's primary appointment is with the School* of *Social Sciences & Humanities in the Faculty of Culture and Society*

School of Sport, Exercise and Health

Dr Katie Bruffy	Head of School | Sport, Exercise and Health Ph (09) 921 9999 | Email: katie.bruffy@aut.ac.nz
	**Methodology** **Research Areas** • Sports management

AUT Sport Research Institute New Zealand

Dr Eric Helms	Co-director AUT Sports Performance Research Institute New Zealand (SPRINZ) Research Fellow | Strength and Conditioning Ph (09) 921 9999 ext. 5195 | Email: ehelms@aut.ac.nz
	**Methodology** • Experimental (quantitative) **Research Areas** • Physique sport – nutrition, resistance training, athlete and coaching psychology • Strength sport – nutrition, resistance training, athlete and coaching psychology Enhancing performance in competitive strength and physique athletes over the career-span through sustainable approaches that respect athlete autonomy, holistic development and mental and physical health. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/eric.helms* ***Currently unavailable for any further supervisions until 2028***

Associate Professor Simon Walters	Co-director AUT Sports Performance Research Institute New Zealand (SPRINZ) Associate Professor Youth Athlete Development Ph (09) 921 9999 ext. 7022| Email: simon.walters@aut.ac.nz
	**Methodology** • Qualitative and mixed methods **Research Areas** • Children in sport • Sideline behaviour • Athlete-centred coaching *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/simon.walters*

Coaching & Youth Development

Dr Tony Oldham	Senior Lecturer | Sports coaching Ph (09) 921 9999 ext. 7057 | Email: toldham@aut.ac.nz
	**Methodology** • Mixed methods **Research Areas** • Perception and Action in Sport • Stress and Performance • Motivated Behaviour in Sport and Exercise • Adherence in Physical Activity • Psychology of the ageing performer • Fatigue and psychological performance *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/tony.oldham*

Professor Kirsten Spencer	Professor | Youth Sport Development and Performance Analysis Acting Head of Department – Sport and Exercise Science Youth Sport Development Research Group Leader |https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7239| Email: kirsten.spencer@aut.ac.nz
	**Methodology** • Quantitative and mixed methods **Research Areas** • Sport Performance analysis • Coaching pathway development • Coaching and coach behaviour • Athlete-centred coaching • Women in Coaching *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kirsten.spencer*

Health, Physical Education & Outdoors

Dr Denise Atkins	Senior Lecturer | Pedagogy Health and Physical Education Research Group Leader | https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7616 | Email: denise.atkins@aut.ac.nz
	**Methodology** • Qualitative **Research Areas** • Pedagogy and practice in health and physical education within the NZ curriculum • NZ curriculum policy • Socio-critical perspectives in health and physical education • Body pedagogies *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/denise.atkins*

Dr Charlotte Jelleyman	Senior Lecturer | Health, Physical Education and Outdoor Education Ph (09) 921 9999 ext. 7078 | Email: charlotte.jelleyman@aut.ac.nz
	**Methodology** • Quantitative • Qualitative • Mixed **Research Areas** • Understanding parent and teacher responses to risk amplifying events • Risk perception in outdoor education • The philosophy of adventure • Rafting as an outdoor education practice *Honours and Masters supervision availability* https://academics.aut.ac.nz/charlotte.jelleyman

Mark Jones	Senior Lecturer | Outdoor Education Major Coordinator Ph (09) 921 9999 ext. 7272 | Email: mark.jones@aut.ac.nz
	**Methodology** • Quantitative, qualitative **Research Areas** • Understanding parent and teacher responses to risk amplifying events • Risk perception in outdoor education • The philosophy of adventure • Rafting as an outdoor education practice *Honours and Masters supervision availability* *https://academics.aut.ac.nz/mark.jones*

Dr Amy Kaukau	Pūkenga | Lecturer - Health & Physical Education Te Kura Hākinakina | Sport, Exercise & Health Te Wānanga Aronui o Tāmaki Makaurau | Auckland University of Technology **P** 021 442690 | **E** Amy.kaukau@aut.ac.nz **|** LinkedIn
	**Methodology** • Qualitative research • Participatory Action Research (PAR) • Kaupapa Māori methodologies through He Awa Whiria **Research Areas** • Health and Physical Education • Bicultural Education and Te Tiriti o Waitangi in Education • Mātauranga Māori in Health and Physical Education • Physical Education Pedagogy, Curriculum Design and Assessment • Teacher Professional Learning, Student Voice and Participatory Research *Masters and Doctoral supervision availability* https://academics.aut.ac.nz/amy.kaukau

Professor Mark Orams	Deputy Vice-Chancellor Research Ph (09) 921 9999 ext. 6410 | Email: morams@aut.ac.nz
	**Methodology** • Mixed methods • Post-positivism **Research Areas** • Outdoor recreation (especially nature based) • Risk and adventure sport and recreation • Sport leadership and organisational culture • Outdoor education (especially environmental education and leadership) • Marine sport and recreation (especially surfing, sailing, scuba diving, paddle-sports, ocean swimming) *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/mark.orams* ***Currently unavailable for any further supervisions***

Dr Nicole Penetito-Hemara (Nikki)	Pūkenga Matua | Senior Lecturer Te Kura Hākinakina | School of Sport, Exercise and Health Email: Nikki.penetito-hemara@aut.ac.nz
	**Methodology** • Qualitative • Kaupapa Māori Research Theory and Practice • Pūrākau and Indigenous Knowledge Systems • Co-design **Research Areas** • Māori Education • Tākaro - Māori Play • Te Ao Kori and Indigenous Movement • Hauora - Māori Health and Wellbeing • Mana Wāhine Theory and Praxis • Haka and Māori Cultural Ceremony/Rituals/Practices • Indigenous Pedagogies • Physical Activity, Sport and Recreation • Systems Transformation • Indigenous Social Innovation *Honours and Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nikki.penetito.hemara/about*

Kylie Thompson	Senior Lecturer Head of Department - Health, Physical Education and Outdoor Learning Ph (09) 921 9999 ext. 6205| Email: kylie.thompson@aut.ac.nz
	**Methodology** • Qualitative **Research Areas** • Health and Physical Education curriculum • Social and emotional learning (through movement) • Pedagogy • Sport, physical activity, and physical education in schools *Honours and Masters supervision availability* *Kylie Thompson Profile | Auckland University of Technology (aut.ac.nz)*

Physical Activity & Nutrition

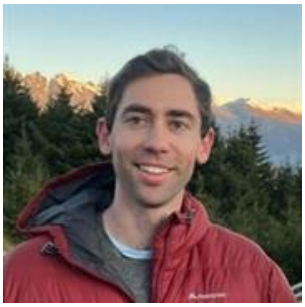

Professor Scott Duncan	Deputy Head of School (Research) |Sport, Exercise and Health Head of Department - Physical Activity and Nutrition Associate Director | AUT Human Potential Centre Ph (09) 921 9999 ext. 7678 | Email: scott.duncan@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Physical activity, health and wellbeing • Outdoor play and connection to nature • Active transport and independent mobility • Urban design for health and wellbeing • School-based health promotion • Body composition research *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/scott.duncan*

Dr Jen Gale	Lecturer | New Zealand Registered Dietitian Email: jen.gale@aut.ac.nz
	**Methodology** • Quantitative/Experimental (humans) • Qualitative methodology • Mixed methods (combining quantitative and qualitative methods) **Research Areas** • Interrupting sedentary time • GLP-1 RA medications • Behaviour and metabolic health • Behavioural Science (in the context of sleep, sedentary time, physical activity and nutrition) *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/jen.gale

Professor Nigel Harris	Dean | Graduate Research School Professor | Sport and Exercise Science Ph (09) 921 9999 ext. 7301 | Email: nigel.harris@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Exercise assessment and prescription for metabolic health • Resistance training *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/nigel.harris*

Professor Erica Hinckson	Professor | Physical Activity and Urban Health Co-Director | Child and Youth Health Research Centre Ph (09) 921 9999 ext. 7224 | Email: erica.hinckson@aut.ac.nz
	**Methodology** • Experimental (quantitative) **Research Areas** • People and communities, across the lifespan Built environment, active commuting, physical activity, obesity, sedentary behaviour, postprandial lipemia, children & youth with disabilities, objective measurement of physical activity and sedentary behaviour, standing desks • Women Teachers' workplace, cycling, NZ Muslim women *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/erica.hinckson*

Dr Anantha Narayana	Research Fellow – Human Potential Research Institute Ph (09) 921 9999 ext 26365 | Email: anantha.narayanan.tl@aut.ac.nz
	**Methodology** • Quantitative • Predictive modelling, Machine learning, Big data **Research Areas** • Physical activity and sedentary behaviour • Population health and wellbeing • Wearable technology, measurement of behaviour, ecological momentary assessment • Health promoting environments. • Time use epidemiology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/anantha.narayanan.tl*

Associate Professor Tom Stewart	Associate Professor Statistical Advisor Human Potential Centre Ph (09) 921 9999 ext. 7855 | Email: tom.stewart@aut.ac.nz
	**Methodology** • Quantitative • Predictive modelling, machine learning, big data **Research Areas** • Physical activity, sedentary behaviour, and health • Wearable technology, measurement of behaviour • Health promoting environments. • Time use epidemiology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/tom.stewart*

Dr Christian Thoma	Senior Lecturer | Biosciences Associate Member | AUT Gambling and Addictions Research Centre Ph (09) 921 9999 ext. 7989 | Email: christian.thoma@aut.ac.nz
	**Methodology** • Quantitative/experimental and cross-sectional • Systematic and scoping reviews **Research Areas** • Clinical exercise physiology/prescription for cardiometabolic disease e.g. type 2 diabetes • Nutrition therapy for cardiometabolic diseases • Nutrition for cognitive health and function • Yoga nidra/non-sleep deep rest • Breathing techniques and technologies • Novel technologies for tracking the autonomic nervous system and circadian rhythms *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/christian.thoma*

Dr. Chien Ju Ting	Research Fellow Member | Migrant and Refugee Health Research Centre Ph (09) 921 9999 ext. 5700 | Email: chien.ting@aut.ac.nz
	**Methodology** • Quantitative interpretation of data (discourse analysis, thematic analysis, narrative studies) **Research Areas** • Discourse studies • Cultural and communication • Identity • Linguistics *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/chien.ting*

Professor Caryn Zinn	Dietitian | Physical Activity and Nutrition Ph (09) 921 9999 ext. 7842 | Email: caryn.zinn@aut.ac.nz
	**Methodology** • Mixed methods case study; Quantitative **Research Areas** The application of i. Low carbohydrate, high fat diets ii. Ketogenic diets iii. Intermittent fasting strategies on metabolic health and sports performance across all ages and population groups. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/caryn.zinn*

Sport Leadership and Management

Gaye Bryham	Deputy Head of School | Sport, Exercise and Health Ph (09) 921 9999 ext. 7739 | Email: gaye.bryham@aut.ac.nz
	**Methodology** • Qualitative • Action Research, Action Learning **Research Areas** • Sport leadership • Diversity and inclusion in sport • Athlete-Life management *Honours and Masters supervision availability* *https://academics.aut.ac.nz/gaye.bryham*

Professor Lesley Ferkins	Professor | Sport and Leadership & Governance Ph (09) 921 9999 ext. 7644 | Email: lferkins@aut.ac.nz
	**Methodology** • Qualitative, especially action research, case study, interpretive approaches **Research Areas** • Sport governance • Sport leadership • Sport development • Sport management *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/lesley.ferkins*

Dr Mel Johnston	Head of Department| Sport Leadership and Management Lecturer | Sport Leadership and Management Email: melody.johnston@aut.ac.nz
	**Methodology** • Quantitative, Qualitative, Mixed Methods **Research Areas** • Major Sport Events • Gender diversity in sport • Sport development • Sport for development • Sport marketing *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/melody.johnston*

Dr Sierra Keung	Pasifika Strategic Development and Relationships Lead Senior Lecturer | Sport, Exercise and Health Ph (09) 921 9999 ext. 6834| Email: skeung@aut.ac.nz
	**Methodology** • Qualitative • Indigenous (Kaupapa Māori and Pacific) **Research Areas** • Māori and Pacific athlete wellbeing • Athlete wellbeing • Athlete development • Coach development • Sport Leadership • Youth sport development *Can supervise Honours and Masters and Doctoral students.* https://academics.aut.ac.nz/sierra.keung

Dr Patricia Lucas	Senior Lecturer | Work-integrate learning/Human physiology and nutrition https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7134 | Email: patricia.lucas@aut.ac.nz

	**Methodology**
	• Qualitative
	• Case study
	• Mixed methods
	Research Areas
	• Education
	  • Work integrated learning
	  • Employability
	  • Targeted populations
	• Physical activity and nutrition
	  • Active aging
	  • Older adults and processed foods
	
	Masters and Doctoral supervision availability
	https://academics.aut.ac.nz/patricia.lucas

Dr Tracy Molloy	Senior Lecturer | Sport Leadership & Management Sport Leadership and Management Research Group Lead | https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7092 | Email: tracy.molloy@aut.ac.nz
	**Methodology** • Critical realism • Case study • Action research • Mixed methods (combining qualitative and quantitative methods) • Ally for co-design (with indigenous methods) **Research Areas** • Sport governance and leadership • Sport integrity *Masters and Doctoral supervision availability* https://academics.aut.ac.nz/tracy.molloy

Associate Professor Simon Walters	Associate Professor Youth Athlete Development Co-director AUT Sports Performance Research Institute New Zealand (SPRINZ) Ph (09) 921 9999 ext. 7022| Email: simon.walters@aut.ac.nz
	**Methodology** • Qualitative and mixed methods **Research Areas** • Children in sport • Sideline behaviour • Athlete-centred coaching *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/simon.walters*

Associate Professor Richard Wright	Sport and Recreation Management Co-Director AUT Centre for Active Ageing Ph (09) 921 9999 ext. 7633 | Email: Richard.wright@aut.ac.nz
	**Methodology** • Mixed, qualitative & quantitative, autoethnography **Research Areas** • Sports event management • Sports facilities management • Sports tourism • Serious leisure *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/richard.wright*

Dr Sarah Wymer	Senior Lecturer | Sport Leadership and Management Email: sarah.wymer@aut.ac.nz
	**Methodology** • Qualitative **Research Areas** • Sport Marketing • Social & Digital Media • Sport Broadcasting • Fan Engagement *Honours, Masters and Doctoral supervision availability* https://academics.aut.ac.nz/sarah.wymer

Sport and Exercise Science

Dr Luigi Bercades	Senior Lecturer | Exercise Science Ph (09) 921 9999 ext. 28653 | Email: Luigi.bercades@aut.ac.nz
	**Methodology** • Mixed methods **Research Areas** • Special populations • Combat sports • Physical fitness • Elderly • Disabled people • Expert knowledge *Honours, Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/luigi.bercades*

Professor John Cronin	Professor | Strength and Conditioning Head of International Partnerships Ph (09) 921 9999 ext. 7523 | Email: john.cronin@aut.ac.nz
	**Methodology** • Experimental, quantitative sport and exercise science **Research Areas** • Kinematics and kinetics of resistance training • Development of strength, power, speed, balance and agility • Wearable resistance • Sport technology ***John is currently unavailable for any further supervisions*** *Masters and Doctoral supervision* *https://academics.aut.ac.nz/john.cronin*

Dr Matt Cross	Research Fellow Ph (09) 921 9001 ext. 28687 | Email: matthew.cross@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Strength and power profiling • Sports technology • Alpine skiing performance • Sprinting and resisted sprint training *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/matthew.cross*

Dr Eric Helms	Research Fellow | Strength and Conditioning Co-director AUT Sports Performance Research Institute New Zealand (SPRINZ) Ph (09) 921 9999 ext. 5195 | Email: ehelms@aut.ac.nz
	**Methodology** • Experimental (quantitative) **Research Areas** • Physique sport – nutrition, resistance training, athlete and coaching psychology • Strength sport – nutrition, resistance training, athlete and coaching psychology Enhancing performance in competitive strength and physique athletes over the career-span through sustainable approaches that respect athlete autonomy, holistic development and mental and physical health. *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/eric.helms* ***Currently unavailable for any further supervisions until 2028***

Professor Patria Hume	Professor | Human Performance Ph (09) 921 9999 ext. 7306 | Email: patria.hume@aut.ac.nz
	**Methodology** • Experimental (quantitative) **Research Areas** • Sports injury biomechanics • Sports performance biomechanics • Sports injury prevention • Sports injury epidemiology • Sport kinanthropometry • Sports technology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/patria.hume*

Professor Andrew Kilding	Professor | Sport Physiology and Nutrition Sports Physiology and Nutrition Research Group Leader | https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7056 | Email: andrew.kilding@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Training and ergogenic methods to enhance endurance performance • Running and movement economy • Quantifying demands of team sports and improving aerobic fitness in team sport athletes • Exercise prescription to enhance cardio-vascular health *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/andrew.kilding*

Dr Ed Maunder	Acting Faculty Associate Dean Postgraduate (Research) Senior Lecturer | Exercise Physiology Ph (09) 921 9999 ext. 6227 | Email: ed.maunder@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Muscle metabolism • Mitochondrial adaptations to exercise training. • Physiological durability in endurance sport *Can supervise Honours, Masters and Doctoral* *https://academics.aut.ac.nz/ed.maunder*

Professor Mike McGuigan	Professor | Strength and Conditioning Ph (09) 921 9999 ext. 7580 | Email: michael.mcguigan@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Resistance training • Strength and power development • Assessment and monitoring of training *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/michael.mcguigan*

Associate Professor Kelly Sheerin	Head of Department - Sport, Exercise and Science (currently on Research and Study Leave) Ph (09) 921 9999 ext. 7364 | Email: Kelly.sheerin@aut.ac.nz
	**Methodology** • Quantitative experimental **Research Areas** • Sports injury biomechanics • Sports injury prevention • Sports kinanthropometry • Sports technology *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/kelly.sheerin*

Dr Alyssa-Joy Spence	Lecturer | Strength and Conditioning Strength and Conditioning Research Group Leader | https://sprinz.aut.ac.nz/ Ph (09) 921 9999 | Email: alyssa-joy.spence@aut.ac.nz
	**Methodology** • Experimental • Quantitative **Research Areas** • Strength sport • Resistance training • Stretching *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/alyssa.joy.spence*

Dr Adam Storey	Senior Research Fellow Lead Strength & Conditioning Specialist for Emirates Team NZ and Canoe Racing NZ. Email: adam.storey@aut.ac.nz
	**Methodology** • Quantitative exercise science • Strength and conditioning **Research Areas** • Acute and chronic adaptations to high-power, high-intensity resistance exercise • Strength and power development • Resistance exercise periodisation • Applied Olympic weightlifting research • Heat acclimation and applied heat stress *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/adam.storey*

Dr Aaron Uthoff	Senior Lecturer – Strength and Conditioning AUT Sports Performance Research Institute New Zealand (SPRINZ) Email: aaron.uthoff@aut.ac.nz
	**Methodology** • Experimental, quantitative **Research Areas** • Kinematics and kinetics of resistance training • Kinematics and kinetics of sprint and change of direction performance • Development of strength, power, speed, and agility • Long term athlete development • Wearable resistance *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/aaron.uthoff*

Associate Professor Chris Whatman	Associate Professor | Sport & Exercise Science PGR Lead – Sport, Exercise and Health Sport Kinesiology Injury Prevention and Performance Research Group Leader | https://sprinz.aut.ac.nz/ Ph (09) 921 9999 ext. 7037| Email: cwhatman@aut.ac.nz
	**Methodology** • Quantitative, experimental, mixed methods **Research Areas** • Injury prevention in youth sports • Specialisation and bio-banding in youth sport • Neuromuscular warm-up in youth sports • Player workload and injury risk • Visual rating of movement tests in athletes *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/chris.whatman*

Dr Danielle Yang	Research Associate Ph (09) 921 9999 ext 28385 | Email: danielle.yang@aut.ac.nz
	**Methodology** • Quantitative **Research Areas** • Mechatronic prototyping for sport technology • Wearable sensor validation • Thermodynamic modelling • 3D motion capture *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/danielle.yang*

Dr Anja Zoellner	Lecturer – Sport, Exercise and Health | Sports Performance Research Institute NZ Ph (09) 921 9999 ext. 28471 | Email: anja.zoellner@aut.ac.nz
	**Methodology** • Quantitative • Qualitative descriptive • Mixed methods **Research Areas** • Sport biomechanics • Injury prevention • Youth sport development • Concussion management *Masters and Doctoral supervision availability* *https://academics.aut.ac.nz/anja.zoellner*
