

VILLA ANTIPODE - Te Ataata - Application form 2026

Art, Science, Technology and Design

[Villa Antipode](#) is a network of artistic residencies in New Zealand, including Randell Cottage (writing), Te Whare Hēra (visual arts), Te Ataata (art, science, technology and design) and Cinematic Arts Miramar (screen art).

[Te Ataata](#) Residency is a joint initiative between AUT and the French Embassy in New Zealand, with the support of Institut Français.

The residency is an opportunity for a practice-based French artist to work alongside their AUT peers on interdisciplinary art, science, technology and design research, with access to the same facilities, expertise and materials as staff during their stay here.

For more details on the residency program, visit our [website](#).

[Auckland University of Technology](#) offers a diverse creative community in an environment where new ideas emerge on a daily basis. AUT is ranked among the top art and design schools in the world, making it the best place to develop the skills and mindset to sharpen creative voices. In shared studio spaces, surrounded by innovation and technology to fuel creativity, this creative environment makes it easy to form close bonds and to have the opportunity to showcase work at their on-campus galleries.
