

AUT PARAMEDICINE RESEARCH DAY 2026

INNOVATIONS AND FUTURE DIRECTIONS
IN PARAMEDIC PRACTICE – 13 FEBRUARY

**AUT**

Join us at AUT's annual Paramedicine Research Day for an engaging day of innovative research, expert presentations and professional networking. Connect with paramedics, clinicians, researchers and students, to exchange knowledge and enhance paramedicine practice. Discover current research, explore ways to refine your own practice, and learn how to begin your research journey at AUT. Morning tea, lunch and refreshments are provided, and attendance counts towards CPD hours.

KEYNOTE SPEAKER

Dr Graham McClelland

Paramedic Research Fellow, Northumbria University (UK)

With over 20 years in paramedicine and a strong focus on pragmatic mixed-methods research, Dr McClelland brings deep insight into prehospital care – particularly stroke and other time-critical emergencies.

INVITED SPEAKERS

Professor Stuart Dalziel

Cure Kids Chair of Child Health Research, Professor of Paediatrics and Emergency Medicine at the University of Auckland, and Director of Emergency Medicine Research at Starship Children's Hospital

Stuart trained in paediatrics in NZ and the UK, and leads global paediatric emergency research. He chairs PERN and has secured over \$40M in funding through HRC and NHMRC grants.

Associate Professor David Anderson

Medical Director, Ambulance Victoria (AUS)

Former Auckland paramedic turned intensive care physician, Associate Professor Anderson has global experience in prehospital and retrieval medicine, trauma critical care, ECMO and bioethics.

Mr Paul Baker

Clinical Director, NZ National Burn Centre

An internationally trained plastic and reconstructive surgeon, Mr Baker leads burn care in Aotearoa and contributes extensively to research and education in burn injury management.

CALL FOR ABSTRACTS AND TRAVEL AWARD

We're now accepting abstract submissions for oral and poster presentations. A travel award is available for one student or early career researcher presenting at the event.

Date:	Friday 13 February
Venue:	AUT North Campus, 90 Akoranga Drive, Northcote, Auckland
