AUT law graduates are no exception – you can find AUT law alumni in top law firms or in business, finance, government, media and other sectors. We offer exceptional learning experiences that prepare students to be successful wherever in the world their career may take them. Alongside core traditional lawyering skills, the AUT Law School offers hands-on learning through practical electives and other opportunities for experiential learning. Moots, dispute resolution exercises, negotiations and drafting court documents are all part of your degree, and will help you build a strong foundation for your future career. You'll learn critical thinking, problem-solving, social and communication skills, and work habits that will prepare you well for a wide range of careers and job opportunities. To complement your learning in class, you can also apply for clerkships and other internship positions. This well-rounded experience stands out to employers and has helped many of our students secure a job before they even graduate.

World-class teaching and learning

We're proud to be one of the world's best modern universities – Times Higher Education has ranked us in the top 1% (251-300) of universities in the world, and first in New Zealand for our global research impact and international outlook. Opened in 2009, the AUT Law School offers you a highly respected and versatile degree that will prepare you for legal practice or a wide range of other career options. Study with us and you'll develop rigorous thinking skills, excellent

communication and advocacy skills, and become a considered and innovative problem solver. We combine large lectures with smaller, interactive classes and workshops to enable you to explore a range of scenarios, and collaborate with other students and academic staff. You also have access to outstanding resources in our library, including a variety of legal databases containing cases, legislation, commentary and other resources from CCH, LexisNexis, Thomson Reuters, Westlaw NZ, HeinOnline and other major legal providers.

World-leading staff

During your studies you'll have many opportunities to interact with law professionals and world-class law academics. Our academic staff are passionate about their subjects and constantly draw on their own experience and research to inform their teaching. This ensures that we're at the forefront of the latest developments within the legal profession, which is also reflected in what you're learning in the classroom.

A thriving community of law alumni

Being able to network and establish lasting relationships is an important part of being a lawyer. When you graduate you automatically become a member of the AUT Law School Alumni Association (AUTLSAA), which makes it easy to stay in touch with the people you've met while studying and make connections with alumni from other cohorts. We're proud of the strong connections with our law alumni, and we often bring them back into the classroom so they can share their experiences and learnings with current students.

Innovative and relevant research

AUT is ranked first in New Zealand for global research impact by Times Higher Education. Our research addresses key issues facing society today, and we have a number of leading research centres and institutes.

AUT Centre for Non-Adversarial Justice

Established in 2016, the AUT Centre for Non-Adversarial Justice aims to identify and promote various models of justice under the broad banner of non-adversarial justice. Theories of non-adversarial justice arise from many different but interconnected law-related disciplines, which offer different approaches to legal problem-solving. They include restorative justice, collaborative law, therapeutic jurisprudence, alternative dispute resolution, problem-solving courts and procedural justice.

AUT Centre for Private Law

Founded in 2015, the AUT Centre for Private Law aims to promote the understanding of private law through a variety of doctrinal, theoretical, empirical, historical and comparative methodologies.

Its task is to facilitate research and debate across the entire spectrum of private law including tort law, contract law, the law of unjust enrichment, property law, equity and private international law.

AUT Centre for Indigenous Rights and Law

The AUT Centre for Indigenous Rights and Law was established in 2017 and aims to raise the visibility of legal rights, issues and customary law relevant to the native peoples of Aotearoa and the Asia Pacific region. This will be achieved through scholarship, teaching and research collaborations within and between local and international institutions. The Centre's members include prominent and emerging indigenous and non-indigenous scholars whose research and teaching has a focus on the development and advancement of indigenous peoples through the law and domestic and international human rights.

Sholan Ivaiti

Barrister/Solicitor, Cook Islands
Bachelor of Laws

"One of the achievements I'm most proud of during my time at AUT was making the dean's list for the Constitutional Law paper in my first year at AUT. I made the decision to pursue a law degree because I could see it would complement my accounting background well, and provide me with an understanding of the legal framework and legal requirements in New Zealand, particularly from a commercial perspective. AUT is geared towards creating a genuine network of students who work together to achieve the most. I appreciated that senior students were willing to make the time to share their experiences in particular subjects with students who are starting their journey at AUT. I've definitely experienced this, and it has been very helpful for me."

Alice Alipour

Solicitor, Shieff Angland Lawyers
Bachelor of Laws

"I appreciated the close relationship with the academics, the friendly students, practical teaching methods and all the cool competitions you could participate in. The things we covered in class are all relevant to today's society. We dealt with issues that are important now and that we would likely encounter once we're in the workforce. I now work at commercial law firm Shieff Angland Lawyers, and currently assist the litigators in preparing pleadings, drafting affidavits and briefs of evidence. I also draft interesting articles in relation to new developments in law. AUT's practical teaching method has enabled me to communicate with the partners effectively. The competitions I completed while I was a law student at AUT have also helped me develop my client interviewing skills."

Ruth Stowers

3rd-year student, Bachelor of Laws

"There are so many groups to join or even to create, and so many opportunities for internships or volunteering. I think these opportunities are so important to make the most of your time at university. It's the people I've met that have made my studies so enjoyable. AUT has students from so many different ages, backgrounds and experiences, and learning from and alongside them has made all the difference. My biggest challenge was adapting to the new schedule, pace and lectures of university life. The AUT Student Hub, scholarship support staff and the students' association offered answers to my endless questions. Through them I was able to find groups and people that shared similar interests, and gave me a purpose and passion outside of the classroom."

What this qualification covers

Part I

You study three compulsory papers: Legal System, Legal Reasoning and Writing, and Personal Property. This makes up half of your first-year study (60 points). The other 60 points must be taken from another AUT degree, which gives you the opportunity to broaden your study and enables you to enrol in one of the double degrees.

If you complete your Part I papers with at least a B grade average in the compulsory law papers, you will be offered a place in Part II. Other students may also be eligible for Part II.

Part II, III and IV

In your second year, you study six further compulsory law papers: Law of Contract, Law of Torts, Constitutional Law, Real Property, Trusts, and Company Law. In your third year you study Judicial Review of Administrative Action, Criminal Law, Advanced Private Law, Public International Law and choose the rest of your papers from law electives. In your final year you study Legal Ethics, as well as a selection of law electives.

Career opportunities

Graduates of AUT's Bachelor of Laws are eligible to gain admission as barristers and solicitors of the High Court of New Zealand on completion of their Professional Legal Studies course. As a lawyer you might practise in a wide range of legal areas including corporate law, commercial and intellectual property, family law, environmental law, criminal law, taxation and general practice.

Law graduates also move into roles that include:

- In-house lawyers in large New Zealand and multinational businesses and organisations
- Patent attorneys
- Policy advisors to central and local government

Samantha Hiew
Barrister and Solicitor,
Heritage Law
Bachelor of Laws

"I knew that I wanted to study law, and I had heard that the AUT Law School is modern and offers programmes that are tailored to what law firms are looking for in university graduates and junior lawyers. That gives the AUT degree an advantage. In my work now, I enjoy the challenge of learning something new every day, and the detail in preparing commercial agreements to protect clients, and their personal or commercial interests. My job involves advising our clients on the transactions that they wish to be involved in and the implications, risks or issues that they should be aware of. I'm responsible for preparing and reviewing documents and agreements for clients, liaising with other lawyers, and doing research on any new area of law that affects our clients' interests."

Katie Creagh

Master of Laws student,

Bachelor of Laws with Honours
(First Class) and Bachelor of Business
in Finance

"I appreciated the contemporary nature of the AUT law degree. Some of the papers analysed the interaction of New Zealand law with new innovations and technological challenges. For example, I wrote an essay on the legality of drones within the New Zealand legal system, while some of my fellow students wrote essays on the legality of bitcoin, or using blockchain technology within the legal system. I would recommend doing the honours degree if you get the opportunity. Writing your dissertation on a topic you enjoy is rewarding, and the research and analytical skills you'll develop will be invaluable. Having to fit all that research into 10,000 words will also ensure you learn to write clearly and concisely; another great skill for practice."

"Today, it's easy for employers to monitor and track their employees' activities and location. It made me want to understand the relationship between the employee's right to privacy and the employer's right to monitor employees. My Master of Laws research could be a means to provide and support ethical business standards and practices when it comes to regulating surveillance of electronic communication at work, especially in this digital era. AUT is internationally recognised as one of the best universities providing legal education in New Zealand. Supriti Singh

India

Doctor of Philosophy candidate

"The social justice aspect of the law has always caught my interest. After I completed my master's degree, I knew that human rights law was an area I wanted to study and research further. The decision to undertake a PhD was a result of wanting to further my knowledge in this specific area of law. Eventually I'd like to start practising with an organisation that aims to promote and protect human rights to all individuals. For my PhD, I'm investigating the Special Procedures mechanisms of the United Nations' Human Rights Council; independent experts whose primary function is the promotion, protection and monitoring of the state parties' compliance of human rights. I would definitely recommend this degree to others. I've thoroughly benefited from the supervision provided by my supervisor, Professor Kris Gledhill. There are good resources to help you accomplish your research goals, and as an international student I've also been lucky to have the support of the staff from the international students' office."
