# Welcome to Auckland University of Technology.

In the 20 years since AUT was established as a university, we have undergone remarkable change and development. Now, more than 29,000 students from 137 countries study at AUT across our three campuses in Auckland's central business district, on the North Shore and in Manukau, making us one of the largest universities in New Zealand.

AUT's growing reputation both in New Zealand and overseas is evident in our rankings. We are ranked in the top 1% of universities worldwide and the third highest ranked university in New Zealand as assessed by Times Higher Education. In the QS World University Rankings we are ranked 22nd in the world for international outlook, making us first in New Zealand for this indicator. Many of our subject areas are world-ranked and we are rated a five-star university by QS.

At AUT we aim to provide our students with exceptional learning experiences that combine the best of digital resources and technologies with the best teaching techniques and practice. Our students learn in an engaging environment which encourages them to participate and develop their own views, to challenge and be challenged, and not only to acquire knowledge

but also to apply it in real situations. Students are connected to industry and business through work placements, internships and entrepreneurial programmes, and engage with the community through volunteering and leadership initiatives.

AUT has over 950 doctoral students and more than 60 research institutes and centres. We undertake international research in a wide spectrum of fields across all 17 schools within the university, with projects ranging from biotechnology, epidemiology, rehabilitation, astronomy, artificial intelligence and data science to human nutrition and metabolism, communications and economics, amongst others, and have award-winning academics in these fields.

I hope this prospectus provides you with some useful information about AUT. I look forward to welcoming you to our university.

# ONE OF THE WORLD'S BEST MODERN UNIVERSITIES

## Creating world-ready graduates

AUT's mission is to create great graduates, and each member of our staff contributes to this. We offer exceptional learning experiences that prepare students to be successful wherever in the world their career may take them. We encourage innovation and entrepreneurship, and the ability to explore new technologies, challenge routine thinking and solve problems in new ways. We embrace new technologies to lead the learning of tomorrow and prepare our students for the rapidly changing world. As a contemporary university we also place an emphasis on working across disciplines in our research, and teaching and learning. Thanks to our innovative teaching, excellent reputation and combination of theoretical and practical learning, AUT graduates are highly favoured by employers, with 95% of available graduates in paid employment within nine months of graduation.

## World-leading staff

Our academic staff are research-active and at the forefront of their disciplines. Many of them are internationally known as experts in their fields, and organisations around the world draw on their expertise for key projects. For example, Associate Professor Felicity Lamm was appointed as the Government's chief advisor for health and safety, and Professor Gail Pacheco's research is being used by the Government to address the gender pay gap. Professor Steve Henry was the first person in Australasia to secure a spot in the world-leading Johnson & Johnson Innovation JLABS in Houston to further his work on surface-modification technology Kode Technology, which has the potential to fight cancer. Associate Professor Barbara Bollard's innovative use of drones to monitor remote and unique ecosystems from Antarctica to Africa has caught the attention of scientists from NASA and the SETI Institute who recognise this approach could also help them find evidence of life on Mars.

## World-class teaching and learning

We're proud to be one of the world's best modern universities – Times Higher Education has ranked us as the top millennial university in Australasia and number 14 in the world. We have been a university since 2000, and are now the second largest in the country and ranked among the top 1% (251-300) of universities in the world. We have an overall five-star rating from university rankings organisation QS, in addition to five star ratings for Teaching, Employability, Research, Internationalisation, Facilities, Innovation and Inclusiveness. Study with us and you can enrol in our range of world-ranked subjects, which include New Zealand's top-ranked health programmes and the country's best sport science school.

## A global outlook

We know that to create truly great graduates, we must do more than get them ready for their career; we must get them ready for the world. We are consistently ranked first in New Zealand for international outlook by world rankings organisations QS and Times Higher Education. We have more than 5,000 industry partners around the world, and have collaborated on research projects with 140 different countries. Our students are from 137 different countries, and half of our academic staff were born overseas, and they often share their international experience and connections with their students.

## An innovative teaching and learning space

AUT's three modern campuses have several award-winning buildings which were created using sustainable principles and feature inviting, collaborative and functional learning areas, auditoriums and research spaces. This includes the state-of-the-art Engineering, Computer and Mathematical Sciences building, which has unique design features that mean it can be used as a teaching tool and 'living lab' where students can get hands-on experience. We also have a number of world-class facilities including one of only two motion capture studios in the country; New Zealand's top sports science facility, AUT Millennium; and the country's only two major radio telescopes, which are involved in projects with international research partners.

## Innovative and relevant research

AUT is ranked first in New Zealand for global research impact (the number of times our research is cited by academics globally) by Times Higher Education and the US News Global Universities Rankings. We have more than 60 research centres and institutes delivering leading research – from space research to artificial intelligence and robotics, and ecology to physical activity and nutrition. AUT research addresses issues facing the environment and society, and our discoveries are widely used. Our research also feeds back into the classroom, and students can contribute to and learn from these research discoveries.

"I was raised to always think outside the box, or even better, to think of a new box altogether. AUT embodies this by taking bold moves and forging a new path that older universities end up following. AUT was a sure-fire choice for me – it gives you the opportunity to do what no other person your age is doing; to really navigate that uncharted territory."

**Shae Parsons-Wanoa**

*Ngāti Porou, Samoan*  
Bachelor of Business and Bachelor of Communication Studies conjoint programme

"I'll forever be an advocate for AUT. I loved all the opportunities I was given – from the CO.STARTERS@AUT entrepreneurship programme to the AUT Internz and the Summer of Tech internship programmes. I feel that at AUT I was treated as an individual, had a voice, and was pointed towards opportunities that would further my career and my personal development."

**Matthias Bachmann**

Bachelor of Creative Technologies

"AUT provides a really international environment, which helps students become familiar with the real workplace outside the university. AUT is ranked in the top 1% of universities in the world, which is evidence for the quality of its education. AUT is also the youngest of New Zealand's universities, which makes it the most dynamic and innovative university in the country."

**Trang Nguyen**

*Vietnam*  
Master of Marketing

"AUT is a leading education provider in the Asia-Pacific region, renowned for research excellence and innovative teaching. You're immersed in a multifaceted intellectual setting with the goal to train future leaders and thinkers in all fields. There's also a lot more collaborative learning with smaller class sizes and I think it's the thing that sets AUT apart from other universities."

**Lourdaiz Ah Chong**

Bachelor of Business in Finance & Marketing, Advertising, Retailing and Sales

"What is fascinating about AUT is the constant interaction between the university and different New Zealand industries. Having academic staff who are linked to businesses and industries is one of AUT's greatest strengths. AUT has the most wonderful professors, advisors and mentors who lead you towards the right path. You'll build your confidence by doing research and problem solving, while being supported by people who believe in you."

**Seyedehsara (Sara) Masoomi Dezfooli**

*Iran*  
Doctor of Philosophy – Science

"I had visited campuses for tons of universities, in New Zealand and America, but AUT always felt right for me. Now, I realise that it was probably the community feel that attracted me to AUT. It seems like no matter what you're doing, everyone is willing to help each other out. Between the students and staff, there's an incredible network of support."

**Calli Bates**

Bachelor of Computer and Information Sciences in Software Development

# 20 YEARS AS A UNIVERSITY

When AUT became a university in January 2000 it had a clear vision for its future: to provide its students with exceptional learning experiences, and send them into the world as outstanding graduates.

AUT has been a university for 20 years now and that student-centred vision has helped guide the development of world-class programmes, teaching, research, facilities and partnerships.

The growth and transformation have been rapid. The AUT North Campus and the City Campus have expanded, and the South Campus has opened its doors. Across AUT there are 17 schools spanning diverse areas of study from business to health, law to sport, and languages to art and design. It is home to 60 research centres and institutes leading local and international studies.

AUT has become New Zealand's second largest university: 29,250 students, 994 doctoral candidates, 3,400 staff, 195 professors and associate professors, and more than 100,000 AUT alumni.

While the numbers are impressive, the most striking part of AUT's evolution is how quickly it has risen to become a globally respected university, recognised for its great graduates and high-impact research.

Today, AUT is in the top 1% of universities worldwide and the #1 millennial university in Australasia. AUT's staff receive top ratings for their academic teaching and its graduates receive 5 out of 5 stars for employability.

AUT is ranked first in New Zealand for global research impact and for international outlook, reflecting the fact it has collaborated on research projects with 140 different countries and worked with more than 5,000 industry partners around the world.

So much has changed in 20 years but the vision is the same. AUT's commitment is to help our students become great graduates who have the knowledge and skills to succeed and to contribute to our local and global communities.

# PREDICTING A BETTER FUTURE FOR BREAST CANCER PATIENTS

Finding the right course of treatment for breast cancer is key to curing it – and AUT is at the forefront of research set to give doctors a tool to predict how a patient will respond to different therapies.

Working with collaborators in the UK, Singapore and China, AUT researcher Associate Professor Dong-Xu Liu has discovered a cancer-related protein, called SHON, that can be used as a biomarker, or identifying characteristic, to indicate whether a patient will benefit from hormone (endocrine) therapy or chemotherapy.

“It has the potential to change the current clinical practice of breast cancer management around the world,” he says.

“Our findings would allow breast cancer patients to receive treatments that are the most appropriate to their characteristics, therefore improving treatment response and saving lives.”

Associate Professor Liu spent 12 years at the Liggins Institute before joining AUT’s Faculty of Health and Environmental Sciences and is internationally

recognised for his breast cancer, molecular and cellular oncology research.

Cultivating strong local and international research networks is an important focus at AUT and this recent cancer breakthrough is evidence of how vital those connections can be.

It was access to the world’s largest breast cancer tissue bank in the UK, and to information collected on patients and their treatment spanning more than a decade, that made it possible to pinpoint the cancer-related protein and its success as a biomarker for treatment.

The expertise and global reach of researchers like Associate Professor Liu also presents incredible opportunities for postgraduate study at AUT.

Stacey Li, one of Associate Professor Liu’s PhD students, is working on how to use the SHON biomarker in clinics while another two PhD students, Vasanti Sirikonda and Zohreh Riahi, are building on another breakthrough area of his research which identified a gene with potential causal links to breast cancer.

## GLOBAL CONNECTIONS, WORLD-CLASS OPPORTUNITIES

Securing a job at the world's largest museum is a lifelong career goal for some people, but for Jamey Vaa'etasi Solomua William Bailey the opportunity to work at the Smithsonian came as soon as he completed his Bachelor of Communication Studies at AUT.

A TV and Screen Production major, Jamey spent eight months as the Smithsonian's curatorial assistant intern.

Besides working on the museum's annual Mother Tongue Film Festival (and helping quadruple the number of attendees), one of Jamey's favourite projects saw him create a film about a New Zealand exhibition of taonga Māori, Tuku Iho, and a series of performances and interactive workshops culminating in the donation of a carved waka to the Smithsonian.

Jamey says the internship with the Smithsonian has provided an amazing foundation for his career in film and cultural studies.

It might sound like an incredibly rare opportunity, but it's not a one-off for AUT graduates.

Through AUT's Internz programme, more than 150 graduates have started their careers with internships in the US, Canada, Singapore and the UK, working for organisations including Allbirds, Lululemon, FCB West, Paramount Recording Studios, Sundance Institute, TimeZoneOne and the Metropolitan Museum of Art.

AUT's director of development, Rebecca Lowery, says Internz has been developed to give students and graduates an opportunity to apply their learning in a global context.

For graduate Shannon Soudom the AUT Internz programme led to a role with New York's Westpac Institutional Bank – an ideal fit for someone who had discovered a passion for finance in their first year at AUT and graduated with a Bachelor of Science majoring in Analytics and Finance.

# SCREEN PRODUCTION DELIVERS RIGHT MIX OF SKILLS

“We put a camera in their hands on day one and within six weeks they’ve completed a studio or field production,” says James Nicholson, head of department for screen production.

Delivering the right balance of experiential learning and theory is key to the success of the Screen Production major in the Bachelor of Communication Studies programme.

“We produce graduates who are highly technical aware, who understand story development and all the different aspects of production. It’s what has made our graduates so employable for so many years.”

Students at AUT also have access to the latest equipment so when they move into industry roles they’re already familiar with the cameras, accessories and production facilities they will be using.

Nicholson says some of the equipment being used by students currently studying screen production papers includes the same camera model used by New Zealand filmmaker Gaylene Preston to shoot her feature documentary *My Year with Helen*, and specialist pieces including GoPros and cameras built into drones.

In her final year of the degree screen production student Gianni Aro-Reid created a short, observational-style documentary film following her whānau as they created a modern take on a traditional hāngi.

“It’s about allowing the viewers to see all the hard work that goes into making a hāngi but also about the family connections and bonds that are made in the process.”

In addition to the high-end equipment she was able to use for her documentary shoot, Gianni says the success of her documentary came down to the training she gained throughout her degree and the ongoing support of her lecturers.

“Each film duo is assigned a tutor as their executive producer (EP) whose job it is to support and advise you throughout your filmmaking journey, and that was really valuable for getting advice on our project when we needed it.”

# A VITAL HUB FOR BRAIN INJURY BREAKTHROUGHS

For people who experience a traumatic brain injury (TBI) the impact can be prolonged and life-changing.

Almost one in three New Zealanders experience at least one TBI by the age of 25 and nearly half of all people who suffer a TBI have long-term problems as a result – even from a mild TBI or concussion.

At AUT, these types of injuries have been the subject of groundbreaking studies and its researchers are internationally recognised as experts in the field.

One recent AUT study, published in the Neuropsychology journal, showed that mild traumatic brain injuries – which account for 90% of all TBIs – can impair people’s ability to ‘read’ social interactions, potentially leading to ongoing difficulties with work and social relationships.

AUT Professor Alice Theadom led that study and is director of the new TBI Network, established to support vital education and research into the prevention, care and rehabilitation of these injuries.

“The research hub fosters collaboration across different disciplines and between patients, whānau, service providers,

clinicians, researchers and policymakers,” says Professor Theadom, a Rutherford Discovery Fellow.

“It can take a long time for research to lead to changes in everyday practice, but the TBI Network is dedicated to finding new and creative ways to prevent injury and improve recovery, to have a more immediate impact for people affected by TBI.”

Having access to the TBI Network and to multidisciplinary teams of researchers creates an exciting opportunity for postgraduate researchers at AUT.

PhD candidate Josh McGeown, who is researching how to rehabilitate athletes following mild TBIs, is being supervised by Professor Theadom, NZ Rugby scientist Ken Quarrie and Professor Patria Hume, a leading expert in sport injury prevention and sports performance biomechanics.

With the support of his supervisors, Josh is working towards improving understanding of how to most effectively prescribe exercise and nutrition strategies to reduce the symptoms of mild TBI.

# BUILDING A BRIGHT FUTURE FOR TOURISM

Tourism is the world's number one employer and ensuring a sustainable future for this global industry is the focus for researchers at the New Zealand Tourism Research Institute (NZTRI) at AUT.

"If we want sustainable tourism development then we need regions and countries to be making good decisions based on quality data, not just traditional metrics like visitor arrivals," says NZTRI director Professor Simon Milne.

"We need to have a deeper understanding of visitor characteristics and how these impact both business and community."

NZTRI was established over 20 years ago and its team of experts conducts research on a number of projects in New Zealand and around the world.

One of NZTRI's major research programmes is the Pacific Tourism Data Initiative. It provides the region's island nations with the tools and data they need to make evidence-based decisions about the future management of tourism.

Professor Milne says work began in 2006 with an international visitor survey in the Cook Islands but has since expanded to include Vanuatu, Niue, Samoa, Papua New

Guinea, the Solomon Islands and Yap, one of the Federated States of Micronesia.

NZTRI's cost-effective research model uses online surveys of international visitors, local businesses and communities to gather data and inform multidimensional decision support systems. The model has attracted attention and support from the World Bank, US Department of the Interior and the Ministry of Foreign Affairs and Trade.

To date the research has provided answers about the impact and spending of different visitor groups, community perspectives on tourism, and specific environmental factors negatively impacting tourist experiences (which in the case of the Cook Islands informed government action to resolve an algal bloom).

With the ongoing collection of data, Professor Milne says the team now has national tourism performance indicators to work with and can develop regional comparisons, explore niche tourism markets and opportunities, and uncover new insights.

"This research is already changing the way decisions are being made about tourism development around the region."

# COLLABORATING TO CHANGE HEALTH OUTCOMES

Improving health outcomes for patients might seem like a goal that's out of reach for university students, but at AUT it's a critical part of the learning process.

Bachelor of Health Science students participate in hands-on programmes at the university's on-campus clinic, AUT Integrated Health (AIH), where they learn about collaborative care and work with different health disciplines to create individualised care plans for patients.

AIH clinical manager Dr Brenda Flood says traditionally health professionals have been educated in silos and so they go on to practise in the same way.

"If we want to change the healthcare system, we have to change the way that we teach. Evidence shows that collaborative care leads to the best health outcomes."

In their final year Puawai Clair, a physiotherapy student, and podiatry student Dorcas Choo both took part in a six-week interprofessional programme at AIH that saw them consulting with clients with diabetes and working collaboratively with a team of students from different disciplines

to develop holistic healthcare plans.

Puawai says the programme, which is carried out under the supervision of clinical experts, deepened her understanding of what other health professionals do and allowed her to clinically reason why she would work alongside or refer patients to practitioners in other health disciplines.

For Dorcas and Puawai, working with patients at AIH showed them the importance of whakawhanaungatanga (establishing relationships) and a patient or whānau-centred approach to healthcare.

"I found that patients were more motivated to follow treatment plans when they were included in the team to manage their diabetes."

Seeing the patient outcomes was the highlight for both students.

"The most rewarding part was watching the patients progress within their health and wellbeing, from week one to week six. It wasn't just about the physical wellbeing of the patient, but also the emotional, social and mental wellbeing that had improved."

## CULTIVATING INNOVATION AND ENTREPRENEURSHIP

Seeing students consuming artificial, sugar-laden energy drinks to keep themselves awake sparked an idea for AUT Bachelor of Business student Holly Sutich: a 'clean' energy drink alternative.

Holly and her classmate Bradley Hagan saw an opportunity to develop an energy drink that provided a more natural boost with antioxidants, a caffeinated 'superleaf' guayusa and no artificial sugar.

Four years on, their clean energy drink is a reality. Phoric is stocked in selected stores around the country and by Foodstuffs supermarkets across the North Island, with the goal to expand those sales nationwide and then tackle sales in Australia.

Getting to this point has taken a huge amount of hard work for the co-founders and the concept for Phoric – which Holly and Bradley came up with in their first year at AUT – might never have got past the idea stage if it hadn't been for the programmes and support AUT offers to aspiring entrepreneurs.

"Starting a business while at university is quite rare, but it was hands-down the environment at AUT that helped Phoric come to life," says Holly, who is balancing the growth of Phoric

with part-time study to complete her Bachelor of Business and Bachelor of Communication Studies conjoint programme.

"We received huge support from the AUT Business School and the CO.STARTERS team, as well as from programmes like Shadow a Leader and the X Challenge."

The nine-week CO.STARTERS programme helps entrepreneurs evaluate their business idea, understand what it takes to create a sustainable business and connect with industry mentors and support.

"The most valuable insight from CO.STARTERS was the importance of talking to our customers and getting feedback at every stage of the process. It allowed us to adapt and pivot."

Holly and Bradley were also awarded a \$30,000 prize package to develop Phoric through AUT's X Challenge.

"Staff at AUT have gone above and beyond to support what we are doing – pushing our learning and growth opportunities to be as prepared as we can be for this insane, stressful and amazing journey."

# LIFE AT AUT

**AUT is a modern and innovative university with endless opportunities and a supportive culture that celebrates diversity. Studying at AUT is your chance to meet new people and develop lifelong skills, while getting the support you need to succeed at university and beyond.**

We're proactive in enabling students to succeed, and our comprehensive student support services ensure that you have an amazing experience inside and outside the classroom and are prepared for any challenge in front of you.

## Easy to get help

At AUT, we don't want anything to get in the way of you enjoying your student experience and achieving your goals. So no matter what the problem, the Student Hub is here to help. You can find a Student Hub on each of our three campuses and our specialist staff can help with anything from enrolment and student ID cards to matters far beyond university like support with visa and immigration matters, StudyLink issues or landlord challenges.

## Getting around

Whether it's finding your way to campus or getting around between lectures, AUT offers a range of resources to help you navigate your new environment. AUT has shuttle buses that travel between campuses (including New Zealand's first electric bus), delivers campus and city tours during Orientation, and provides MazeMaps online, a mapping tool designed to help navigate complex environments and highlight any obstacles for people with accessibility needs.

## Settling into university life

Studying at university can be quite an adjustment. That's why AUT helps new students transition to university life by delivering a wide-ranging orientation programme at the start of each semester. AUT Orientation is complemented by a fun social programme to help you meet new friends and celebrate the exciting new journey you're on. Orientation is just one aspect; we also offer activities throughout the semester. To help you navigate the student journey, AUT's Student App also provides up-to-date news, events and information about AUT anytime, anywhere.

## Finding the right place to live

Living in AUT student accommodation is a great option; especially if you're in your first year of study or from outside Auckland. AUT's self-catered student accommodation is convenient and modern apartment style living, just minutes away from our City or North Campus. You'll also enjoy an exciting and supportive community with a unique residential life programme. If you don't choose to live on campus, our Student Hub advisor can help you find, apply for and rent private accommodation that suits your needs. You can also get guidance on accommodation costs, contracts, bonds and tenancy issues.

# student hub

## Get involved in campus life

Joining a club is a great way to meet like-minded people and make lifelong friends outside of lectures. Choose from a range of student-run social, sustainability, academic and cultural clubs – a great way to meet new people, participate in events and get involved in campus life.

## Committed to Māori advancement

We're passionate about the success of our Māori students. Our Takawaenga Māori team co-ordinates activities and events, and provides advice on both personal and study topics.

## Pacific student success

AUT offers a range of services designed to support our diverse Pacific communities, including academic tutoring, and a comprehensive mentoring and leadership programme.

## Join the AUT rainbow community

AUT was the first university to receive the Rainbow Tick, and remains committed to providing a safe and inclusive environment for all students. We offer services and resources for students who identify with diverse sexual orientations, sex and gender identities, including a rainbow student room where you can study and relax, and student groups and networks. We also have a dedicated rainbow community co-ordinator, and actively participate in many of the rainbow events in Auckland.

## We speak your language

Our students come from 137 countries, so we know that sometimes it's easier to have things explained in your native language. That's why many of our student ambassadors and Student Hub staff are multilingual and can clearly explain information if needed.

## Join a gym or sports team

AUT is New Zealand's leading sports university, with state-of-the-art sports facilities, on-campus gyms, and a huge number of sports teams and events. As an AUT student you can participate in a wide variety of sports, from social on-campus games to elite international competitions. As a part of University Tertiary Sport (UTSNZ) you may also have the chance to represent AUT against some of the best student athletes in the country.

## Disability student support & resources

If you have an impairment, our Disability Support team can support you to participate as fully as you can in learning and student life. We work with students before they start at AUT to help identify their specific needs and ensure they're set up for success while they're studying with us. AUT is strongly committed to equity of access and opportunity for students, staff and visitors, and supports the principles of Kia Ōrite: Code of Practice for an inclusive tertiary environment.

## Supporting parents

AUT has childcare centres at the City and the North Campus, providing a safe and happy environment with excellent staff and high-quality facilities.

## LIFE AT AUT (continued)

### Plan your future career

The AUT Employability and Careers team helps you plan in advance for your future career by developing job search and interview skills, while building your personal brand and networking skills. We also support students into AUT Internz, an in-house service that connects students with paid internships and employers looking to recruit AUT graduates.

### A launchpad for entrepreneurs

AUT is a great place for aspiring entrepreneurs. If you want to turn your entrepreneurial ideas into a viable business, you can join our nine-week CO.STARTERS@AUT programme or participate in the X Challenge to compete for a range of cash prizes to help you take the next step on your entrepreneurial journey. AUT students and alumni who have a promising idea for a start-up could also work with AUT Ventures Ltd to bring their ideas to market. We can help you access commercial funding sources, protect your intellectual property and avoid the pitfalls many start-ups face.

### Gain an edge on the competition

The AUT Edge Award and the Beyond AUT Award are designed to challenge, reward and formally acknowledge the 'C skills' – collaboration, co-operation, community, curiosity, communication and creativity – gained through your volunteering, leadership and employability activities. The awards help prove to employers that you're more than your qualification and give you an extra edge in the competitive marketplace.

### Top internships around the world

New AUT graduates have once-in-a-lifetime opportunities to apply their learning in a global context thanks to the AUT Internz International Scholarship programme. As well as providing a chance to intern with amazing employers in a range of industries in America, Asia and Europe, AUT provides scholarships to cover visas, return travel, travel and health insurance and a stipend to support living expenses. More than 150 AUT graduates started their careers by completing internships for organisations like Facebook Creative Shop, Icebreaker, Allbirds, Lululemon, FCB, Paramount Recording Studios, Sundance Institute, the Metropolitan Museum of Art and The Smithsonian through the AUT Internz Scholarship Programme.

### See the world before you graduate

An international student exchange offers an amazing opportunity to study overseas as part of your degree. Study for a semester or a year at one of our partner universities around the world, and immerse yourself in another culture, make lifelong friends and get international experience before you graduate.

### Budget advice and financial support

Our specialist Student Hub advisors offer budget and financial planning advice all year. We know that sometimes things happen and financial stress can impact your academic success. That's why we offer financial support that ranges from offering grocery or fuel vouchers, to helping with that unexpected bill.

### Helping you succeed in your studies

Our library and learning support team offers a wide range of services and resources, and there are digital resources available to develop your academic skills. The Library also runs a range of workshops to help you get the most out of your studies and work smarter, rather than harder. Our extensive peer mentoring programme also enables students to learn from others who have already completed the same paper. You can also access Studiosity, a free online help service available anytime for guidance and feedback on academic writing and skills.

### Support for postgraduate students

The Graduate Research School provides leadership and support services for postgraduate research students and their supervisors at AUT. We provide advice and information related to applications for the Master of Philosophy and doctoral programmes, offer advice on postgraduate policy matters, and monitor the progress of research students at AUT from the moment they're admitted to their programme to the time they complete their degree. Each faculty also has dedicated staff to support postgraduate students in all programmes throughout their studies.

### A vibrant research culture

We create a wide range of opportunities for supervisors and postgraduate research students to collaborate, connect and share ideas through workshops, events, doctoral inductions and the research students' peer groups. The annual Research Symposium and 3 Minute Thesis competition are among the many events that showcase AUT's student research culture and celebrate postgraduate student success.

### Free access to digital tools and resources

We offer students all the digital tools needed to succeed, including free Wi-Fi on campus, the full Microsoft Office 365 suite for up to five devices and access to LinkedIn Learning (lynda.com), a world-leading online learning platform.

### Student ambassadors ready to help

AUT has more than 200 knowledgeable student ambassadors who help support events and activities across AUT. One of their key roles is to help new students as they settle into their studies. We also have Are You OK? advisors who focus on students' wellbeing, and make sure students are aware of the support services and resources available.

### We embrace all faiths

We take a multifaith approach by providing spiritual support to students from various beliefs. AUT encourages understanding, tolerance and harmony, respecting everyone's spiritual views. Access our faith and prayer rooms on campus, or get support from our team of chaplains.

### Stay healthy and well

At AUT it's OK to ask for help. We actively encourage all students to be aware of their own wellness needs – mind, body and spirit. You'll have access to free or low-cost medical treatment at our full-service medical centres, which provide private and confidential care for a range of issues. We're also committed to helping you build resilience, mental strength and the skills to manage stress. That's why all students can get free, confidential counselling sessions and mental health support. In addition to one-on-one appointments, we also run a range of group workshops. Talk to us about any topic – study-related or personal – or join a support group to help you with specific issues, like managing anxiety or going through relationship difficulties. We also organise Wiser at AUT events where students can develop better self-knowledge and a greater sense of purpose.

### Representing your interests

The AUT Student Association (AUTSA) exists to advocate and represent the interests of all students attending AUT. The association also publishes the university magazine Debate, and runs social activities during Orientation and throughout the year.

### Safe and friendly campuses

We make sure our students are safe when they're on campus. Our friendly security staff are available day and night to help if you have any concerns.

# A

## ARCHITECTURE

As an architecture student you learn to design built environments that recognise indigenous values and address Auckland's rapid population growth, as well as global issues like housing affordability, global warming and homelessness. You'll be taught by professional architects, as well as professionals with backgrounds in design, engineering, computer science, creative technologies, media, business and entrepreneurship. You learn in an interactive environment where you collaborate with your classmates, mana whenua and experts from different disciplines to find innovative solutions that support community wellbeing and nurture future generations.

Draws upon global issues, indigenous worldviews and the need for sustainable design

Expert lecturers, nationally and internationally recognised in architecture, design, engineering and more

Students work on live, real industry briefs

## UNDERGRADUATE STUDY

**Bachelor of Architecture and Future Environments**

**Duration** 3 years F/T only  
**Campus** City  
**Starts** 22 Feb 2021

**Bachelor of Design**

- Spatial Design

**Duration** 3 years F/T, 6 years P/T

P/T part-time

## WORLD-LEADING RESEARCH

AUT researchers work on projects across the built environment, in New Zealand and around the world. You can collaborate on projects, and work with graduates and architects to create meaningful change in the built environment. As an architecture student at AUT you can also access our brand-new Architectural Engineering Lab where you can work on research projects that demonstrate the way architecture, design intelligence and future cities can become intertwined.

"For my doctoral research, I'm focusing on acoustical engineering and how to make spaces more suitable acoustically for the building's purpose. When I decided to do my PhD, I researched a lot of different topics within the field of architectural engineering and this one stood out as an area where I can make a contribution through my research. I think it's a really interesting topic. I love AUT – I love the study environment and appreciate how approachable the staff are. I've also enjoyed the student life here, and have been involved in a number of different clubs."

**Megan Burfoot**

Doctor of Philosophy candidate  
Bachelor of Engineering (Honours)  
in Architectural Engineering

## LABS &amp; FACILITIES

AUT's state-of-the-art facilities ensure students have access to the latest industry-leading technology, including top quality video and motion capture studios, a hi-tech textile design laboratory, a 3D printing lab, radio and TV studios, and the country's most advanced additive manufacturing centre.

# A

## ART & DESIGN

AUT's School of Art and Design is ranked in the top 100 worldwide in the QS World University Subject Rankings 2019. Our programmes cover a range of disciplines and are driven by an exceptional studio culture experience. Our world-class facilities include three galleries, a 3D lab, digital, photographic and moving image facilities (including a motion capture studio), and a textile and design lab. You'll be supervised by our expert academic staff and have the chance to work on national and international projects, often with real industry clients. Our programmes balance creativity, research and conceptual development with theoretical and professional studies.

## WORLD-CLASS RESEARCH

Our creative-led research covers a broad range of art and design disciplines. Cultural practitioners – visual artists, spatial and fashion designers, film makers and more – come together to explore broad notions of art and design at AUT. As an art and design student you have access to our industry-leading studios, labs and services. These include photographic and lighting facilities; motion capture, printmaking and 3D labs; and digital textile machines at our world-class Textile and Design Lab. We're also the home of the ST PAUL St Gallery, a suite of purpose-built galleries and project spaces dedicated to the development of contemporary art and programme of exhibitions, events, symposia and publications.

"I had seen some of the work of previous design students from AUT, and was blown away by their level of skill and knowledge. At AUT I was surrounded by people who were very talented, which made me want to push my skills even further and strive to achieve the same standards. What I love most about my role now is that it combines two of my passions: design and helping people. User experience design is about understanding people – their needs, wants and desires – and designing something that helps them achieve what they intend to do."

**Joshua Bryan Ong**

User Experience Designer, Air New Zealand  
 Bachelor of Design in Communication Design

"AUT offers a perfect environment to design in. Through the studio culture I made lifelong friends – spending countless late nights in the studio leads to great friendships. Being taught by great academic staff in spatial design also enriched my experience at AUT. They helped progress my learning and skills, heavily influencing how I work as a designer today. Since I was young one of my career goals was to work in New York City, and to have my first job in the industry here, through the AUT Internz programme, is an amazing personal achievement."

**Sophie Roberts**

Landscape Design Intern, Terrain NYC, New York City, USA  
 Bachelor of Design in Spatial Design

## BUSINESS & ECONOMICS

Our programmes are designed in collaboration with business leaders and experts, and integrate theory with current practice and global trends. Our teaching approach and learning opportunities will help develop your creativity, critical thinking, collaboration, and communication skills, and include internships and applied projects that give you the competitive edge for your career. The AUT Business School and School of Economics are internationally ranked and accredited, and recognised for teaching and research that is transforming business and society. Our alumni are ready to challenge routine thinking and put forward innovative solutions, and they're shaping successful careers all around the world.

Ranked in the top 300 universities worldwide for all our business and economics subjects

Connecting more students with employers through workplace experience

"I had eight years' experience in the area of human resources, and could see that the Master of Business would enable me to marry my previous work experience with my desire to lay the ground for doctoral research in this area in the future. AUT has students of different ages, abilities, ethnicities, backgrounds and worldviews. Peer learning is therefore fabulous, and the exchange of different ideas contributes to the overall learning process. Despite being new to New Zealand when I joined AUT, I felt at home from day one, and that speaks volumes of the spirit of inclusion that AUT stands for."

**Meghana Lama**

India

People Solutions Consultant, Auckland Transport  
 Master of Business

## WORLD-LEADING RESEARCH

Our world-class researchers work in all major disciplines in business and economics, and in our multidisciplinary research centres. At the heart of our research is collaborative engagement with our external stakeholders in business, the professions, government and the community. Our research centres and groups include the Accounting for Social Impact Research Group, Auckland Centre for Financial Research, Centre for Occupational Health and Safety Research, Gender and Diversity Research Group and the New Zealand Work Research Institute.

"I chose this degree because I had a desire to sharpen my finance-related skills. The Master of Applied Finance curriculum at AUT suited me well, as it was based on the Candidate Body of Knowledge from the CFA programme. This has been very helpful as my goal is to become a CFA charterholder. I came to AUT because it's one of the top three universities in New Zealand, and it has been growing very fast. What I've enjoyed most about my studies here is that AUT encourages students to show initiative while providing high-quality guidance for students along the way."

**Ryan Li**  
China

Financial Instruments Valuation Analyst, PwC New Zealand  
Master of Applied Finance

## WORLD-LEADING RESEARCH

Our world-class researchers have expertise across the field of communication studies, including Asia-Pacific media, journalism, media performance, multimodal analysis; online, social and digital media; political economy of communication, popular culture, public relations and radio. We're committed to innovative, critical and creative research that advances knowledge, serves the community, and helps our students become future leaders in the communication and media industry.

Our research centres include:

- Centre for Performance Research
- Journalism, Media and Democracy Centre
- Multimodal Research Centre
- Pacific Media Centre
- Popular Culture Research Centre

"I chose communications because I felt that it was a broad field, from PR to journalism and advertising. I had relatives who had studied at AUT and during my high school term breaks I would go along with them. I was really impressed with what I saw, particularly the genuine support AUT students received from staff. I knew I would be in good hands once I submitted my application to AUT. I reckon AUT not only enables its students to be work-ready, but encourages them to set long-term goals and believe that they're capable of becoming future CEOs or leaders."

**Suzanne Suisuiki**

Marketing and Communications Manager, Pacific Cooperation Foundation  
Bachelor of Communication Studies in Public Relations

"In my mind, AUT is almost synonymous with communication studies. It was the logical choice if I want to be where the people who are at the spearpoint of my research are. I'm hoping the knowledge I'm gaining through my studies will inform whatever comes after. It's nice to return to study after nine years away, and find that my thoughts are valued and that there's an entire ecosystem of knowledge that can help me express them. The academic staff are knowledgeable of, and engaged with, the topics they discuss. I enjoy being encouraged to pursue my ideas and look to the research that has been done to expand on them."

**Ben Moore**

Master of Communication Studies student

## WORLD-LEADING RESEARCH

Our world-class labs are hubs for sharing expertise and research outcomes, and include the 3D Lab, Mobile Innovation Network Australasia (MINA) Lab, Motion Capture Lab, PiGsty (Play Interactivity and Games) Lab, Sentience Lab and the Textile and Design Lab. We're proud of our strong partnerships with businesses and the community, and our researchers and postgraduate students often collaborate with industry organisations on research or other projects.

"No Six is a digital ecosystem that produces content and inspires young content creators in disadvantaged communities to find what they love and be inspired by their creations. We've been in operation for one year and our business is thriving. I would highly recommend studying creative technologies at AUT. The programmes challenge you to be both creative and critical, and the creative environment allows innovation to thrive. The academic staff are renowned for their expertise and industry connections – they're supportive of students and go the extra mile. As creative technologies is a relatively new area of study, there's also an opportunity to be innovative and stake a claim in this emerging field."

**Niko Meredith**  
Co-director, No Six

## WORLD-LEADING RESEARCH

At AUT's School of Education, we believe in high-quality research that has impact, and have world-class researchers and research strengths across education. Our research-active staff are widely known for their expertise in all areas of the education sector – from education policy, the changing nature of public education and mindfulness for teachers, to educational leadership and leadership development, equity culture and diversity, and the philosophy of education.

"I love seeing a student's face light up with the realisation and understanding that they've finally grasped something they struggled with before. AUT has a forward-thinking education programme, focused on directing learning towards teaching and using practical opportunities to consolidate theoretical knowledge. The group projects provided opportunities to work with a variety of people, and learn how to manage people's strengths and weaknesses. AUT's culture of support ensured that we all had a safe place to reflect and celebrate our experiences. All of this has transferred into my professional career; having a network of support and resources to tap into is invaluable."

**George Aitken**

Year 7 & 8 Teacher / Sports Coordinator,  
Waitakere Primary School  
Bachelor of Education (Primary Teaching)

"If you have a day when you're feeling slightly under the weather, without doubt, kids will make you feel better. Where else can you go to work every day and feel like you're making a positive impact? What attracted me to AUT was that the class sizes were small, and you were able to get more engagement and interaction with your peers and lecturers. It felt like an environment that was geared towards building a community rather than creating an individual. At AUT I was challenged in every way possible – developing my beliefs and practice, and pushing my boundaries. I met people I know I'll be friends with forever; people who are open to challenging mindsets. I liked that AUT seems more open and willing to try new things."

**Stacey Rowe**

Year 1 & 2 Hub Teacher,  
Stonefields Primary School  
Bachelor of Education (Primary Teaching)

ENGINEERING,  
COMPUTER &  
MATHEMATICAL  
SCIENCES

Study engineering, computing or mathematical sciences and play a leading role in the technological, social and economic development of the world today. Our teaching and research staff are among the best in New Zealand and internationally. Our computing, software and engineering programmes have the highest standards in student experience, and our alumni are highly sought-after by employers around the world. With access to outstanding facilities you'll be equipped to make industry-leading discoveries in collaboration with classmates, research staff and partner organisations.

International

## UNDERGRADUATE STUDY

**Certificate in Science and Technology**

**Duration** 1 year F/T only  
**Campus** City & South  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Computer and Information Sciences**

- Analytics ©
- Computational Intelligence ©
- Computer Science ©
- IT Service Science ©
- Networks and Security ©
- Software Development ©

**Duration** 3 years F/T, 6 years P/T  
**Campus** City & South  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Engineering (Honours)**

- Architectural Engineering
- Construction Engineering
- Electrical and Electronic Engineering
- Maritime Engineering (Marine and Offshore Engineering, Naval Architecture, Ocean Engineering)<sup>1</sup>
- Mechanical Engineering
- Mechatronics Engineering
- Software Engineering

**Duration** 4 years F/T, 8 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Engineering Technology**

- Building Engineering ©
- Electrical Engineering ©
- Electronic Engineering ©
- Mechanical Engineering ©

**Duration** 3 years F/T, 6 years P/T  
**Campus** City & South  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Mathematical Sciences**

- Analytics
- Applied Mathematics
- Astronomy and Space Science
- Computer Science

**Duration** 3 years F/T, 6 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Science**

- Analytics
- Applied Mathematics
- Astronomy and Space Science
- Computer Science

**Duration** 3 years F/T, 6 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Arts & Bachelor of Computer and Information Sciences conjoint programme**

**Duration** 4 years F/T, up to 8 years P/T  
**Campus** City & South  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Business & Bachelor of Computer and Information Sciences conjoint programme**

**Duration** 4 years F/T, up to 9 years P/T  
**Campus** City & South  
**Starts** 22 Feb & 12 July 2021

**Graduate Certificate in Computer and Information Sciences**

**Duration** ½ year F/T, 1 year P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Graduate Diploma in Computer and Information Sciences**

**Duration** 1 year F/T, 2 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Graduate Certificate in Mathematical Sciences**

**Duration** ½ year F/T, 1 year P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Graduate Diploma in Mathematical Sciences**

**Duration** 1 year F/T, 2 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Graduate Certificate in Science**

**Duration** ½ year F/T, 1 year P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Graduate Diploma in Science**

**Duration** 1 year F/T, 2 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

## WORLD-LEADING RESEARCH

Research is our strength, and we have a strong focus on research in collaboration with our many industry partners. Our research expertise ranges from artificial intelligence to astronomy and space science, and from robotics and mechatronics to power and energy engineering. As a postgraduate student, you'll learn from globally renowned academic staff and have access to our world-class research institutes and facilities.

Our research centres, groups and initiatives include:

- Applications Laboratory
- Architectural Engineering Lab
- Artificial Intelligence Initiative
- AUT Radiofrequency Identification
- BioDesign Lab
- Built Environment Engineering
- Centre for Advanced Manufacturing Technology
- Centre for Artificial Intelligence Research
- Centre for Kode Technology Innovation
- Centre for Robotics and Vision
- Centre for Signals and Systems
- Data Science Research Group
- Disaster eHealth Community of Interest
- Engineering Research Institute
- High Performance Computing Research Laboratory
- Industrial Information and Control Centre
- Institute of Biomedical Technologies
- Institute for Radio Astronomy and Space Research
- Knowledge Engineering and Discovery Research Institute
- Mathematical Sciences Research Group
- Network and Security Research Group
- Science, Technology, Engineering and Mathematics Tertiary Education Centre
- Software Engineering Research Laboratory
- Telemetrics Research Centre
- Tribology and Surface Engineering Laboratory
- Wireless InnovationS in Engineering (WISE) Research Group

"The Cskills learnt through AUT – communication, creativity, curiosity and collaboration – are imperative to success in your career, relationships and as a future leader. As an engineer in the workplace I now work in teams to solve problems, and as part of a women in STEM organisation I apply curiosity and creativity in the realms of tech and STEM. In my role, I'm involved in the entire process from the initial conceptual design of a new product to launching it into the market. I really enjoy the hands-on aspects, and it's incredible to see something you initially conceptualised in your mind become a real-life object."

**Zainab Manasawala**

Product Development Engineer, Fisher and Paykel Healthcare  
 Bachelor of Engineering (Honours) in Mechanical Engineering

**Duration** 1 year F/T, 2 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Master of Engineering**

**Duration** 1-1½ years F/T only  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Master of Construction Management**

**Duration** 1 year F/T, 2-3 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Master of Engineering Project Management**

**Duration** 1 year F/T, 2-3 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Master of IT Project Management**

**Duration** 1 year F/T, 2-3 years P/T  
**Campus** City  
**Starts** 22 Feb & 12 July 2021

**Master of Philosophy**

**Duration** 1 year F/T, 2 years P/T  
**Campus** City  
**Starts** Any time

**Doctor of Philosophy**

**Duration** 3-6 years  
**Campus** City & South  
**Starts** Any time

"I decided to study computing because I could see that a degree in computer and information science would enable me to be at the forefront of innovation and new development. AUT was the university of my choice because I really liked the structure of the degree. I also had the opportunity to explore which area of IT I enjoyed before specialising in a specific field. I appreciated that AUT is constantly evolving its programmes so that the content taught aligns with the IT industry."

**Timoti Wharewaka**

*Ngāpuhi*

Cloud Application Senior Analyst, Accenture

Postgraduate Certificate in Computer and Information Sciences  
 Bachelor of Computer and Information Sciences in IT Service Science  
 & Networks and Security

"Security is a field that is always changing, so you have to practise your skills a lot and try to keep up with technology. I love this career because it's knowledge that's in demand right now and I have a lot of things I need to learn more about. In addition to my work at the National Bank of Cambodia, I also teach students at the National University of Management about forensics and security. I often use the methodology I was taught at AUT with my students now. I can't forget my time at AUT – it was really amazing. It's about the community at AUT – everyone is helping each other."

**Ponleu Koy**

*Cambodia*

Deputy Chief, Payment System Section,  
 National Bank of Cambodia, Phnom Penh, Cambodia  
 Master of Information Security and Digital Forensics

## HEALTH SCIENCES

AUT is one of the biggest health science education providers in New Zealand. We draw on research and industry practice to prepare you for a rewarding career in this growing sector, and our graduates are in demand around the world. Times Higher Education ranks us first in New Zealand for health subjects and the Academic Ranking of World Universities places us in the top 200 in the world for nursing and public health. Our academic staff and postgraduate students often conduct groundbreaking research to improve our understanding of health and environmental issues, generate new products and technologies, and enhance policy making and professional practice.

**#1**

**Campus** North  
**Starts** 22 Feb 2021

"AUT offers state-of-the-art facilities to support hands-on training. In the oral health simulation lab you can practise clinical skills on fake heads under the watchful eyes of your clinical educators, enabling you to truly perfect your clinical skills. AUT also provides over 1,000 hours of clinical experience in their on-site dental clinic as well as at Auckland Regional Dental Service clinics across Auckland. I remember being a new graduate on my first day at my first job as an oral health therapist. I remember feeling a sense of panic and thinking 'Do I really know what I'm doing?'. That's when everything I learned at AUT automatically kicked in as if riding a bike."

**Roanne Horne**

Oral Health Therapist, Lumino Ponsonby  
 Bachelor of Health Science (Oral Health)

## POSTGRADUATE STUDY CONTINUED

the South Campus or  
AUT Millennium)

**Starts** TBC

## WORLD-LEADING RESEARCH

AUT is home to world-leading researchers across the field of health sciences. We have strong connections with the health sector and deliver leading research in health sciences.

For example, we've led the world's largest study of problem gambling treatments, run New Zealand's only longitudinal study of Pacific Island families and created an award-winning app to assess people's stroke risk.

Our research centres and groups include:

- Centre for Active Ageing
- Centre for eHealth
- Centre for Interdisciplinary Trauma Research
- Centre for Midwifery and Women's Health Research
- Centre for Migrant and Refugee Research
- Centre for Pacific Health and Development Research
- Centre for Person Centred Research
- Child and Youth Health Research Centre
- Gambling and Addictions Research Centre
- Health and Rehabilitation Research Institute
- Institute of Biomedical Technologies
- National Centre for Interprofessional Education and Collaborative Practice
- National Institute for Public Health and Mental Health Research
- National Institute of Stroke and Applied Neurosciences
- Rehabilitation Innovation Centre
- Taupua Waiora Centre for Māori Health Research
- Traumatic Brain Injury Network

"Throughout studying physiotherapy, I was fortunate to have had great role models and support systems that allowed me to be who I am. I'll forever be grateful for the many mentors and friends I've made through being a part of the physiotherapy whānau at AUT. My role now involves working with adolescents in schools, as well as with all age groups in the community and in sports. I love working in different environments and in a role that challenges me to continue to learn. I enjoy networking with different age groups and cultures."

**Te Hine-ngaro Tuterangiwhiu**

*Ngāpuhi, Ngā Ruahine*

**Physiotherapist, PhysioACTION**

**Bachelor of Health Science (Physiotherapy)**

"The national census of Nepal shows that almost a third of Nepalese households include at least one migrant worker working abroad. Earlier studies also highlighted that Nepalese migrant workers and their spouses are at high-risk of HIV and a key population for HIV transmission in Nepal. I wanted to study the life of Nepalese migrant workers and the context and behaviour related to HIV risk in more detail. The programme I'm in is full of global opportunities, especially in third world countries like mine. Public health problems are global challenges, even though they may occur in different forms in different countries and communities. A lot of things still need to be done to improve quality of life globally, and AUT is the best place to gain a qualification and skills in this field."

**Til Chhetri**

*Nepal*

**Doctor of Philosophy candidate**

HOSPITALITY,  
TOURISM & EVENTS

AUT is ranked in the top 75 best hospitality and tourism schools in the world in the 2019 Academic Ranking of World Universities. Our Bachelor of International Tourism Management has received TedQual accreditation from the United Nations World Tourism Organization (UNWTO), and Eduniversal Group has ranked our master's degrees in hospitality, tourism and gastronomy in the top 20 in the world. Our academic staff are globally known as experts in their fields, and have research strengths across hospitality, tourism, gastronomy and events. Our industry-standard facilities include two first-class training restaurants, two state-of-the-art culinary demonstration theatres and industry standard professional kitchens.

**TOP 75  
WORLDWIDE**  
for Hospitality  
& Leisure  
Management

Massive industry-

**WORLD-LEADING RESEARCH**

Our research expertise spans from marine tourism to the co-creation of hospitality experiences and from event studies to gastronomy, and many of our staff are globally known as experts in their field. We're the home of the renowned New Zealand Tourism Research Institute, which delivers innovative solutions for the tourism industry and has been involved in research projects across the globe. We also publish Hospitality Insights, which showcases our ground-breaking research for hospitality practitioners.

"My lightbulb moment definitely happened when we were told in our Event Production paper at AUT that our next project included fundraising for the Make a Wish Foundation. This inspired me so much and completely changed my view on events. I didn't only want to put a glamorous event together, but wanted my events to have purpose, inspire change and to help those less fortunate than ourselves. This is a career that gives you the chance to stop time and allow your guests to be fully immersed in the moment, whether it's a bride on her wedding day, a teen at a music festival or an inspiring entrepreneur at a business seminar."

**Jackie Danielle Moses**

*Ngāpuhi*

Events Coordinator, New Zealand Trade and Enterprise  
Bachelor of Arts in Event Management and Business Management

"I chose this degree because when I finished school I was really interested in event management, and AUT had the best reputation for the programme I was interested in. I had my heart set on the event industry; however, through the different experiences I had, I found that hotels were where I wanted to be. In my role now, I'm responsible for the daily operations of Club Signature, which is the hotel's executive lounge. As Club Signature is the most exclusive outlet within the hotel, it's imperative that the services we provide are of the highest standards. My role involves managing our team and ensuring our guests have the best possible experience."

**Rebecca Bunn**

Club Signature Manager, SO/ Auckland  
Bachelor of International Hospitality Management in  
Event Management and Human Resource Management

## POSTGRADUATE STUDY

**Postgraduate Certificate in Gastronomy**

Duration ½ year F/T,  
up to 2 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Postgraduate Diploma in Gastronomy**

Duration 1 year F/T,  
up to 3 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Master of Gastronomy**

Duration 1½ years F/T,  
4 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Postgraduate Certificate in International Hospitality Management**

Duration ½ year F/T,  
up to 2 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Postgraduate Diploma in International Hospitality Management**

Duration 1 year F/T,  
up to 3 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Master of International Hospitality Management**

Duration 1½ years F/T,  
4 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Postgraduate Certificate in International Tourism Management**

Duration ½ year F/T,  
up to 2 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Postgraduate Diploma in International Tourism Management**

Duration 1 year F/T, 3 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Master of International Tourism Management**

Duration 1½ years F/T,  
4 years P/T

Campus City

Starts 22 Feb & 12 July 2021

**Master of Philosophy**

Duration 1 year F/T, 2 years P/T

Campus City

Starts Any time

**Doctor of Philosophy**

Duration 3–6 years

Campus City

Starts Any time

"People with disabilities in Vietnam's food industry are experiencing a high rate of unemployment, which may lead to them living in poverty. I hope my research findings can further our knowledge about the working abilities of people with disabilities, and can advocate for a better life for them. My aspiration is to become a lecturer who can inspire young people to do great things for their community and the environment. That's why I wanted to learn and develop my teaching and researching capacity through my PhD journey. I love the way AUT has established so many innovative initiatives and robust international partnership with many countries and organisations. I enjoy being surrounded by so many proactive staff and students."

**Van-Tin Doan**  
Vietnam  
Doctor of Philosophy candidate

S

SOUTH  
CAMPUS

AUT South Campus is a vibrant and growing campus located in the heart of Manukau. We offer a wide range of programmes at all levels of study with the convenience of a campus located close to home.

# L

## LANGUAGE & CULTURE

Our language and culture programmes are taught by academic staff who are passionate about their subject areas and draw on their own experience and research to inform their teaching. We understand the importance of communicating successfully in both local and global environments and the key role that culture plays. Our courses cover language in its widest sense – from creative writing, and English and its relationship with new media, to translation and interpreting, language learning and teaching, discourse analysis and the importance of intercultural competencies.

Study under

“As cliché as it may sound, I couldn’t have asked for better supervisors. Doing a PhD is a long and difficult journey, and often it’s also a lonely journey. However, my supervisors have always been there for me, encouraging, guiding and supporting me whenever I need them. As an educator, it goes without saying that the ‘culture’ of a university was the biggest factor in my overall decision to study at AUT. I appreciate what AUT has to offer students. For instance, it offers a range of support services and facilities for students on all campuses. I also felt that AUT reflects the changing world due to the fact that it’s a young university.”

**Rohan Willis**

USA

Doctor of Philosophy candidate

## WORLD-LEADING RESEARCH

We pride ourselves on delivering ground-breaking research and we’re the proud home of several prominent research institutes and centres. Widely known for its expertise across the field of linguistics, the AUT Institute of Culture, Discourse and Communication brings together experts on culture, discourse and communication. The AUT Centre for Creative Writing is a creative hub for established and budding writers, offering an open and exciting learning environment where you can pursue your creative writing ideas and turn them into reality.

## WORLD-LEADING RESEARCH

Our dedicated research centres ensure that we're at the forefront of developments in the legal profession. The AUT Centre for Non-Adversarial Justice aims to identify and promote various models of justice under the broad banner of non-adversarial justice. The AUT Centre for Private Law facilitates research and debate across the entire spectrum of private law including tort law, contract law, the law of unjust enrichment, property law, equity and private international law. The AUT Centre for Indigenous Rights and Law aims to raise the visibility of legal rights, issues and customary law relevant to the native peoples of Aotearoa New Zealand and the Asia Pacific region.

"I appreciated the contemporary nature of the AUT law degree. Some of the papers analysed the interaction of New Zealand law with new innovations and technological challenges. For example, I wrote an essay on the legality of drones within the New Zealand legal system, while some of my fellow students wrote essays on the legality of bitcoin, or using blockchain technology within the legal system. The people I met during my studies were another highlight. I met a diverse group of students from different backgrounds and countries of the world, some of which have become my closest friends."

## Katie Creagh

Master of Laws student, London School of Economics, London, UK  
 Bachelor of Laws with Honours (First Class)  
 and Bachelor of Business in Finance

**WORLD-LEADING RESEARCH**

We deliver leading research in a number of areas within Māori and indigenous development, working closely with academics and organisations from around New Zealand and the world. As a postgraduate student you work closely with academic staff who are known as experts in their field – from Māori business and entrepreneurship to Māori media and from Mātauranga Māori to New Zealand history and the Treaty of Waitangi.

"The main highlight of my time at AUT was the immense amount of support I received from all the staff, especially from every member of staff at Te Ara Poutama. They went above and beyond for me in all aspects of my life really. Another highpoint for me were the new relationships I formed while studying at AUT, which was a very safe, inclusive and welcoming environment. In my role now, I get to be part of shaping young Māori learners into a better version of themselves; whatever they believe that to be. I enjoy having the opportunity to work with them and encourage, inspire and show them that whatever they aspire to be is achievable."

**John Henare Kingi**

*Tuhoe*

Te Reo Māori Teacher, Mangere College  
 Bachelor of Māori Development in Māori Media

"It's really important that Māori and Pacific voices are heard and our faces seen. I'd always wanted to work in the film industry, so the Māori Media major was an obvious fit because it allowed me to study film, television and the media, but with a cultural lens. We were picking up cameras and making our own films, going into the studio to record and edit. That kind of learning really appealed to me, and the friends I made are friends for life. The biggest highlight of my time at AUT however was graduation. That was the culmination of years of not only my own personal sacrifice but that of my family, friends and those who taught me."

**Matilda Poasa**

Projects and Relationships Co-ordinator, Māoriland  
 Bachelor of Māori Development in Māori Media

## SCIENCE

Environmental sustainability, innovative food production, geospatial science and chemical synthesis techniques are some of the key ingredients that will shape the future world we live in. Study science with AUT and you'll be prepared for a rewarding career in a wide range of industries and professions. Our collaboration with industry means that your study will be highly relevant to your career. Our research focuses on scientific issues of regional and global significance – research that makes a difference to the world we live in. AUT science alumni contribute to scientific innovation and world-leading research in many fields, and are highly sought-after by employers around the world.

Study science majors not available anywhere else in NZ

## WORLD-LEADING RESEARCH

Our globally renowned researchers are experts in areas as diverse as applied ecology, chemistry, biomedical science and food science. As a postgraduate student, you could conduct your research in close collaboration with our Centre for Food Science or Institute for Applied Ecology New Zealand. You have access to top facilities and equipment for your research, like aerial drones and marine research vessels. Our outstanding laboratories include the AUT Roche Diagnostics Laboratory – which has state-of-the-art medical and biomedical testing equipment, and is the only university lab of its kind in New Zealand.

"I'm researching how photogrammetry can be used for conducting a risk assessment of a landfill site. My research was motivated by looking around at the various amounts of waste we produce and send to landfill sites. In Zambia, solid waste management is a problem for many communities and that inspired my research. My research will help communities and industry understand the risks associated with unregulated disposal sites and highlight the need for sustainable waste management practices. AUT has afforded me the opportunity to learn from highly experienced and knowledgeable educators and friendly staff. I've been able to study how to apply technology to science, especially in my area of focus, environmental science. Science and technology have always combined to create better scientists and AUT combines both to produce the best in the field."

**Milimo Muleya**  
 Zambia  
 Master of Science (Research) student

## SOCIAL SCIENCES & PUBLIC POLICY

If you want a rewarding career where you can make a difference, studying social sciences and public policy is the perfect start. At AUT you'll study society at many levels – from individuals, families and communities, governments and cultures through to our global system. Our academic staff are research-active and globally known as experts in areas as diverse as economics, human rights, gender equality, ethnicity and race, identity, community development, social structure, social data analytics, and criminology and police. Study with us and you'll gain an in-depth understanding about how and why people think and behave as they do; skills that are essential no matter where your future career takes you.

Research undertaken with national and local government

Huge opportunities for workplace experience and international study exchanges

Nationally and internationally recognised lecturers

**Starts** Any time

"In my years of studying here at AUT, I was fortunate to have an academic mentor whose passion for children, children's rights and child policy kindled my passion for this area of study. It was through her influence and mentorship that I found my purpose and where I 'fit' in academia. For my PhD thesis I'm focusing on children's right to have their views taken into account when adults are making decisions that affect their lives. I'm hoping that my PhD thesis will provide a platform for future research that is dedicated to ensuring young people's rights are protected and adhered to by the justice system."

## WORLD-LEADING RESEARCH

We believe in high-quality research that has impact, and our world-class researchers have expertise across social sciences and social justice – from human rights and gender equality, to psychology, criminology and community development. As a postgraduate student, you work closely with some of New Zealand's most widely known experts in social sciences and social justice. Our experienced lecturers constantly draw on their own international and New Zealand experience and research to inform their teaching. You could also benefit from the expertise of the Centre for Social Data Analytics, which applies strong data science to linked data, undertaking research that tells us new things about the human experience.

## SPORT & RECREATION

Ranked in the top 30 in the world in the QS World University Subject Rankings 2019 and considered New Zealand's top university for sport science by the Academic Ranking of World Universities, AUT offers New Zealand's most advanced sports qualifications. Learn at our state-of-the-art facilities, including AUT Millennium, a high-performance sport and health facility. During your study with us, you'll be supported by research-active academic staff who are committed to helping you achieve your highest potential. Our world-class researchers work with leading organisations and athletes to challenge current practices. Many of our staff have been elite athletes, coaches and adventurers, and they all love what they do.

## UNDERGRADUATE STUDY

**Certificate in Sport and Recreation**

**Duration** ½ year F/T, 1 year P/T  
**Campus** North & South  
**Starts** 22 Feb & 12 July 2021

**Bachelor of Sport and Recreation**

- Standard Pathway <sup>(N) (S)</sup>
- Coaching <sup>(N)</sup>
- Exercise Science and Nutrition <sup>(N)</sup>
- Health and Physical Education <sup>(N)</sup>
- Management <sup>(N)</sup>
- Outdoor Education <sup>(N)</sup>
- Sport and Exercise Science <sup>(N)</sup>

**Duration** 3 years F/T, 6 years P/T  
**Campus** North & South  
**Starts** 22 Feb & 12 July 2021

**Graduate Certificate in Sport and Exercise**

**Duration** ½ year F/T, up to 2 years P/T  
**Campus** North & South  
**Starts** 22 Feb & 12 July 2021

**Graduate Diploma in Sport and Exercise**

**Duration** 1 year F/T, up to 3 years P/T  
**Campus** North & South  
**Starts** 22 Feb & 12 July 2021

## KEY

Ⓒ City Campus    F/T full-time  
 Ⓐ North Campus    P/T part-time  
 Ⓔ South Campus

1. Some classes are also taught at the North Campus, City Campus and AUT Millennium.

## WORLD-LEADING RESEARCH

AUT is globally known for its leading sport and exercise science research. Our research covers sport and activity-related areas, as well as performance, nutrition, coaching and human potential. We're proud to be the home of New Zealand's top sport and fitness facility, AUT Millennium, which helps our communities be healthy and our top athletes become champions. Based at AUT Millennium, the Sports Performance Research Institute New Zealand (SPRINZ) is New Zealand's number one sports research institute. Its world-class laboratory facilities and international reputation attract many overseas researchers and students to New Zealand, and SPRINZ research has received funding from organisations like the Health Research Council, Sport New Zealand and the World Health Organization.

"I initially thought I would end up working in high performance sport physio, but then I found my passion for analysis and analysing performance in a sports setting when I took the paper Analysing Performance. Eventually this passion led me to my current role at Hockey New Zealand. I would definitely recommend the AUT sport programmes. AUT has great lecturers, great university staff who can offer advice if you need it, great workplace experience as part of your studies and a great environment to study in."

**Julia Herbst**

Head Analyst, Vantage Black Sticks Men's National Hockey Team, Hockey New Zealand  
 Postgraduate Diploma in Sport and Exercise student  
 Bachelor of Sport and Recreation

## POSTGRADUATE STUDY

**Bachelor of Sport and Recreation (Honours)**

**Duration** 1 year F/T, 3 years P/T  
**Campus** North  
**Starts** 22 Feb & 12 July 2021

**Postgraduate Certificate in Sport and Exercise**

**Duration** ½ year F/T, up to 2 years P/T  
**Campus** South<sup>1</sup>  
**Starts** 22 Feb & 12 July 2021

**Postgraduate Diploma in Sport and Exercise**

**Duration** 1 year F/T, up to 3 years P/T  
**Campus** South<sup>1</sup>  
**Starts** 22 Feb & 12 July 2021

**Master of Sport and Exercise Science**

**Duration** 2 years F/T, up to 5 years P/T  
**Campus** South<sup>1</sup>  
**Starts** 22 Feb & 12 July 2021

**Master of Philosophy**

**Duration** 1 year F/T, 2 years P/T  
**Campus** North & South  
**Starts** Any time

**Doctor of Philosophy**

**Duration** 3-6 years  
**Campus** North & South  
**Starts** Any time

"When I came here on one of my first days at AUT and saw the facilities at AUT Millennium I was extremely impressed. AUT Millennium is very friendly and supportive, especially at SPRINZ. The majority of the students here are international, and we all help each other out, and give each other advice on where to live and things to avoid. You know you can always talk to someone at SPRINZ if you need help. For my PhD, I'm researching how to rehabilitate athletes following a concussion. With the growing concern of mild traumatic brain injury in contact sports like rugby union it's essential to identify objective methods to assist in clinical assessment, diagnosis and management of sports-related mild traumatic brain injury."

**Josh McGeown**

Canada

Doctor of Philosophy candidate

# HOW TO APPLY

Below is the step-by-step guide to the applications process. For more information visit [aut.ac.nz/apply](https://aut.ac.nz/apply)

1

## APPLY EARLY

Places are limited. Submit your application well before the semester starts.

APPLYING FOR 2021

- Semester 1  
– apply by 7 December 2020
- Semester 2  
– apply by 3 May 2021

Some programmes have earlier application dates. Check the AUT website for details.

### Applying for the Master of Philosophy (MPhil) and Doctor of Philosophy (PhD)

If you are planning to enrol in a Master of Philosophy (MPhil) or Doctor of Philosophy (PhD) at AUT, email the Graduate Research School

[doctoral.and.mphil.admissions@aut.ac.nz](mailto:doctoral.and.mphil.admissions@aut.ac.nz)

2

## COMPLETE THE APPLICATION FORM

- Apply online
- Indicate your programme(s) of choice and major (if known)

International students can also apply using an AUT approved international agent. For a list of AUT registered agents visit [aut.ac.nz/international-agents](https://aut.ac.nz/international-agents)

## SUBMIT YOUR APPLICATION

## WE ACKNOWLEDGE YOUR APPLICATION

- We will send you an acknowledgment email, which explains how to check the status of your application
- We will contact you if we need more information

3

## WE ASSESS YOUR APPLICATION

- We assess your application to ensure you have met the entry criteria for the programme(s) you are applying for
- We consider your academic history and relevant experience to ensure you can succeed in your programme
- We let you know if your application has been successful

## POSSIBLE OUTCOMES

**CONFIRMED** We would like to offer you a place to study at AUT

**PROVISIONAL** You have met some of the criteria for entry to your chosen programme of study and we would like to offer you a provisional place to study at AUT. If you don't meet the rest of the requirements, for example University Entrance, then this offer will be withdrawn

**CONDITIONAL** You have to meet the conditions and approvals listed in your conditional offer to be able to secure a formal offer of place

**DECLINED** If you don't meet the entry requirements or all places are taken, we may offer you an alternative programme

## ACCEPT YOUR OFFER

# ENTRY REQUIREMENTS

## FOR STUDENTS WHO HAVE COMPLETED HIGH SCHOOL IN NEW ZEALAND

All applicants need to meet AUT’s minimum entry requirements. Because of competition for places, you may need to have more than the minimum entry requirements for admission to some programmes. Entry requirements for each programme you can study at AUT are listed on the AUT website. The information below serves as a guide only.

For more information and specific entry requirements for each programme visit [aut.ac.nz](https://www.aut.ac.nz)

### University admission for AUT’s bachelor’s degrees

#### For New Zealand citizens and residents and international students studying in a high school in New Zealand

To gain admission to bachelor’s degrees, you must have met the requirements for University Entrance plus any specific admission requirements for a programme.

You may be granted University Entrance under one of the following categories: NCEA University Entrance, Ad Eundem Statum admission (includes CIE and IB), Discretionary Entrance or Special Admission.

NCEA, CIE and IB requirements are listed below. For other ways to meet University Entrance visit [aut.ac.nz/universityentrance](https://www.aut.ac.nz/universityentrance)

If you’ve just missed University Entrance or didn’t get into your chosen degree you could consider enrolling in one of the certificates offered at AUT.

STANDARD	NCEA	CIE	IB <sup>2</sup>
Overall	Require <b>NCEA level 3</b> certificate which consists of 80 credits, including at least 60 credits at level 3 or higher. Can include up to 20 credits at level 2. <b>Note:</b> Credits to achieve NCEA level 3 may include unit standards from non-approved subjects. <b>Subject credits</b> Total of 42 level 3 credits including: <ul style="list-style-type: none"><li>• 14 credits from one approved subject</li><li>• 14 credits from a second approved subject</li><li>• 14 credits from a third approved subject</li></ul>	A minimum of 120 points on the UCAS Tariff <sup>1</sup> at A or AS level from an approved list (equivalent to NCEA approved subject list). Must include at least three subjects (excluding Thinking Skills) with grades D or above.	IB Diploma with minimum 24 points
Numeracy	At least 10 level 1 (or higher) numeracy credits (can be achieved through a range of subjects)	A minimum grade of D in IGCSE <sup>3</sup> mathematics or any mathematics subject at AS or A level.	Any mathematics subject – IB Group 5
Literacy	Total of 10 level 2 (or higher) literacy credits including: <ul style="list-style-type: none"><li>• 5 reading credits</li><li>• 5 writing credits</li></ul> From specific standards in a range of NZQA English language rich subjects.	A minimum grade of E in English Language and/or English Literature subject at AS or A level.	Literature or language and literature (SL or HL) – IB Group 1, with English as the language.

1. UCAS (Universities and Colleges Admissions Services for the UK) Tariff = system which converts AS and A level grades into points.  
2. New Zealand residents who have taken IB but have not been awarded the Diploma may apply for discretionary entrance.  
3. IGCSE = International General Certificate of Secondary Education.

Where programmes require a specific NCEA subject, it is expected that a student will have achieved a minimum of 14 credits in that subject (unless indicated otherwise).

To calculate your NCEA or CIE rank score use our rank score calculator on [aut.ac.nz/universityentrance](https://www.aut.ac.nz/universityentrance)

### Certificates and diplomas

Entry requirements for certificates and diplomas vary by programme. You can find specific entry requirements for your chosen programme on our website [aut.ac.nz](https://www.aut.ac.nz)

### Graduate certificates and graduate diplomas

You generally need to have completed an undergraduate qualification for entry to a graduate certificate or diploma. You can find specific entry requirements for your chosen programme on our website [aut.ac.nz](https://www.aut.ac.nz)

### Postgraduate programmes

Entry requirements for AUT postgraduate programmes vary. You can find specific entry requirements on the programme page for your chosen programme on our website [aut.ac.nz](https://www.aut.ac.nz)

Minimum entry requirements are generally a successfully completed bachelor’s degree in the same area of study from a recognised university. You may also be required to provide evidence of relevant work/research experience.

If you’re planning to undertake a thesis, a research proposal will also be required.

# ENTRY REQUIREMENTS

FOR STUDENTS WHO HAVE COMPLETED OVERSEAS QUALIFICATIONS

## Bachelor's degree and diploma entry requirements

### New Zealand school qualifications

You can gain University Entrance (UE) through NCEA, IB or CIE. See page 100 for details.

### Other secondary school qualifications from different countries

Diploma entry requirements Equivalent to New Zealand Year 12	Bachelor's degree entry requirements Equivalent to New Zealand Year 13
AUSTRALIA	
	Completion of year 12 and an Australian Tertiary Admission Rank (ATAR) score of 69.6, or equivalent
BANGLADESH	
	One year of successful study towards an undergraduate degree at a recognised institute
BOTSWANA	
	Completion of three-year diploma from an affiliated institute of the University of Botswana with good grades
BRAZIL	
	One year of successful study towards an undergraduate degree at a recognised institute
CANADA	
Grade 12 certificate	<ul style="list-style-type: none"><li>Quebec: High School graduation diploma with minimum average of 60% across six subjects, including English at Grade 12</li><li>Ontario: Secondary School diploma with a minimum overall average grade of 65%</li><li>General: High School graduation diploma from all other provinces will be assessed on a case-by-case basis</li></ul>
CHINA	
Year 3 certificate of graduation	<ul style="list-style-type: none"><li>Senior High School graduation plus one year of successful study at bachelor's level; or</li><li>Senior High School graduation plus completion of a two-year diploma, with good grades, at a recognised university</li><li>A Tier 1 score in the National University Entrance Examination (Gaokao) at a recognised institution</li></ul>
COLOMBIA	
	Successful completion of one year's tertiary study at a recognised institution

Diploma entry requirements Equivalent to New Zealand Year 12	Bachelor's degree entry requirements Equivalent to New Zealand Year 13
DENMARK	
	<ul style="list-style-type: none"><li>Studentereksamen (upper secondary school leaving examination) or</li><li>Højere forberedelseksamen (hf) or</li><li>Højere handelseksamen (hxx) or</li><li>Højere teknisk eksamen (htx)</li></ul>
FIJI	
Fiji school leaving certificate	<ul style="list-style-type: none"><li>Fiji form 7 certificate, aggregate over four subjects of 250 mark out of 400, with minimum of 50 in English; or</li><li>Completion of USP Foundation Year programme in either Arts, Business or Social Science with a grade average of 'B' or higher and no grade lower than 'C' in the eight required courses; or</li><li>Applicants who have completed the South Pacific Form Seven Certificate (SPFSC) with a minimum of three B grades and grade 5 or better in PSSC English and grade 6 or better in PSSC mathematics</li></ul>
FRANCE	
	Diplome du Baccalaureat
GERMANY	
Mittlere Reife/Realschulabschluss	Successful completion of senior high school – Abitur / Zeugnis der Allgemeinen Hochschulreife
GHANA	
	GCE: A minimum of three A-level grades, with one grade being at least 'C' or higher. A result in General Studies cannot be included
HONG KONG	
HK Certificate of Education	Score of 15, based on aggregate of best five subjects, (ie five subjects at an average Level 3 in each subject) from any combination of Core and Category A and C electives but excluding Category B (Applied Learning) subjects
INDIA	
Higher secondary certificate (standard xii), minimum 60%	<ul style="list-style-type: none"><li>Higher Secondary School Exam or All-India Senior School certificate with an average of 75% in the four best subjects, with a minimum of 60% in English</li><li>Indian School Certificate (ISC) with a minimum of 60% in English</li></ul>
INDONESIA	
SMU 7.0	<ul style="list-style-type: none"><li>One year's successful study towards an undergraduate degree at a recognised institute; or</li><li>SMU minimum 8.5 (exceptional cases only)</li></ul>

Diploma entry requirements Equivalent to New Zealand Year 12	Bachelor's degree entry requirements Equivalent to New Zealand Year 13
JAPAN	
Upper secondary school leaving	<ul style="list-style-type: none"><li>• Successful completion of high school diploma with a B average; or</li><li>• One year of successful study towards an undergraduate degree at a recognised institute; or</li><li>• Successful completion of a junior college degree diploma of 2-3 years duration</li></ul>
KENYA	
	Successful completion of the Kenya Certificate of Secondary Education with a 'B' average
KOREA	
High school diploma	A minimum of 250 in the Korean university examination
MALAYSIA	
<ul style="list-style-type: none"><li>• STPM</li><li>• Chinese unified exams</li></ul>	<ul style="list-style-type: none"><li>• STPM with three principal passes; or</li><li>• UEC with a maximum of 20 points over five academic subjects; or</li><li>• SAM with an ATAR of 69.6; or</li><li>• Completion of an Australian foundation programme will be considered</li><li>• Successful completion of the Malaysian Matrikulation Certificate (Matrikulasi) with a cumulative minimum GPA of 25</li></ul>
MEXICO	
	One year of successful study towards an undergraduate degree at a recognised institute
NEPAL	
	Bachelor's degree with upper second division
NIGERIA	
	<ul style="list-style-type: none"><li>• Successful completion of advanced national technical certificate at a recognised tertiary institution; or</li><li>• Advanced national commercial certificate at a recognised tertiary institution; or</li><li>• West African General Certificate of Education (GCE) Advanced Level. A minimum of three A-Level subjects, with at least a 'C' grade or higher</li></ul>
NORWAY	
	Successful completion of Videregaende Skole
OMAN	
	<ul style="list-style-type: none"><li>• One year of successful study towards an undergraduate degree at a recognised institute; or</li><li>• Successful completion of a two-year diploma from a recognised institute with good passing grades</li></ul>
PAKISTAN	
	One year of successful study towards an undergraduate degree at a recognised institute

Diploma entry requirements Equivalent to New Zealand Year 12	Bachelor's degree entry requirements Equivalent to New Zealand Year 13
PAPUA NEW GUINEA	
	One year of successful study towards an undergraduate degree at a recognised institute
PHILIPPINES	
	One year of successful study towards an undergraduate degree at a recognised institute
RUSSIA	
<ul style="list-style-type: none"><li>• Certificate of secondary education; or</li><li>• Certificate of maturity</li></ul>	One year of successful study towards an undergraduate degree at a recognised institute

	<ul style="list-style-type: none"><li>International Baccalaureate (IB) with successful completion of a minimum of 24 points</li><li>Cambridge International Examination – a minimum of 120 points on the UCAS Tariff<sup>1</sup> at A or AS level from any subjects which are broadly equivalent to the subjects in the NCEA approved subject list. Must include at least three subjects (excluding Thinking Skills) with grades D or above. Numeracy: A minimum grade of D in International General Certificate of Secondary Education (IGCSE) mathematics or any mathematics subject at AS or A level. Literacy: A minimum grade of E in English Language and/or English Literature subject at AS or A level.</li><li>General Certificate of Education (GCE) with three A-levels including at least one C grade or better. A result in General Studies cannot be included among the 3 on which the application is based</li></ul>

1. UCAS (Universities and Colleges Admissions Services for the UK) Tariff = system which converts AS and A level grades into points.

Graduate certificate and graduate diploma entry requirements

You generally need to have completed an undergraduate qualification for entry to a graduate certificate or diploma. You can find specific entry requirements for your chosen programme on our website [aut.ac.nz](http://aut.ac.nz)

Postgraduate programme entry requirements

Entry requirements for AUT postgraduate programmes vary. You can find specific entry requirements on the programme page for your chosen programme on our website [aut.ac.nz](http://aut.ac.nz)

Minimum entry requirements are generally a successfully completed bachelor's degree in the same area of study from a recognised university and a recognised English language test that meets the programme language requirements. You may also be required to provide evidence of relevant work/research experience.

If you're planning to undertake a thesis, a research proposal will also be required.

Foundation courses

If you don't meet the entry requirements for our bachelor's degrees, two foundation programmes are available as an alternative pathway into AUT:

- The AUT Certificate in Foundation Studies taught by UP Education
- Auckland Foundation Year (AFY) taught by Taylors College New Zealand

Both UP Education and Taylors College New Zealand are located close to the AUT City Campus.

If you successfully achieve University Entrance and meet any additional programme requirements, you can progress into your chosen bachelor's degree.

UP Education

Email: [international.enquiries@up.education](mailto:international.enquiries@up.education)  
[partnerships.up.education](http://partnerships.up.education)

Taylors College

Email: [anziscqueries@studygroup.com](mailto:anziscqueries@studygroup.com)  
[afy.ac.nz](http://afy.ac.nz)

# ENGLISH LANGUAGE REQUIREMENTS

AUT classes are taught in English. If English, Māori or NZ Sign Language is not your first language, you need to prove you have the minimum level of English for your chosen AUT programme.

We need to assess your level of English to ensure you can succeed in your programme. AUT does not accept responsibility if you fail courses because of a lack of competence in English.

## International students at NZ secondary schools

If you're gaining University Entrance (UE) through NCEA, IB or CIE, you must meet the UE literacy requirements. You can't replace the literacy requirements with an English language test result. Some AUT programmes have language requirements higher than UE literacy.

## Students with qualifications from outside of New Zealand

Applying on the basis of a qualification from another country? Use your official results for one of the following tests or qualifications to meet the English language requirements. Results can be up to two years old.

### IELTS (Academic)

Due to professional registration requirements, IELTS is the required English test for most health science degrees. It's also the preferred English test for all other AUT qualifications. If you gain UE through a NZ secondary school qualification, you can't replace the UE literacy requirements with IELTS.

Some programmes have higher requirements than the ones listed below.

### Doctoral degrees

IELTS 6.5 overall with 7.0\* in Writing and all other bands 6.0 or higher

\*Engineering, Computer and Mathematical Sciences only require a 6.5 Writing Band

### Other postgraduate programmes

IELTS 6.5 overall with all bands 6.0 or higher

### Graduate diplomas, graduate certificates and conjoint programmes

IELTS 6.5 overall with all bands 6.0 or higher

### Bachelor's degrees

IELTS 6.0 overall with all bands 5.5 or higher

### Diplomas and certificates

Depending on the particular programme, either IELTS 6.0 overall with all bands 5.5 or higher, or 5.5 overall with all bands 5.0 or higher

### Other recognised English language tests

Use the following table to see what you need to meet the English language requirements through the Certificate in English for Academic Study (CertEAS), GIE, TOEFL iBT®, Cambridge English: Advanced (CAE) or the Pearson Test of English (PTE).

Test results shouldn't be more than two years old. Other recognised tests of English language proficiency may be accepted on a case-by-case basis as agreed by AUT.

### Qualifications taught and assessed in English

You can use the official results of an academic qualification completed in a country where English is the main language:

- Must have been taught and assessed in English – evidence is required
- Must be at an appropriate level

MINIMUM OVERALL SCORE					
IELTS	Cert EAS	GIE <sup>1</sup>	TOEFL iBT	CAE from 2015	Pearson (PTE)
5.0	C-	C	65	154	35
5.5	C/C+	C+	70	162	42
6.0	B/B+	B	80	169	50
6.5	A	B+	90	176	58
7.0	-	A	100	185	65

INDIVIDUAL SKILL/BAND SCORE					
IELTS (R/L/S/W)	Cert EAS	GIE <sup>1</sup>	TOEFL iBT <sup>2</sup> (R/L/S/W)	CAE from 2015	Pearson (PTE)
5.0	C-	C	15/15/17/18	154	35
5.5	C/C+	C+	15/15/18/20	162	42
6.0	B/B+	B	19/19/20/22	169	50
6.5	A	B+	20/20/20/24	176	58
7.0	-	A	24/24/23/27	185	65

1. GIE can't be used to meet doctoral English language entry requirements.  
2. Individual band scores for TOEFL iBT are indicative and variations of up to two points may be accepted, as long as the minimum overall score is achieved.

## English language courses

### AUT School of Language and Culture

If you don't meet the English language entry requirements for your programme, AUT's School of Language and Culture offers certificate and diploma programmes to meet entry requirements for further study at university level.

IELTS required: IELTS 5.5 with no band less than 5.0 for Diploma in English Language and Certificate in English for Academic Study.

To find out more visit [aut.ac.nz/languages](http://aut.ac.nz/languages)

### International House

AUT International House is the English language school for international students at AUT and is located on the City Campus. International House also offers general English language training.

#### GIE Academic Pathway

- Full-time, 23 hours per week, 12-week academic preparation and study skills programme
- Offered three times a year
- Successful completion provides a pathway into a range of AUT programmes (exceptions are degrees requiring board certification on graduation and PhD study)

- IELTS entry requirement: 5.5 overall with a minimum of 5.5 in Reading and Writing and 5.0 in Speaking and Listening

We have additional programmes for students with lower IELTS.

You need to be at least 18 years to enrol. There will be an oral and written placement test when you arrive.

To find out more visit [aut.ac.nz/ih](http://aut.ac.nz/ih)

# INTERNATIONAL STUDENTS: PREPARING TO STUDY IN NEW ZEALAND

## Scholarships for international students

If you live overseas and are considering university study in New Zealand, you may be eligible for AUT scholarships, particularly for postgraduate study. For example, if you plan to enrol in a doctoral degree you may be eligible for the Vice-Chancellor's Doctoral Scholarships.

Many countries also provide their own scholarship programmes for students to study overseas and you should check the availability of these. The New Zealand Government also offers scholarships for international students to study in New Zealand.

To find out more visit [aut.ac.nz/scholarships](https://aut.ac.nz/scholarships)

## International student fee payment options

AUT has partnered with Western Union to provide international students with a reliable, fast and secure way for you to pay. This payment method is by telegraphic transfer in local currency where available.

For the full list of payment options visit [aut.ac.nz/international/payment](https://aut.ac.nz/international/payment)

## International fee refund

If you need to change or withdraw from your programme of study, you may be entitled to a refund. Our friendly Student Hub team can answer any question you may have about refunds or the refund policy.

To find out more visit [aut.ac.nz/fee-refunds](https://aut.ac.nz/fee-refunds)

## The Education (Pastoral Care of International Students) Code of Practice

AUT has agreed to observe and be bound by the New Zealand Government's Code of Practice for the Pastoral Care of International Students.

Copies of the code are available in six languages at [nzqa.govt.nz/the-code](https://nzqa.govt.nz/the-code)

## iStudent Complaints

This is an independent Dispute Resolution Scheme (DRS) established by the New Zealand Government to assist international students with any disputes between them and their providers.

To find out more visit [istudent.org.nz/about-istudent-complaints](https://istudent.org.nz/about-istudent-complaints)

## Your student visa

One of the most important steps is to get your student visa organised before you reach New Zealand. Without a valid visa and medical/travel insurance it's unlawful to study in New Zealand.

To find out more visit [immigration.govt.nz](https://immigration.govt.nz) or [studyinnewzealand.govt.nz/how-to-apply/visas](https://studyinnewzealand.govt.nz/how-to-apply/visas)

## Living costs

If you are coming to New Zealand on a student visa, Immigration New Zealand requires you to have NZ\$15,000 available plus an additional NZ\$2,000 to cover a return ticket home. You will need more than this to adequately cover your living costs. Living costs can vary considerably depending on your lifestyle.

To find out more visit [studyinnewzealand.govt.nz/live-work/cost-of-living](https://studyinnewzealand.govt.nz/live-work/cost-of-living)

## Working in New Zealand

As an international student you can work 20 hours per week during the academic year and full-time during scheduled vacations. Please note that the number of hours you can work during your study will not be enough to fund your studies. Master's by research and doctoral students may be granted unlimited work rights.

To find out more visit [immigration.govt.nz/new-zealand-visas/options/study/working-during-after-your-study](https://immigration.govt.nz/new-zealand-visas/options/study/working-during-after-your-study)

## Medical and travel insurance

The New Zealand Government requires all international students to have appropriate insurance. Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of the treatment. That is why it is so important that you have medical and travel insurance while studying at AUT.

To make it easy, we include AUT's default medical insurance, the Studentsafe Inbound University plan, as part of your Offer of Place. You don't have to accept the AUT insurance policy, and can choose an alternative from an approved provider on our website.

To find out more visit [aut.ac.nz/international/insurance](https://aut.ac.nz/international/insurance)

## FINANCE & SCHOLARSHIPS

### Find out what it costs

Cost is an important factor when thinking about university study. Visit our website [aut.ac.nz/fees](https://aut.ac.nz/fees) to get an idea of the approximate tuition fees at AUT, and different options to help you fund your education including scholarships, student loans and allowances.

The 2021 tuition fees will be advertised on [aut.ac.nz/fees](https://aut.ac.nz/fees) as soon as they have been set.

### Free fees for your university study

Eligible domestic students starting tertiary education receive one year of full-time study fees-free<sup>1</sup>.

To check if you're eligible for fees-free study in 2021 visit [aut.ac.nz/fees](https://aut.ac.nz/fees)

1. Domestic students only, not available to international students.

### Scholarships and awards

Scholarships and awards are a great way to fund your university study. There is a wide range of scholarships and awards available to AUT students at all stages of their study. Visit the scholarships website for a current list of scholarships offered by AUT and external funders, as well as application forms and closing dates.

You can also contact AUT's Scholarships Office for advice on scholarships, awards and the scholarship application process.

Call +64 9 921 9837 or visit [aut.ac.nz/scholarships](https://aut.ac.nz/scholarships)

### Support for scholarship students

Undergraduate scholarship students – whether the scholarship was awarded for academic endeavour or for excellence in sports, culture or leadership – have access to an extensive programme of support, including professional development and networking opportunities, and one-on-one support.

### Student loans and allowances<sup>1</sup>

If you are a full-time domestic student, you may qualify for a student loan or allowance. Student loans and allowances are administered and paid by StudyLink. The application process can take some time, so it's a good idea to apply early. You can apply for a student loan or student allowance before your enrolment at AUT is complete.

Call **0800 88 99 00** or visit [studylink.govt.nz](https://studylink.govt.nz)

1. For domestic students only, not available to international students

### Help with planning and budgeting

We know that sometimes things happen and financial stress can impact your academic success. That's why we offer financial support that ranges from offering grocery or fuel vouchers, to helping with that unexpected bill.

### StudyLink website

Visit [studylink.govt.nz](https://studylink.govt.nz) for tools, tips and information to help you plan and understand the costs you will have while studying.

## FIND OUT MORE

### AUT Open Day

Our Open Day at the City Campus showcases everything AUT has to offer to help you make an educated decision about university study. To find out more visit [aut.ac.nz/live](https://aut.ac.nz/live)

### Meet AUT staff overseas

The AUT International team visit many countries to meet future international students and discuss study options. To find out when AUT staff are visiting your country visit [aut.ac.nz/meet-aut](https://aut.ac.nz/meet-aut)

### Visit our website

To find out more about study at AUT, including more details about our programmes and the papers you could study, entry requirements, and information about academic staff and their areas of expertise visit [aut.ac.nz](https://aut.ac.nz)

### Take a virtual tour

To take a virtual tour of our campuses visit [aut.ac.nz/virtualtour](https://aut.ac.nz/virtualtour)

### Contact us online

If you have any questions about studying with us, you can contact us at [aut.ac.nz/enquire](https://aut.ac.nz/enquire)

### Need some guidance?

If you're still unsure what to do, or would like to check out the campus and facilities, you can contact our Future Students Team.

Email [future@aut.ac.nz](mailto:future@aut.ac.nz)

or call **0800 AUT AUT** (0800 288 288) to speak to one of our friendly advisors.
