PROGRAMME CONTENT

The GIE online course content supports students working towards academic success,

with up-to-date resources, collaborative peer-to-peer interaction, and personalized feedback similar to a face-to-face class.

Live and off- line classes and materials using AUT LMS Blackboard and Zoom.

Discussions, Presentations, pair and group work in ‘breakout rooms’.

Comprehensive Feedback on writing tasks.

Tutorials.

Supportive community environment, teachers and support staff.

Access to AUT facilities including AUT Library.

Course content

- The language and grammar necessary for writing, reading, speaking and listening at university level
- Development of skills for analyzing and interpreting language
- Development of knowledge and use of academic English for university level writing, reading, listening and speaking.
- Support in navigating a real- life university culture and environment

Assessment

A combination of on-course assignments and tasks with deadlines plus formal end-of-course examinations and assessments including speaking assessments and presentations.
