

Submitting a Video Assignment in Canvas

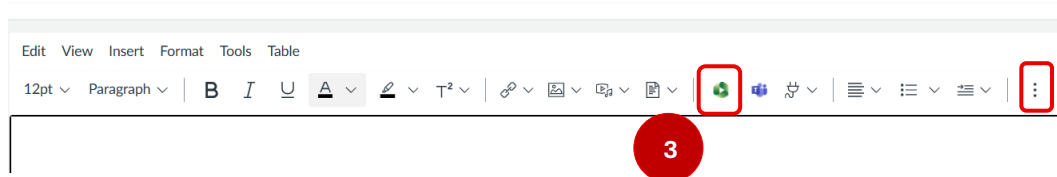

Follow the steps below to submit your video assignment in Canvas using Panopto.

- 1) Click on Assignments **[1]** in the Canvas Course Navigation Menu.
- 2) Click on your video submission Assignment **[2]**.

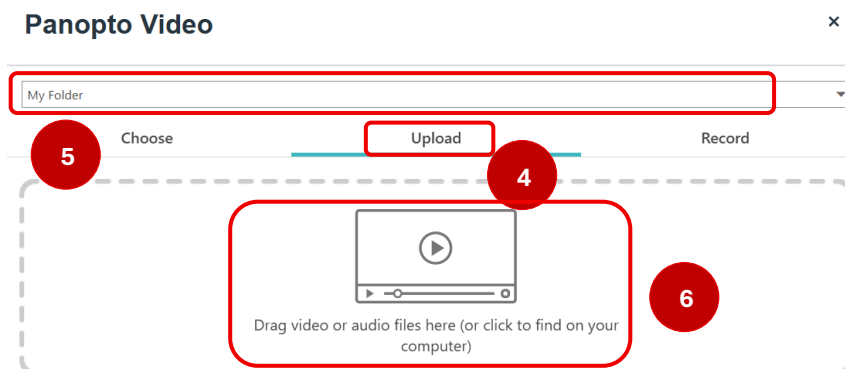

- 3) From the text toolbar, select the Panopto Video **[3]** tool to add your video to the submission.

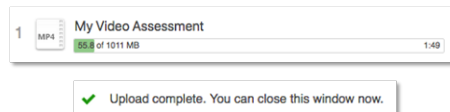

N.B: If you can't find the Panopto Icon, click on the three vertical dots to find it.

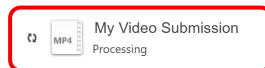

- 4) Click on Upload **[4]**, and then in the dropdown above, select My Folder **[5]**.
- 5) Click or drag your video file from your computer to upload **[6]**.

6) Please wait for the upload to finish before closing the window.

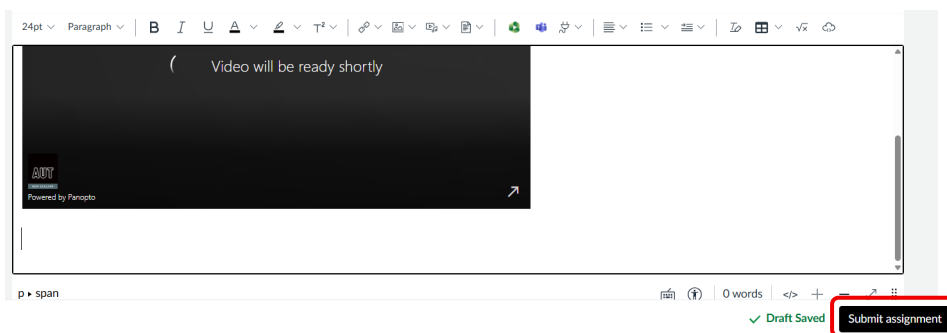

7) Large videos may take some time to process. However, you can still click Insert [7] to add the video.

8) Your video is now ready to be submitted. Click Submit assignment [8].

If you need to add text such as references, you can do so in the editor below.

N.B: Ensure that the video appears in your submission and can be played after processing is complete.
