Strong links with business
and community

Among the top 5% of business schools worldwide

If you want a university with future-focused teaching, an engaging learning environment that embraces people and ideas, and programmes designed for rewarding careers – then welcome to AUT. We're internationally recognised among an elite group of just 5% of business schools worldwide, accredited by AACSB International. QS World University Rankings place AUT in the top 2% of universities worldwide, and Times Higher Education rates us in the top 20 in the world for our international outlook.

Creating business leaders

We understand the importance of operating in a complex, global environment. So do our graduates. Our interactive classes ensure our students are challenged to ask questions, explain their ideas, and work together to identify and solve problems. Our graduates have the expertise and analytical skills to meet economic and social challenges, and add immediate value to an organisation and the business environment.

Designed to fit with your career and lifestyle

With our Professional Masters degrees you can study business at master's degree level without an undergraduate degree in business. These programmes can be completed in as little as 12-16 months, which is hugely beneficial for international students, those wanting to change careers or small-to-medium business owners wanting to invest in their future. As a domestic student you can also study part-time to suit your lifestyle. There is strong support for postgraduate students provided by the Faculty Professional Masters and MBA Office.

Connected to business and community

We work hard to make sure that what we teach is relevant to the needs of the business world. We're proud of our strong partnerships with businesses and the wider community, and often collaborate with industry organisations on research and other projects. We partner with many of the country's top business leaders who advise us on our curriculum. This means that you can be confident you're developing the skills employers need. AUT is proud to have a range of organisations from the business community recognising our postgraduate students' successes.

Our programmes

MASTER OF PROFESSIONAL ACCOUNTING (MPA)

Code	AK3611

The **Master of Professional Accounting** equips you with the skills to change careers and become an accountant. It's designed for people with an unrelated degree who want to work towards registration with leading professional accounting bodies – including Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.

Postgraduate diploma and certificate options

The Postgraduate Diploma in Professional Accounting, and the Postgraduate Certificate in Professional Accounting provide an entry point for students who don't want to enrol in a full Master of Professional Accounting or who need added flexibility. All graduates from these programmes are encouraged to continue into the Master of Professional Accounting.

The programmes are available as exit qualifications if required.

Postgraduate Diploma in Professional Accounting

You complete 120 points from the Master of Professional Accounting papers. In order to transition from the Postgraduate Diploma in Professional Accounting to the Master of Professional Accounting, you are required to maintain a B- grade average.

Postgraduate Certificate in Professional Accounting

You complete 60 points from the Master of Professional Accounting papers.

Finance is a truly global discipline, and the **Master of Applied Finance** will give you the skills to go anywhere. Relevant for anyone with a bachelor's degree, the Master of Applied Finance will allow you to explore a career in a diverse range of finance jobs. You will acquire skills in valuing financial assets, corporate finance, portfolio management, governance, how to manage risk and how to invest in a wide range of assets.

The MAF is recognised by the CFA Institute and will position graduates well to obtain the Chartered Financial Analyst designation.

Postgraduate diploma and certificate options

The Postgraduate Diploma in Applied Finance or Postgraduate Certificate in Business Studies provide an entry point for students who don't want to enrol in a full Master of Applied Finance or who need added flexibility. All graduates from these programmes are encouraged to continue into the Master of Applied Finance. The programmes are available as exit qualifications if required.
