## The Symbol – Te Tohu

The Auckland University of Technology symbol shape is reminiscent of a Māori taiaha, which is symbolic of forging new ways.

The upper part represents European heritage. It contains a stylised 'A' which stands for 'Auckland and educational excellence'. The 'A' is made up of two stylised hands which represents the hands-on vocational history of the University.

The interlocking of the upper and lower shapes is representative of electronics and the future.

The lower part represents Māori heritage with stylised designs representing the three baskets of knowledge.

Applicants seeking admission under Part 3, Section 1, Clause 1.5.3 are required to provide proof of an acceptable pass/grade gained in an accepted English language test.

The preferred external test is the International English Language Testing System (IELTS) Academic test. Candidates are graded on their performance, using scores from 1 to 9 for each part of the test – Listening (L), Speaking (S), Reading (R) and Writing (W). The results from the four parts then produce an Overall Band Score. All parts of the test and the Overall Band Score can be reported in whole and half bands. Applicants must normally have taken the IELTS test within two years of their application to a programme.

The University offers two qualifications that are recognised for English language proficiency, these are: Certificate in English for Academic Study (CertEAS, see page 609) and General English, IELTS and English for Academic Purposes (GIE).

The University also recognises other English language tests as stated on the University website. The English language requirements for all of the programmes offered by the University are specified in terms of the grading scale used for the IELTS test.

Details of English language tests and equivalences: <http://www.aut.ac.nz/study-at-aut/apply-to-aut/before-you-apply-things-to-consider/ielts-grade-requirements-for-entry-into-aut>

*Note: IELTS must be used to demonstrate English language proficiency for entry to those programmes where professional bodies require IELTS to be used as the only measure of English language proficiency (e.g. teacher education and clinical health sciences programmes).*

## PART B SPECIFIC PROGRAMME ADMISSION

### Admission to Bachelor's Degrees

Notwithstanding the requirements stated above, the University will consider applicants who present combinations of results from NCEA, CIE and IB for admission into open and restricted entry programmes. This includes combinations meeting literacy and numeracy requirements.

In addition to meeting the common University Entrance Standard, applicants for entry into some bachelor's degree programmes will be required to meet additional entry requirements<sup>1</sup> (other evidence such as a portfolio, an interview, a curriculum vitae, audition, references or a police clearance may also be required). This evidence will be used to determine the applicant's suitability for the programme. Preferred subject requirements may also be specified. Applicants may be interviewed in order to establish their potential to pursue the programme to a successful conclusion and/or, where applicable, to determine whether they have the attributes necessary for professional practice in the area.

Because of restrictions on funded student places and in some cases specialised work spaces or clinical placements, there will be a limitation on the number of students who can be enrolled in undergraduate programmes. The following overarching criteria will apply:

- Applicants must apply for a place before closing dates which can be found in individual programme study guides and on the University website.
- Applications received after the specified closing dates will be given reduced priority in consideration for a place in a programme and/or paper.
- Where the number of applicants for a place in a programme or course exceeds the approved number of available places, selection will normally be based on academic merit and in accordance with criteria that have been approved by the boards of studies.
- In those cases where the scholastic record is insufficient, e.g. for some applicants applying under Discretionary Entrance or Special Admission, other criteria such as evidence of accomplishments in the relevant field, employment history, academic preparedness (including English language or literacy) will be taken into account. Account will also be taken of the University's equity objectives.

The following table indicates where there are additional programme entry and selection requirements. Further details on specific selection criteria or processes for limited entry programmes or papers will be available from the faculty or department concerned.

<sup>1</sup> Note: Additional subjects and preferred subjects refer to NCEA subject titles. Applicants without NCEA subjects may be required to provide evidence of equivalence.

## COMPLAINTS<sup>1</sup> PROCEDURES

The relationship between students and lecturers is of a critical, but delicate, nature. The maintenance of a sound relationship requires commitment from both parties.

The Auckland University of Technology looks to both its staff and students to work together to achieve an effective relationship that can resolve problems directly if possible. However the University recognises that this goal may not always be achievable. The following paragraphs outline the action that should be taken if a student considers that the way in which matters have been handled is not appropriate, or if they are dissatisfied with the treatment he or she has received.

A student who is dissatisfied with any aspect of the service being given, either by academic staff, administrative staff or any other of the University's service providers, is advised to take the following action:

### Step One

The student should raise the matter first with the person responsible for providing the service considered unsatisfactory or, if that is clearly inappropriate, raise the matter with the programme leader or the manager of the service area involved<sup>2</sup>.

### Step Two

As a general rule, the person to whom the complaint has been made will work to have the matter resolved to the student's satisfaction. If the problem persists, or the student is dissatisfied about the way the matter has been handled, he or she should request a meeting with the following: For Faculty issues – the programme leader, head of department, school or the faculty registrar. For general AUT issues – The Director responsible for the service area<sup>3</sup>.

### Step Three

If steps one and two have been followed and this does not lead to a resolution of the problem to the student's satisfaction, the student may lodge a formal complaint. Any formal complaint must be made in writing and be addressed to the Head of Student Relations. The written statement must outline clearly the student's concerns. A formal complaint may be submitted directly by the person concerned, or by AuSM on behalf of the student. The Head of Student Relations will investigate the complaint and reply in writing to the student concerned.

1 Dissatisfaction with respect to an academic assessment is *not* treated as a complaint. Refer to Part 5: Section 6, and Part 6: Sections 1 and 2, General Academic Regulations regarding reconsideration of assessments and appeals against results on pages 107, 109 and 110. Students may however lodge a formal complaint under these procedures if they consider that some part of the academic appeal process has been unfair or disadvantageous.

2 Further advice and assistance in resolving any issues and who to contact can be obtained from Student Relations ([studentrelations@aut.ac.nz](mailto:studentrelations@aut.ac.nz))

3 AuSM can also provide assistance and are able to represent students on any step along the way ([advocacy@aut.ac.nz](mailto:advocacy@aut.ac.nz)).

# CHILDREN ON CAMPUS POLICY

Children of staff and/or students of the University are welcome on campus and are eligible to attend the University Childcare Centres. However, other University buildings have not been designed for use by children. For this reason, if children are brought into the University buildings they must be accompanied and appropriately supervised by an adult at all times. It is important that children do not interrupt learning of students and delivery of classes and lectures. Alternative arrangements for care of children should be made during lecture and class times.

## EXTRACT FROM THE PROTOCOL FOR PAYMENT AND REFUND OF FEES

## 5.3 General rules regarding fees for domestic students

## 5.3.1 Calculation of fees

- (i) All domestic students will have their fees calculated on an enrolment invoice, normally based upon the number of papers enrolled in.
- (ii) Other approved fees which are not based upon papers may be added to the enrolment invoice from time to time.
- (iii) Generally, enrolment invoices for domestic students should prescribe a payment due date which is prior to the commencement of the first class related to the papers detailed on the enrolment invoice.
- (iv) Notwithstanding (iii) above, all domestic students shall have a minimum of seven days from the date of generation of the enrolment invoice to pay the fees detailed therein.

## 5.3.2 Unpaid fees

- (i) All domestic students are required to pay the fees detailed on the enrolment invoice by the due date. Failure to do so will result in the University debtor management processes commencing which will include withdrawal of services.
- (ii) Continued non-payment of fees may result in any subsequent re-enrolment being disallowed.

## 5.3.3 Confirmation of attendance

All students intending to study beyond the specified refund period are required to confirm their attendance by either:

- paying their fees in full; or
- indicating their intention to continue study and pay their fees in full

## 5.4 General rules regarding fees for International students

## 5.4.1 New students

- (i) All International students being offered a full-time place at the University shall receive a contract document ("Offer of Place") which details the programme of study and the amount payable upon acceptance of the offer.
- (ii) The contract amount payable will normally consist of the total of the tuition fee, compulsory student services fee, the application fee and medical/travel insurance fee (if insurance arranged through AUT).
- (iii) The University reserves the right to withdraw or otherwise amend any offer made to an International student who does not accept the offer by the date specified on the contract document.
- (iv) International students are required to have paid, in full, the amount detailed on the contract document prior to commencing study at the University.

- (v) The tuition fee component of the amount payable will be calculated at the time the offer is made and will generally be equivalent to the fee for one year's normal full time study (1.0 EFTS/ 120 points). Shorter programmes (e.g. 0.5 EFTS/ 60 points) may necessitate a different amount to be charged.
- (vi) The annual tuition fee for the academic year detailed on the contract document shall be the fee used for the calculation of subsequent enrolment invoices, which shall be calculated on the basis of the total EFTS of the papers enrolled in, multiplied by the tuition fee.
- (vii) Where the fee calculated on the initial enrolment invoice is greater than that paid on the contract document, the student is required to pay the additional amount prior to commencing study.
- (viii) Where the fee calculated on the initial enrolment invoice is less than that paid on the contract document, any resultant credit balance on the student's account will be held by the University and will be applied to any subsequent enrolment within the following two years. The resultant credit balance is not available as a refund, and will be forfeit to the University if:
  - (a) the student withdraws from the programme after the refund period during the first year of enrolment, without any subsequent re-enrolment; or
  - (b) the student completes the qualification, without any subsequent re-enrolment; or
  - (c) the balance is still outstanding after two years.
- (ix) New International students are required to have a valid student visa prior to commencing study at the University.
- (x) New International students are required to have valid medical/ travel insurance seven days prior to commencing study at the University.

#### 5.4.2 Returning students

- (i) All returning International students will have their fees calculated on an enrolment invoice, based upon the number of papers enrolled in.
- (ii) Returning International students on a student visa are normally required to be studying full-time.
- (iii) Notwithstanding (ii) above any returning International student who is in their final year of study, and who can complete their qualification without the requirement for full-time study, will have their fees calculated based upon the number of papers required to complete.
- (iv) Any returning International student who has commenced their programme of study and who then elects to have a break in study of greater than one academic year, will have their enrolment invoice calculated on the basis of the current academic year's tuition fee.

- (v) Returning International students are required to have a valid student visa prior to recommencing study at the University.
- (vi) Returning International students are required to have valid medical/travel insurance seven days prior to recommencing study at the University.

#### 5.4.3 Unpaid fees

- (i) New International students are required to pay the fees detailed on the Offer of Place contract document by the specified date. Failure to do so will result in the contract being withdrawn by the University.
- (ii) All returning International students are required to pay the fees detailed on the tax invoice by the due date. Failure to do so will result in the University debtor management processes commencing which will include withdrawal of services.
- (iii) The University will advise Immigration New Zealand regarding any student who does not complete enrolment by paying their fees in full.
- (iv) Continued non-payment of fees may result in any subsequent re-enrolment being disallowed.

### 5.5 General rules regarding refunds for domestic students

#### 5.5.1 General

- (i) Any request by a student to amend their programme of study or withdraw from a programme or paper must be made in writing.
- (ii) Non-payment of fees, ceasing to attend, or verbally advising a member of staff will not be accepted as notice of amendment or withdrawal.
- (iii) The date of receipt by the faculty/school/department of the course amendment or withdrawal request will be the date used to calculate any refund that may be applicable.
- (iv) The University reserves the right to request additional supporting information before any course amendment request is considered.
- (v) Where the student's account has a credit balance which is clearly attributable to an overpayment of fees, any such balance will be refunded in full.
- (vi) Where any enrolment and/or financial transaction resulting in a credit balance on the student's account, other than those defined in clauses 5.5.1(v), 5.5.2, 5.5.3 and 5.5.4, a refund will be given less a \$20 administration charge. In the case where a credit balance is insufficient to cover the total amount of the administration charge, the administration charge will be adjusted to equal the amount of the credit balance.
- (vii) Any refund of fees requires authorisation by the Director of Student Administration or authorised delegate.

## 5.5.2 Change of class(es)

- (i) Where the student elects or is required to change a class within a paper, there will generally be no change in the fees, and therefore additional fees, refunds and administration charges do not normally apply.

- (ii) Where the student elects or is required to transfer from one paper to another resulting in additional fees:
  - (a) the student is required to pay any additional fees;
  - (b) no administration charges will be incurred.
- (iii) Where the student elects to transfer from one paper to another resulting in a credit balance on the student's account, a refund will be given less a \$10 per paper administration charge. In the case where a credit balance is insufficient to cover the total amount of the administration charge(s), the administration charge will be adjusted to equal the amount of the credit balance.
- (iv) Where the student is required by the University to change a class within a paper resulting in a credit balance on the student's account, a refund will be given and no administration charges will be applicable.

## 5.5.4 Cancellation or withdrawal from paper(s)/programme of study

- (i) For the purposes of calculating any refund that may be due, each paper will be assessed individually and any refund calculated based upon the first class start date for that paper.
- (ii) Where the student elects to cancel or withdraw from individual papers or their whole programme of study, the following rules apply:

Date Of Course Amendment Request	Enrolment Status	Refund Due	EFTS Consumption	Academic Result

- (a) At the conclusion of a mediation the mediator will complete a mediation report.
- (b) A mediation report will include the following information:

- (c) All parties and the mediator must sign the mediation report.

- 10.5 A copy of the report shall be given to the parties and the Vice-Chancellor. - 10.6 Where the parties agree, other related persons involved will be given a copy of the mediation report by the Vice-Chancellor. The purpose of the Vice-Chancellor providing a copy of the report to the other person/s is so that these people can provide practical support to parties to help them implement their settlement agreement or resolve outstanding issues.
- 10.7 All these persons must keep the contents of this report confidential, unless the parties agree otherwise. Any agreement to provide a copy of the report to other persons is to be recorded by the mediator.

## **11 Discipline Committee – the people**

- 11.1 A Discipline Committee shall be composed of three persons as follows:
  - (a) a nominee of AuSM;
  - (b) a legal advisor nominated by the Vice-Chancellor;
  - (c) a nominee of the Academic Board
- 11.2 The Vice-Chancellor shall appoint the Chair of the Committee from amongst its members.
- 11.3 The Administrative Secretary may receive and formulate any complaints referred to the Discipline Committee by the Vice-Chancellor.
- 11.4 The Vice-Chancellor shall provide the details of the complaint to the Administrative Secretary. Such details shall include outcome/s of any investigation, documents referred to and all other relevant material.
- 11.5 The role of the Discipline Committee is to assist in maintaining the good order and discipline of the University through hearing and determining all complaints and imposing appropriate penalties where there has been a breach of discipline.

## **12 The Discipline Committee – the initial process**

- 12.1 Where the Vice-Chancellor has referred a complaint to the Discipline Committee the process set out in Sections 12–14 below shall apply.
- 12.2 The Administrative Secretary shall:
  - (a) ascertain the identity of the nominees, i.e. the identity of the AuSM, Vice-Chancellor and Academic Board's nominees.
  - (b) set a date for the committee hearing – such date to be within 7 working days of the receipt of the complaint by the Discipline Committee.
  - (c) prepare a notice to the student, the complainant and the committee members containing the following:
    - (i) a statement of the complaint against the student, setting out the nature of the complaint, the facts upon which the complaint is based, reference to the particular provisions of the statute that have allegedly been breached, and the potential penalties that could be imposed;
    - (ii) date, time and place of the hearing;

- (iii) the people who will be present at the hearing;
    - (iv) the consequences of not appearing at the hearing;
    - (v) any documents or evidence relevant to the complaint including statements from witnesses and documents referred to or relied on unless it would compromise the safety of the Complainant or be against the public interest;
    - (vi) an explanation of the process that will be followed;
    - (vii) the right to representation for both parties;
    - (viii) a request that any documentary or other information to be submitted by the student be given to the Administrative Secretary at least two (2) days prior to the hearing so that it can be distributed and considered.
    - (ix) The statement in (c) (i) above should specify the matters set out so as to fully, fairly and clearly inform the student and the committee of the nature and detail of the complaint, the grounds on which it is made and the potential penalties.
  - (d) Send a copy of such notice to:
    - (i) the student
    - (ii) the committee members
    - (iii) the complainant.
  - (e) Any notice shall be deemed to have been received by the student where it has been sent to the student by registered post at their last address notified to the Academic Registry.
  - (f) In the event that further documentation is put forward, ensure that all parties (refer (d) above) have a copy as soon as possible prior to the hearing.
- 12.3 Once the matter is referred to the Discipline Committee, if there is any member whose participation in the hearing would be inappropriate for various reasons including that of conflict of interest, that member should withdraw from participation in the hearing and a new person be appointed in their place.
- 12.4 The student shall be informed, in the event that the complainant withdraws his or her complaint, whether the Discipline Committee will proceed with the hearing or not.
- 12.5 The Discipline Committee may adjourn the hearing to an alternative date:
- (a) at the request of either the student or the complainant where such request is reasonable and to continue would result in an injustice to the student or the complainant;
  - (b) to consider further or new evidence or to await the collection of further or new evidence.
- 12.6 Where the hearing is adjourned, a new date must be set at the earliest opportunity.

### 13 Discipline Committee – the procedure of the hearing

- 13.1 The Discipline Committee shall have the right to regulate its own process, provided that it does not act in a manner contrary to the principles of natural justice, or in breach of or contrary to the provisions of this statute.
- 13.2 The Discipline Committee shall not be bound by the rules of evidence and may hear any evidence presented as is just and equitable in the circumstances. All evidence considered shall be given the appropriate weight and relevance.
- 13.3 A guideline to the appropriate procedure is set out in Schedule A (refer to page 637). This is a guide only and shall not be read so strictly or narrowly as to inhibit the ability of the Disciplinary Committee to regulate its own proceedings.
- 13.4 At the conclusion of the Hearing, the Committee shall reach a decision as to whether on the balance of probabilities there has been a breach of discipline.
- 13.5 If it is decided that a breach has not been proved then the complaint shall be dismissed.
- 13.6 If it is decided that a breach/s has been proved then the Committee shall make a decision as to:
  - (a) the nature of the breach;
  - (b) the penalty to be imposed.
- 13.7 In reaching a decision it is preferable that the Committee be unanimous. If, however, that is not possible then the decision of the majority will be the decision of the Committee.
- 13.8 A decision may be delivered initially orally (at the discretion of the Committee) but shall also be notified in writing.
- 13.9 The written decision of the Discipline Committee shall set out the details of the decision itself and the reason/s for that decision.
- 13.10 A copy of the written decision shall be provided to the student, the complainant, the Vice-Chancellor, and to any other person or persons that the committee considers appropriate. Further, the Discipline Committee may, if it considers it appropriate, resolve that all or part of its decision remain confidential to the student, the complainant and the Vice-Chancellor.
- 13.11 The student and the complainant shall have the right to appeal the decision reached by the Discipline Committee in accordance with the appeal provisions set out at Section 15. They shall be notified of such right at the time the decision is sent to them.
