Georgia Drew
Special Events Intern, PUBLIC
Restaurant, New York
Bachelor of Arts in Event Management

"I've always loved making people happy and providing them with a great experience. It started with planning parties when I was in high school, and I soon decided to pursue event management as a career. At AUT, I really enjoyed that we were always encouraged to get experience while studying. I think that makes me stand from other people when applying for jobs. In my third year, I was involved in event management for the biggest music festival in New Zealand, Rhythm & Vines. I worked with an amazing team, gained a lot of experience and it was so much fun. After graduating at the end of last year, I'm now managing events for New York's high-profile PUBLIC Restaurant. I got this sought-after internship through the AUT Internz International Scholarship Programme. I like how every event is different and you meet some awesome people along the way."

Do you enjoy learning about people and places at an individual, national or international level? Want to learn how to use this knowledge to make a difference in our increasingly globalised society? With the AUT Bachelor of Arts you can choose from 19 majors in areas as diverse as languages, criminology, psychology, event management, culinary arts and education. It's great preparation for a huge range of careers, and you can build your degree in a way that suits you – study a single or a double major, select from a wide range of minors or add elective papers from another area of study. Throughout your study you'll develop effective communication, critical thinking and analysis skills, as well as the ability to research and present professionally. These skills are key to any professional role. Your final year includes valuable workplace experience, working on a project or event, or at an organisation related to your chosen major.

What this qualification covers

Year 1 & 2

You can take core papers depending on your major, including academic communication, culture and society, and knowledge and inquiry, along with your major(s) and minor papers.

Year 3

Your final semester includes valuable workplace experience, working on a project/event or at an organisation related to your major. In Year 3, you also study any remaining major or minor papers as well as electives.

Double your career options – study the Bachelor of Arts and:

- Bachelor of Business (conjoint)
- Bachelor of Computer and Information Sciences (conjoint)
- Bachelor of Laws (double degrees)

Today, standing out from the crowd is more important than ever. Conjoint programmes, double degrees and second majors double your knowledge and opportunities, but don't take double the time to complete.

Conjoint programmes

You can study two degrees at the same time in a single programme of study. It's usually possible to complete two three-year degrees in four to five years. You need to maintain a B grade average across all papers and do papers from each degree every year.

Double degrees

The difference between double degrees and conjoint programmes is that in the double degrees you apply for and enrol separately in each of the two degrees. If you're considering doing this, it's important that you contact AUT to discuss your plans. Double degrees can be completed either one after the other or concurrently.

Second majors and minors

When you take a second major from the majors available in your degree this is called a double major. If you take the second major from another AUT degree this is called an additional major.

Minors are also available in these and some other subjects. Adding a second major or a minor allows you to study another area that interests you from a wide range of subjects, so long as your timetable permits.

AUT encourages early application. Places are limited.

Mackenzie Bennett

3rd-year student, Bachelor of Arts in Culinary Arts and Bachelor of Business in Accounting conjoint programmes

"My dream is to have a restaurant in the South Island, somewhere where you produce your own food, and support the people and community around you. I feel that studying the Bachelor of Arts in Culinary Arts and Bachelor of Business gives me a well-rounded view of the hospitality industry and business principles, and a solid grounding for my future career. I love that AUT is a contemporary university, with so many places to meet up with people. I enjoy the interactive classes where you can ask questions and exchange ideas with your classmates and lecturers. I also like that we cover a lot of different techniques – including sauces, bread-making and working with different kinds of meat – as well as topics like gastronomy, sustainability and nutrition."

Hugo Hughes

Intern, Residential Dining
Enterprises, Stanford University,
San Francisco
Bachelor of Arts in Culinary Arts

"I was a vegetarian when I started at AUT and became vegan in my second year. I was passionate about food, but realised I needed to express myself fully and learn as a specialist vegan chef. For the final three semesters of my degree, I was able to be vegan in and out of classes, and adapt each recipe with a vegan lens. I wanted to compete with my classmates to make the most delicious meal in the class and be a top chef.

"I graduated last year, and this year I'm travelling to San Francisco to intern at Stanford University through the AUT Internz International Scholarship Programme. It's an amazing opportunity to work and travel in America in a fast-paced environment directly after graduating. Stanford University is known for its innovation, and focus on sustainability and social impact. It holds the title of most vegan-friendly campus in the USA, and I feel it's the perfect place for me to continue learning and working abroad.

"I have AUT to thank for so much! AUT is the university for the changing world because it focuses on finding your fit in the world. It provided me with the forum to talk with other environmentalists about veganism, and enabled me to learn in culinary class while supporting my ethics."

Kirsty O'Leary

Sales and Event Executive,
Urban Gourmet
Bachelor of Arts in Event
Management

"I had always been interested in events, and AUT's Bachelor of Arts in Event Management appealed to me because it covered a diverse range of areas, including marketing, PR, hospitality, advertising, accounting, tourism and of course event management. The wide scope of the degree helped me decide which area I wanted to focus on, which for me was event planning and design. I would highly recommend AUT to others wanting to start a career in event management. I'm very passionate about each and every event I work on. No two events are the same, and I love that I get to express my creativity and flair."

Employer comment

"Kirsty had the right personality and the experience in co-ordinating events we were seeking, and seemed keen to move into the sales side of the business. We needed someone who could organise a range of hospitality events, and who had attention to detail, great people skills, the ability to multi-task and work under pressure, and an understanding of our fine food and service philosophy. "Home for me is Matakana, where I grew up in a lifestyle of nature, ocean and community; in a growing region of wine and food. This has given me many work and life experiences, and built my confidence and passion for the hospitality industry. The joy and happiness I felt from this gave me the passion to work within the food and wine industry. AUT's degree was recommended by my school career advisors as one of the best hospitality courses. I attended the open evening with my mum, where I found the lecturers to be very approachable, knowledgeable and realistic in their discussion of what I would learn. Today, standing out from the crowd is more important than ever. Conjoint programmes and second majors double your knowledge and opportunities, but don't take double the time to complete.

Conjoint programme

You study two degrees at the same time in a single programme of study. It's possible to complete two three-year degrees in four to five years. You need to maintain a B grade average across all papers and do papers from each degree every year.

Second majors and minors

When you take a second major from the majors available in your degree this is called a double major. If you take the second major from another AUT degree this is called an additional major.

Minors are also available in these and some other subjects. Adding a second major or a minor allows you to study another area that interests you from a wide range of subjects, so long as your timetable permits.

AUT encourages early application. Places are limited.

Renei Day

Human Resources Coordinator,
Fullers Group Ltd
Bachelor of International Hospitality
Management in Human Resource
Management

"I was attracted by AUT's hospitality degree because I felt it would give me more opportunities in the workforce. I had heard that the degree includes workplace experience and brings real-life examples into the classroom, and I knew this could only be beneficial for my learning and development. I was also attracted by the interactive classes and the opportunity for more one on one time in the classroom. Throughout my studies I became particularly interested in the human resources side of hospitality, as I have a passion for employee welfare. I could see this would lead to a challenging and interesting career. One of the highlights for me was how supportive and caring the lecturers were. You have more one on one time with them, which helps you develop a better understanding of the hospitality industry."

Sharon Malloy

Front Office Supervisor,
The Broadmoor,
Colorado Springs, USA
Bachelor of International Hospitality
Management in Accommodation

"Through the AUT Internz programme I was awarded a 12-month scholarship to take up a position at luxury hotel The Broadmoor in Colorado Springs. It's one of the most daring and life-changing decisions I've made in my life.

"My position at the hotel is in the front office department. I started as a rooms agent, and was promoted to the role of front office supervisor. Being able to work internationally and experience another culture while expanding my hospitality skills and résumé has grown my confidence, and deepened my understanding of the hospitality industry on a much wider level.

"My time at AUT prepared me well for my current role. AUT has taught me about critical thinking, adaptability and effective time management. I've been able to apply all of these skills during my time at The Broadmoor.

"I've always dreamt of owning my own hotel one day, and I chose to study at AUT because I knew it would set me up well for my future career. AUT is well known in New Zealand and on a global scale. It's a privilege to hold a degree from a university that is innovative, student focused and known for producing world-class contributing citizens."

Ashley Kirkness

3rd-year student, Bachelor of International Hospitality Management in Event Management and Marketing

"If you're interested in events and hospitality, the Bachelor of International Hospitality Management is a great programme to choose. I've always wanted a career in event management, and originally enrolled in a Bachelor of Arts in Event Management. But I soon realised the close links between events and hospitality, and decided I wanted to learn more about the other components of the hospitality industry. That's why I enrolled in the Bachelor of International Hospitality Management.

"I would definitely recommend this programme to anyone wanting to get a full overview of how the hospitality industry works. Your first year gives you a good understanding how the different areas within hospitality run, and how they all work together. The connections I've made during my studies are my most valued treasures, and I don't think I would be where I am today if it wasn't for their support and guidance during my journey so far. They've all had a big influence on my life.

"Experience is highly valued by employers, and as a student it can be hard to gain that experience. I feel AUT prepares students for the workforce and makes them feel career-ready by ensuring students have workplace experience during their studies."

Roy Assadi

Food and Beverage Manager,
InterContinental Wellington
Bachelor of International Hospitality
Management

"I truly appreciated the expertise my AUT lecturers had – they had worked in the hospitality industry themselves and could provide us with great industry insights. My favourite papers at AUT were wine studies, accounting and marketing. These are all highly relevant to my career now. My role involves working alongside the hospitality team to ensure that everything is running smoothly in the restaurants, lobby bar, banquet room and club lounge. I love the leadership aspect and the fulfilment of seeing junior staff progress in their careers. We learn so much from each other, and it's a great company to work for."

Employer comment

"Food and beverage managers must have an in-depth knowledge of food and beverage operations, and they need to have expertise with budgeting, controlling wage costs, motivating staff and negotiating with suppliers. Roy ticks all these boxes, but what really sets him apart is his passion. Food and beverage is a way of life for him. He does so much outside his day-to-day work, such as judging the Metro Wine Awards and assisting industry colleagues. On his holidays he stays and dines in world-class hotels and restaurants, taking notes and photos so that he can share ideas when he gets back."

Nick Jones

Bachelor of International Hospitality Management in Human Resource Management and Marketing

"My skills from the international hospitality degree have assisted me in launching my international career in hospitality. My first role after graduating was at the Walt Disney World Resort in Florida, and I then worked as a business development manager at Corporate Traveller UK.

"My current role entails partnering with corporate companies to understand their travel needs. "I had always wanted to contribute to the sustainable development of tourism in the Cook Islands. That was a key reason why I decided to study international tourism management. I've certainly achieved this goal with my role at the Cook Islands Tourism Corporation. As part of my role, I'm involved in various community initiatives, dealing with stakeholders from the public and private sector, and attending consultations for strategies and plans. Tia Nuon

Payroll Administrator, Accor Hotels Group
Bachelor of International Tourism
Management

"I chose AUT because of its excellent reputation, and I had heard a lot of stories of former AUT students who are now very successful in their careers. I could see that AUT would be a good fit for me and a great first step on a good career path. One of the highlights for me was the workplace experience I completed in my last semester. I spent 40 hours a week at Pullman Auckland as a human resources administrator. It was an amazing opportunity to develop my skills in the one of the world's biggest hotel groups, Accor Hotels. Noriel Wong

Travel Expert, STA Travel
Bachelor of International Tourism
Management

"I love my job! Every single day of the week is different – it's a great career if you're looking for variety. You definitely have to be prepared and proactive, but it's worth it when you see your customer all excited to go on their big OE or trip around the world.

"There's a lot more to it than what you see in store. I help customers construct their itinerary, and liaise with airlines and other service providers, look after itinerary changes, and make sure my customers are safe during their holiday. We care a lot about our customers – it's about asking the right questions and focusing on what the customer wants and needs. I love this problem solving part of my job.

"The skills I learned at AUT are hard not to use in my job – from an understanding of the tourism industry and customer service to the ability to use global distribution systems like Amadeus and having the knowledge of the construction of air tickets because of IATA. These skills are all very advantageous in my career.

"Meeting great people who are now my life-long friends was definitely one of the highlights of my time at AUT. The culture is really diverse, and people were always social. We were like a big family, and still are."

Hilary Wroe

Pastry Chef, The Musket Room,
New York

Diploma in Pâtisserie

Certificate in Practical Pâtisserie

"I work in the pastry section at Michelin-starred restaurant The Musket Room. It's my job to make the bread, which includes baking, making and rolling sourdough, brioche and Vogels-style bread. Other prep includes making curds, meringues, sauces, gels, sorbets, and I also help run the dessert section during service. I love working here as the quality of food is so high. Nothing goes on the plate unless it's perfect. Everyone is trying their hardest to create and put up food they're proud of. I believe the skills I learned at AUT helped me a lot. I can complete tasks with confidence, and can share my ideas and opinions on the creation of dishes because we learned so many different techniques and skills. AUT offers a great introduction to the pâtisserie industry."

Michelle Burgess

Owner, Miki's Pâtisserie
Diploma in Pâtisserie

"Cakes and chocolate have always been things I love. I now have my own cake decorating business, Miki's Pâtisserie, where I create chocolates as well as cakes. I'm also planning to sell my creations at markets soon. In addition to running my own business, I'm also on the committee for the Franklin District cake decorating club, where I'm responsible for organising events and running demonstrations. So far this year I've run a mirror glaze class and an ice-cream drip cake demo with knowledge I learned from AUT.

"As the owner of a cake business I'm constantly having to come up with new ideas to help market my business and suit the special requests of my customers. It's an interesting job trying to develop new ideas while still sticking to a budget and timeframe. The knowledge I gained from AUT helps me better understand the products I'm working with, so I can work with them more efficiently while creating beautiful products.

"I decided to study at AUT because I wanted to learn from the best, with the best facilities and up-to-date information on the pâtisserie field. The diploma covered the different areas within pâtisserie – breads, pastry, cakes, gateaux, desserts, showpieces, chocolate and confectionery. That was extremely helpful to get a good understanding of the industry."

Damien Molloy

Co-Director, Eden Catering
Diploma in Culinary Arts

"I was 15 when I first started working in a kitchen. I thrived off the fast-paced high intensity, especially over service. As my love for food grew, it became evident that the kitchen life was for me, so I enrolled in the Diploma in Culinary Arts at AUT. What I enjoyed most about studying at AUT was our time spent in the on-campus restaurants, Four Seasons and Piko. It was a great way to get first-hand experience of working in a professional kitchen, and feeling the pressure of having paying customers waiting to be served. If you're passionate about culinary arts and the hospitality industry, you won't find a better place to study than AUT. You learn from the best because you're surrounded by lecturers who have helped mould the industry to what it is today."

Employer comment

"As Damien is the catering manager, his role is to lead his team of chefs and catering assistants. He is responsible for running the day-to-day catering operations and services of both Eden Catering as well as ASB Showgrounds' catering kitchen. He is responsible for monitoring the quality of the food and service and for making sure that his staff performs well. The most important part of the job is achieving good quality of food and maintaining high standards of hygiene and customer satisfaction. Damien does this in every way possible and is extremely efficient at his job."
