

How to Upload Documents to Arion

Log into your Arion account using your student ID number.

Select the Student Document option under the Academic Details tab

Click on Add Document, select the form type you want to upload and choose the file from your computer, and then click Upload.

You can view documents that you've uploaded or delete ones that you want to update.

Uploaded documents will be reviewed by staff and 'certified' if they meet criteria – after this point you will not be able to delete them yourself and will need to request staff to do this for you if your information changes.
