AK1037

These regulations are to be read in conjunction with all other relevant statutes and regulations, including the General Academic Statute and General Academic Regulations.

Admission

- 1 In order to be admitted to the Master of Science (Research) an applicant must have completed the following or equivalent:
 - (a) the Bachelor of Science *or*
 - (b) the Graduate Diploma in Science
- 2 An applicant must have completed 1(a) or 1(b) above with a B grade average or higher in papers at level 7 in their selected subject area for this degree.

Completion requirements

- 3 To qualify for the Master of Science (Research), a student must achieve 240 points by successfully completing the requirements in one of the structures below.
- 4 A student who is granted admission to the programme on the basis of having already completed the Postgraduate Diploma in Science or the Bachelor of Science (Honours) with a B grade average or higher must achieve 120 points by successfully completing the thesis.
- 5 A student with an average grade for the coursework papers falling below a B- prior to enrolment in the thesis may be required by the examination board to have their points reassigned to the Postgraduate Diploma in Science or the Postgraduate Certificate in Science.
- 6 A student may substitute optional papers with other relevant postgraduate papers with the approval of the programme leader.

MASTER OF SERVICE-ORIENTED COMPUTING (MSOC) REGULATIONS

AK1318

These regulations are to be read in conjunction with all other relevant statutes and regulations, including the General Academic Statute and General Academic Regulations.

Admission

- 1 In order to be admitted to the Master of Service-Oriented Computing an applicant must have completed one of the following or equivalent:
 - (a) a relevant three-year bachelor's degree *or*
 - (b) a relevant bachelor's degree with honours *or*
 - (c) a relevant postgraduate diploma
- 2 An applicant must normally have completed the admission qualification in 1 above with a B grade average or higher in papers at level 7 or above.
- 3 In exceptional circumstances an applicant who does not meet the requirements in 1 above but who has an appropriate combination of academic and professional experience may be considered for admission subject to completion of any relevant prerequisite papers.

Completion requirements

- 4 To qualify for the Master of Service-Oriented Computing,
 - (a) a student admitted under 1(a) above must achieve 180 points by successfully completing the requirements in the structure below.
 - (b) a student admitted under 1(b) and 1(c) above must achieve at least 120 points by successfully completing the compulsory requirements in the structure below.
- 5 A student may substitute up to 30 points in the elective component with papers from another postgraduate programme with the approval of the programme leader.
- 6 A student would normally be expected to achieve all coursework requirements before enrolling in the research project.
