

## AUT Business School's Top Graduates of 2011

It is my privilege to present to business and the broader community the 2011 top achieving graduates from the AUT Business School. To be chosen in this elite group, these graduates had to obtain the highest overall result in their discipline or overall in one of the AUT Business School programmes. This is no mean feat, as not only is the AUT Business School curriculum rigorous, it is also relevant, with a focus on issues and problems facing business today. This cohort of award winners represent the cream of our graduates and will be at the forefront of future leaders in the local, regional and global community. Their outstanding academic performance leaves them well placed to make a significant impact and contribution.
